Arpit Kedia : Hostel ka sabse busy aadmi! Freshie year mein itne sincere bande se kaha midsem miss karne waala ban gaya :P. Tere saath ho toh main entertain ho hi jaata tha kisi tarah, par support bhi utna hi karta hai tu. Tera core ka passion dekhke juniors ko sikhna chahiye. Racing ka dedication toh kisi mein nahi dekha aisa, lol ab tere bina kya karege woh log? Tu clear-minded hai, and bahut hi zyada approachable - Logon ki problems actually sunta hai tu. Exam ke 2-3 ghante pehle tak teko syllabus bhi pura nahi pata rehta tha, phir bhi kuch kar hi leta tha xD. I'll miss our discussions, treats, games, everything. Aage bhi itna dedication rakhna, koi luck ki zarurat nahi teko. Keep in touch, milte hai!

Kesha Tamakuwala : Vinayaak! I love how you are always smiling and the energy you bring is sooo amazing! Hamesha har chiz ke lie enthu me rehta tha tu it was so much fun to work together, placements time pe thoda sa catch up karke accha laga :D, All the best for all the great things you are going to do and yaad kr lia kar kabhii!

Animesh Singh : One of the most sincere banda in freshman year to record setting midsem missing launda Bhai teri personality mein toh kya change hua. Infrared se seedha ultraviolet xD But you remained an honest friend who can always be relied upon. Abhi toh saath mein hi hai. Milte rahenge

Viral Shah : Vinayak brooo !!! So good to have you in the Core Team. Tumhare bina naa ho paata. You always had a very pragmatic approach whenever we discussed any topic. I have learnt a lot from your attitude to solve problems and you approach in life. I am really sorry if I had been harsh sometimes. Apart from racing MI was one of the best times we spent together, Obviously the credit goes to Ankur... the purpose of getting "new friend" may/may not be fulfilled but our friendship surely strengthened. All the best bro... GRE toh de diya hai, apping karke aaja US fir...

Vedarth Choksi : Vinayak! Tujhe first year me itna acad-centric se leke final year me midsems miss karte dekha hai 😂. Infact, EN 301 ke quiz aur assignments bhi last moment maine tereko yaad dilaya hai. Apan harr lab me partners the and 30 mins pehle lab manual padhne baithte the sath me 😂. Idk how but apna khaane jaane ka time bhi same rehta tha baaki koi aye na aye I knew tu toh pakka ayega. Also, I know tune kitna miss kiya hai humare se hangout karna kaam ke chakkar me but you got to do what you got to do! Hum waise bhi tp hi karte the 😊. In the end tune kaafi growth kiya hai 4 years me. Aur aage bhi bohot zyada productive aur hard working rahega zindagi me! 😊🔥

Yash Shrivardhankar : Vinayak! The composites gwad of team! Hats off to your contribution man, insane. Tu naa hota toh wahi aluminium ka dubba banana padta! You've proven that whatever you do, you do it with all your heart, bhale hi kitna bhi rona pade xD. Tera bholapan bhaa jaata hai kabhi kabhi, don't lose that! Take care man and stay in touch!

Siddham Jain : Hi bhai! Abhijeet ke through tere se first year me Mila and dosti hui apni. Bahut humble and simple Banda he Tu. Itna dhang se baat karne wale insti me bahut kam he. Baddy partner he tu. Life me Kabhi mile toh jarur se baddy khelenge. All the best for future!

Anupradiksha Rajan : Tu mera bhai jaise dikhta tha freshie year me, finally got to tell you this in final year. Racing senti, cheerful aur vo poc ke day1 pe sir ke why are you scolding him par, 'otherwise I will have to sit' bolke stool pe baithna, although meri udi thi, lekin chalta hai. Hope intern me hi apun itne achhe dost bane hote, to mai tujhe hi pakadke hamesha chai peene leke jati. Mujhe pata hai mai bahut irritating hu, lekin sehne ke liye <3.

Aman Singhal : God, Sanskari, humare group ka buddha kitne naam diye hain tujhe. Tujhe bigaad to diya hi hai humne. Tere jitna kaam ke liye dedication to kisi me nahi dekha bhai, finally ab Racing ka bhoot utar jayega tere sar se. Tera mere room me khana dhundhte hue aana aur back hand practice yaad rahega. Tujhe pata tha me mess me dinner karne nahi aaunga, fir bhi humesha poochta tha. Thanks for checking up on me. Tu kaafi down to earth hai. Tu reviews me humesha Chii deta hai kyunki you always see a room for improvement. Teri bina reason ke GPL lene me bohot maza aata tha. Travel loving banda hai tu, I am glad ki tu intern ke time bhi Bangalore me hi tha aur ab bhi saath hi hain, machayenge wahan.

Rahul Manglik : Always happy always hardworking. Now that you'll be working and be the boss of some people, I hope you learn to get angry and scold. Actually no, don't.

Atharv Nandapurkar : Vinayak God. Bhai next level senti hai tu Racing ke lie. Dude, you always strive for perfection. Aisi quality kisime bhi ho toh usko aur kya hi chahie life mein. Tujhe humesha exercise ka enthu hoga but phir bhi buddha hai tu :p Tere critics and reviews, bahut help hoti hai unki, & I am sure, future mein bhi kuch imp chize mein terese jaroor verify karwaunga. A person who is extremely helpful in all circumstances, always down to earth, who literally cares for others. Tujhe sachme Good Luck ki need nhi hai, bass humesha aapka ashirvad humare saath rakhna. Bhosdk, kab aaega tu trip pe, kaafi adventurous sports bhi khelne hai. Time nikalo kabhi idhar, humesha Juhu nhi hoga. & good luck for that :

Namya Bagree : The most hardworking guy in the team! Was an awesome experience working with so much resin with you! Saath mein naukri lagi, kya pata kya hoga next humare liye iss situation mein 😂 Not sure if you'd get this but Deadpool 2 was an amazing movie (and day) 😊

Ganesh Chelluboyina : Yo Vinayak! My fellow traveler with (almost) the same name, so many people have cracked Godly puns about us together, I've lost track. I'll never forget those Racing days, and your undying enthu for anything under the sun that had "composites" in it. You have never, ever not helped me when I asked for it, and I am so touched by your humble and helping nature. I fondly recall the study sessions we had with together with Vedarth. Jaguar has really struck gold with you. I wish we could meet again soon. All the very best!♥

Mufaddal Bhanpurawala : Your average height and lean stature always put me at an ease since I have been living in the fear of the day you decide to punch me. Bhai tune bohot sahaa hai tune mujhe and I have always kept relying on you from tooth paste to the last minute exam prep. I won't be surprised if you still keep working for IITB Racing after we graduate.

Prafull Gupta : Most caring senior I have met so far. Wo aapka tokna jab bhi hum aur Rishanth larte the and itni baar treat mange par bhi treat nahi dena yaad ayega but atleast jaane se pahale treat de degeyega. Thanku for all your support and all the best for your future endeavours.

Rishabh . : Vinayak I'll forever miss those cheerful greeting we exchange in our hostel! You are a really humble and knowledgeable person. You were the best teacher in racing for me and I would always love the amazing way you explained me all the technical processes related to racing and composites! Stay awesome and all the best for future and stay in touch!

Shashank Kumar Sahu : Photu khench bro... Naak behta hua ek irresponsible JDE. Naak behna constant hai abhi bhi 😊 but now I know you as a very responsible, dedicated and hardworking CTM jisne DE tenure sabse zyada machaya. Resin infusion ko ManPro ka project banane k idea k liye, you're wc. Perfect partner hai be tu har aspect me. KDoM ka project, chassis welding k time ka wo restless hafta, MI me machana. I can go on forever. Itna bhola hai tu, dil ka accha hai, har chez samjhata hai. Lab se H2 jana, roz tere sath lambi discussions yaad aaengi be 😊. Thanks for understanding jab life sucked. Teri advice and consolation bahut helpful thi. Senti ho gya ye sab likhke :'(Agle saal m JLR aa rha phir infi machenge

Ahsan Aslam : I'll never forget your laugh...it rings in my mind just by reading your name.It's always there when you talk and hasn't changed a bit.But when you start to work,you turn into a focused person with all the determination to find an answer.I feel that alone will take you to great heights.Yet you are so humble,calm and friendly.Thanks for all the memories in first year.I will definitely be keeping in touch.

Mehta Meet Amitkumar : Yo hamare pyare CMO sir. Kaafi memorable nightouts and intense discussions hue hai apne and kafi enhance ki hai aapne hamri efficiency. kafi yaade hai Ahmedabad trip ke and also from rest of the tenure. Sorry, for all those DT and thank you for helping out in so many things even accads.

Aman Kumar : Vinayak is really a helpful guy. He's one year senior to me and I have never realised that due to the frank nature of him. He has always a clear vision in his mind regarding the project. He was my Activity Associate during freshie year and CTM during my IIT Bombay Racing Design engineer tenure. He was always helping whenever I used not sure of anything. He's always calm and down to earth and ready to help. He has an important role in my insti life. He is altogether different from other guys in IITB whom I have met and one can verify this by their own. All the best for future!!!!
