Soham De : I hope you remember why I named you Frequency :p Coz apart from physical appearance, you eerily have a lot of things and likings common with me and you understand at the very instant when i crack a PJ or all those Khichdi references :D Laxmi and Jughead party, Lit Lukkha Weeeknds, Karaoke bhi fun tha and I had to coax you all kaafi bar but i wish we could have done more in last sem. It would have been great if I had known you earlier, would have had more time to spam your social media chats and mutual reacting each other RT comments :p P.S I still sad about missing that Katy Perry show tere saath jana even though I had found a maast offer. P.P.S hello, how are, Khaaana Khaake jaaane haaaaaa

Varun Sule : I have no idea how you've tolerated me all these years. Maybe something to do with a combination of you returning the favour of me having to tolerate you in 2nd year and your once highly reputed indomitable sense of 'team spirit' *coughs*. Well (x3) you are an embodiment of 'chill'. Keep sending fresh gossip from Delhi, I'm pre-ordering it right now.

Apurv Tiwari : I am just writing keywords nahi to ye lady of the lake se bhi lamba ho jayega :P Lit, H8, Jibi ke room mein bakchodi, crafters, LAX, bhandardara, Javihar, Devdutt ke Dalle, Galti Se Mishtake: The Original Edition, Lit lukkha, wordgames GC, Katy Dua conceiarto <3, Bolly Lukkhi Junta, Jager, headshots, stargazing, meteors, winter hexagon, Frozen II, Billie Eilish, and so on and on and on. Not mentioning your favorite PHO workers and the song you didn't listen to :P Stay happy always <3

Kumaresh Ramesh : nunca quiero decir adios pero te estas graduando (almost surely) It sucks that the only time I saw you unhappy was because of ~Varun~ me, and I promise I will make up for it sometime. Broadsheet padhte hue minor machana koi aapse seekhe, although I'm surprised you haven't gotten AP yet. From being the con applicant with the BSNL number to the guy who got me to drink Monster (:P) thanks for making the last three years awesome. Tu itna kama raha hai, ab toh ek subscription lele :P You are almost the perfect friend, and damaadam (x4)

Ishita Shah : Finally, it worked. I so knew it. Crafters whenever we meet next for sure. And even that trip that never happened :(we'll make it happen and it'll be a lot of fun, you'll see :)

Nithin Kumar : "What does sitting on opposite sides mean?" - pretty sure I annoyed you likewise by shooing away things sometimes or being eccentrically cryptic at times. So maybe we are even or at odds at this point I don't think it matters. *Inserts dog sticker* We will watch many more movies saath mai cz aur koi nahi instantaneously okay bolta or is available(hope the busy ones don't read this or read this late like always😓). This is an humble attempt at giving validation. To hopefully appreciating more things(will this also be limited?😓) Luck and Love bro<3

Sachin Tak : Chotu!! To our last four years and years to come 🍷🍷. (yahi feed mae sae copy keya hae kise ka to 😂😂). Bhai tune day 1 ke dine bola tha .. " Tu muje nahi janta me resonance ka topper hu ... photo nahi dekha paper mae". I swear Bro I swear!! Bhai naste ke yadd aage. 😓
