Abhishek Datta : Ki likhi tor byapare. Yes, we had many arguments, mostly because you failed to accept things. You don't have to be perfect and know everything out there. To be really honest, I trust your decisions. There are friends who really care about you, you can count on them. I have a single request: Whenever I want I can visit your bungalow after you end up being an officer :D

Titash Baidya : Bhaai.....know you from my BSc. Unpredictable, talented and funny. You have such amazing skills in football and a very good adaptivity in any kinds of sports. A good human being, extremely studious and hardworking person and also owner of a big heart.....I won't say anything about the memes which centred around you (Congo) or something else.....but your presence always put a smile in everyone's face. I wish your success German boy.....

Nilanjan Bose : This guy has a immense capability to grasp things quickly..He can stay relaxed watching youtube videos, but when it comes to performance he will deliver at the right time..He has the guts to modify a protocol during practical courses, and is dedicated to complete it on his own..A guy who has energy to play football and win a match even after 8 hours of theory and programming courses in 2nd semester. A guy who has immense power within himself to shine in future..only that some of his powers get wasted during smacking with a chappal on our birthdays..

Ashish Kumar Choudhary : Hahahaha...That incident..I was like Ab sagar toh gaya..But overall it was a good experience😂😂. The great quality you have i think watching youtube 24 hrs... No one can beat u in this field but at the same time padhne ki baat aati hai u gave your 100% always..and the best was Bala dance that you have suggested 😊😊...You and pradip are like best friends and i wish you both will maintain this bonding ..heheh..All the best for your future😊

Harsimran Kaur : Hey Sagar. I do remember the misunderstanding that happened during that time. I was also going through some rough patch at that time. I am glad we were able to move past it. Thank you for being compassionate later on about the situation. We don't have many memories together but I have appreciated your inquisitiveness in the class. I hope you succeed and achieve great things!

Pradip Karmakar : Sagor, i dont know where should i start writing about u, tu mera source of energy hai for the past 4 years, mujhe tera taang kitchna bohoooot accha lagta hai, although u pull my leg harder than me but chalta hai esab!!! i never told u before that u are a good man too.. I sometimes made u angry but still u always helped me whenever i needed.. ek advice - never change yourself (mostly mood swings hota hai tera depending on people and place) ... always be the rkmv wala sagor baulia who was friendly, honest,amiable, responsible, brave and extremely intellegent... forest officer hole jungle me free me jane ka permission and waterfall k side me woden house banane ka permission de dena ... Al Th Bs

Rohan Kumar Parida : There is no question in this world which this boy can't give a try to answer, may it be correct or not. A guy of more like my category in case of resting inside room. A contestant with me for laziness. And I blv he can beat me.😂 But still a smart and intelligent person who can debate for long period of time without getting tired. bhai, kabhi sun bhi liya kar😄.IITB life me mene jitna weight lose kiya tune utna hi gain karliya which proves our bonding in which we exchange mass, laziness and many things. But jokes apart, U really have so much of potential that u can make a bright career with a bit of hard work. I cant forget ur unique method of study. Officer ban jana to bhul mat jaana.

Abhishek Shaw : Bau and Tau ki jodi sayad rkmv v shuruaat hui hai but ye strong hua hai iit m... you always helped me when i was in trouble....I want to beat you in badminton but i always lose...jaldi se ab forest officer ban ja...jab v m tujhse paise udhar leta hoon, tu pi to pi wapas le leta hai.. kuch v chorta nahi hai ...ye galat baat hai.. m tera itna accha dost hoon... jab tu mera lab patner tha sayad kavi v gusse m agar kuch bol dia hoon to maaf karna dost..

Sreyashi Mandal : You are intelligent and you know it. Nothing can be done about that I guess! I never had any issues hanging out with you. Tbh, I kind of enjoyed your conflicts with Pradip. It was pure entertainment! He he. Anyway, I wish you all the best for your future. Stay happy. :)

Rohit Kumar : baulia, we met in the iisc, from there i admire you the most. you are such an intelligent person and your football skills is awesome. and when you run its kind of funny to watch (bhai tere ko dekhne k chakkar mai ek goal kha gya tha) or pardip k jo tu leta hai na ksm se utna accha to koi bhi nhi le sakta... you saved my life on the trekk of bisharpur fort... you have a very strong command on ethics, culture and science...

Bhawna Bhawna : We are part of a family since day 1 of IIT and I know we will always be.. I remember those days when i used to come to Hostel 8 and you taught me maths.. You are most unpredictable personality in our class and i wanna wish you all the very best for future and m tujhe aashirwaad deti hun k teri bhot sunder girlfriend banegi.. Take care
