Aditya Chalishazar : co-General Secretary Academic Affairs! Thank you for a very interesting tenure. It was an amazing and eventful ride, bumpy and crazy for most of the time, but really memorable. Stay in touch, dude. All the best!! :)

Usme bhi bhand karwana tha tujhe xD Teri girl problems sunte sunte 4 saal hogaye hai. And I can't even remember half their names. Except one. You know who 😂😂 I know I've been a b to you sometimes and I'm sorry for that. Tere Bina gurgaon me nahi reh pati. Na hi insti me, actually :p thanks for always picking me up and dropping me back home safe. Simba and juuhi ko milwayenge gurgaon me pakke se. Aur Mera khana khaana band Kar xD

Ameya Mittal : To an amazing tenure under you with 2 others (?) Let me summarise Varshit's life for everyone who ever reads this : Varshit is a man who you will find dead at 3 pm in his room from such a bad hangover, that he will order detox soup and promise infinite impossible things. He will not reply to any calls or messages or come to meets but if at all you are sad or unwell, he will give a call for sure. Nasha 9000 is the norm and you will find him usually dumped with his tanhai to take care of him. Open his phone and you will find messages from so many girls, you wouldnt know whom to reply. His 10 time repaired bike is in a better state than his liver. BC reply kardo :P Also, Simba is gold.

Anmol Gupta : Hi Chidhiya :P ISAA tenure was kaafi fun, with me always on your head over so many things XD Elections toh bhai sahab - legit mere time se zyada eventful ho gaye the, but I'm so glad that things got cleared eventually (still waiting for a reply to that tenure-starting mail though :P) Even though our work-fundae are quite different, I admire the way your hold people and your team together :') Those bike-riding lessons were fun lol. Never could have expected it to start like that! Thanks for letting me relive my tenure WITH the bike for one full week in final year :') Aur haan, fine bhar diya kya? :P Tapri visit pending rahi!

Aditi Mahajan : Hello Varshit. Second year was lit and I could happily get through some phases because of you(I hope you know that 🤦‍♀️). Thanks for being a super enthu (and super rich 😛) and caring friend. Thank god we went out before the whole corona episode and I wish we get a chance to finallllyyy go on that road trip some time soon😂. Stay the same funny, caring and cute friend buddy. Let's catch up soooon, too many stories pending. Loads of Love 💛

Aashay Biyani : You have always been understanding and I can't get how you managed to convene DGSC meets successfully. Those meets were the part of my tenure I liked most. Thank you and All the Best.

Sarthak Sharma : Bhai ❤ Coordie year MI wouldn't have been same without you! Tere jaisa bhai mila MI mai ❤ Thode nashe kam karde :p aur Tandon ki kahani sahi hai toh please bhaagne ka tareeka change karle xD Bike rides ke liye dhanyawad :D Thanks for always helping me out in any situation and Day 1 ke moral support ke liye forever indebted rahunga. Jald hi milte bahut din ho gaye beer piye :p

Hetvee Marviya : Varshitt , you are the closest friend I have in seniors♥ It all started with you wanting someone to continue your writer legacy:p But kya bolu, aap alag hi insaan ho. Life mein koi bhi tension ho, your solution is Madeira and Mime chalte hai and it always works. From constantly texting ‘mail daldo’ (lol) to going for brunches and knowing about your new sunshines, isaa tenure mein finally favourite ka title steal kar liya meine. Can’t deny that I have had the coolest GSAA ever! And delhi👈🆖 seeing your hidden dance talents to sending drunk texts for you, it was super fun. PS: aap pakka adopted nai ho na :p Tbh, I will really miss you, you always have my back :)

Aniket Ranade : Hi chutiye, tujhe sayyad humne gaali deke hi bohot badnam kar diya. itna bura bhi tu hai nahi. mast aadmi hai yaar infi bakchodi kari hai. Thanks for all the memories. yaadon mai rakhna aur milte rehena!

Mrigi Munjal : Hello! Thanks for teaching people around you that fun is important and life shouldn't be taken half as seriously as people usually do. You've got a unique working style haha Thanks for being so wonderful to us and reading a totally incoherent string of sentences
