I remember you texting me to tell me that i was wrong that too when we were in the same room. i acted immature at times and tumne tab bhi saath nai chhoda. Thank you for all that.

Padigapati Mallikarjuna Reddy : Hey Pankaj, I think you are one of the guys who became good friend within short time after I came to IIT. As you said, we always used to stay in Mtech lab, I watching movies and you listening songs, studying etc.. You are gifted with the singers tone. Listnening to your songs makes me think is this really Pankaj or some music artist. It contains some soothing effect. You are very good in studying and concentrating on task at hand. As I always told you, start dedicating some of your time on some sport which you like and lead healthy life. I enjoyed playing badminton with you. Don't take life too seriously. Joke around with friends and enjoy the moment. All the best for your career ahead

Shiksha Singhal : Hi Pankaj!! You are a harworking and responsible person.. Tmko koi kam dene k bad uski chinta krne ki koi zarurat nhi.. and thanks for all the notes u prepared.. helped a lot before exams.. #Bohi To
