Tanmay Kalla : SORU bhaaii, bhaut hi sincere and disciplined banda. Nothing can beat sophie treat ka 2500 me 5 wala dialogue. Aise hi pelte rahna, machate rehna.

Abhishek Singhal : Surage bhai!! Tere sath mess mai khana khana, summers ki ladai aur wo barish wali meet hamesha yaad rahegi. Tera dedication and hard work is what makes you different from others. Aise hi machate reh aur stay in touch

Sachit Mehrotra : Apan dono ko pata hai k ek dusre ka naam sunke apan ko wo press conference wala week hi yaad aayega. Ek hafte mei jo tere saath kaam karke majja aaya tha, waisa shayad hi kisi aur k saath aaya ho. Tu ek aisa coordie tha jisne manager ko wapas khada kiya. Mess mei ek table ko commit karke har meal pe wahin baithna koi aapse seekhe _/_

Avani Mangal : Yo Surage.. tu nai hota toh bike koi nai chalane deta mujhe...full on trust ke saath bike chalwayi and then like a good teacher meri bike riding ki tareef bhi ki on Day 0 ;) Tu nai hota toh treats mein extra daruu koi nai deta yrrr.. love you for that XD (remember bartender ko chakma deke cocktail leke aya tha jo apan ne share kiya tha <3) honestly tu bahut sincere hai whenever it comes to work, hats off to you. I will just say ki optimize krio apne time ko 5th yr mein :p just the way tenure se krta aa rha hai paiso ko :p we'll keep in touch always <3

Aditya Biniwale : Bhaiii Soruu, TBH bro I did try to write a few times before this and did not post it coz my guess is I cannot express what I want to say and thank you enough through just a post that cannot exceed 700 words, it would be injustice to every bit of effort (and I literally mean effort) that you have put towards contributing to my growth. So we will just make do with the fact that the best quality/lesson I learned from you was that one should work hard and be productive and not sleep long hours XD....Jab tak mumbai mei hu milte rahenge....And 1 baar aur Suuny toh jana hi padega

Bhadri Narayanan R : Surage bro! Through all the time we spent working together, I can say that you are undoubtedly a force to reckon with. I have admired how much effort you're ready to put in, to the point that it becomes a pain in the ass when you're stuck outside in some meet but still make sure you comment changes in our group! Your "optimizations" will always be remembered along with all the delays you caused for round poster logos :P One of your biggest strengths is your patience and perseverance and I'm sure it'll take you great heights. Good luck <3

Adarsh Rathi : Surage bhai, with you, my understanding is on a different level. Loads of things I learnt from you, loads still to learn. Your changing perspective of life and your lifestyle motivates me. You always kept my spirit high during the tenure and thanks to our bond, the highest marki budget. Laughing at serious situations with you is a different feeling, the walkie talkie bakwaas, hand gestures. Worth noting is kala, who thought we could do it. I am a fan of your jokes, and the grilling beat at meets. All the memories - going to meets, summers, H4 gate, treats - let's keep the scoreboard moving here as well. Do great in life bro, and keep in touch. All the best. Always there to help - Your co
