**Ananya Sarangi :** Bitsian.....woh intro toh mein use hi nahi karti tere liye. tu toh hai mid night lab partner. par tu baad mein dhoka de diya. hope karti hun future mein mast mast gaana banayenge rather than being out of contact. mera kheti toh tere pe hi dependent hai guruji. jab bhi koi mujhe ruru karke pukarega teri hi yaad ayegi. aur please bakwas pjs like kissme chocolate please bolna maat. meri sincere wali binati hai. Hai toh tera future bright, tujhe best of luck for future bolke mujhe sarminda nahi hone. Par phir milenge chalte chalte. Turbine ko yaad rakhna

**Satish Dulla :** Mukku! what a man you are. Soo cool and gentle. Our teacher for MS Word. Bahut kuch seekh sakthe thujse. Frankly speaking, I was unaware of your talent till second year. But in second year, I enjoyed ur company a lot. May be because of common guide baku, common enemy sri samy and so on. Lekin vo auto punch wale jokes jyada math sunana. Atleast dusro ka feelings ko samajkar joke maarna. Because of the times, it took some time for me to understand. I wish you all the success, peace of mind and satisfaction in your future.

**Gagan Gautam :** I searched your profile and finally got it. We get close very late but I don't regret for that because though late, I got to know about many things like the small interventions you have made back at home, your interest on agriculture activities. And our discussion about agriculture and the future. I wish to visit your hometown for having real experience of what you have shared.

**Swagatika Priyambada :** You are super talented, passionate and skillful. Be it excel sheets or CTARA website or bio gas digester, your work shines. Always follow you heart and it will take you to the right places. Take care and all the best!
