**Radhika Tibrewala :** Sooo, what do I write about you. Right from the first day when i interacted with you in the Coordie interview to our last beer outing, i still find you wierd, dumb, stupid, but the only thing i really really love about you is that you are yourself, ALWAYS. You are zero fake and thats what makes a Kabir Tandon. I also know that you are super caring and will be there even when no one else would be my side. I also know ki tu treats bhi mujhse hi leta rahega even if you can buy yourself one. From our wierd nicknames on messenger to all the secrets you weren't supposed to tell me still you told, from all the hand overs and serious meetings, I will miss you being around. Stay in touch! Lots of love

**Puneet Kaur :** Hi Tandon! Bahut baar gaali di hai maine tujhe lab ke liye but fir realise ho gya ki kuch nhp toh isliye baad mein pyaar se rakha tujhe 😊😊 itna irritate karne ke liye, memes banane ke liye, random AF cheezein viva mein bol kar hasane ke liye shukriya lab mein maza aaya 😊 You work very hard for things you are passionate about and I really appreciate that about you ♥ Khush rehna and stay in touch!

**Kumar Saunack :** I don't know how you managed to garner collective irritation against yourself from the wing. I believe it was (still is) the debts on splitwise. No worries, you're going into a job. Hopefully, debts will be cleared and the inhibitions will be cleared up. There's also the added effect of karma that you should keep in mind. Worth trying, I say.

**Deep Karman Pal Singh :** Itna khana khaya tere room se, phir bhi coupons nahi utha paaya. Apni wing ke lit scenes sab tere room pe hi hue, milte rehna, apna "Bro" hai tu.
