

GURAV ROHAN DILIP

Chemical Engineering

Yearbook
2020

Nilesh Sonune : Rohan bhau _/_ it was really nice to meet you from the good old jee days. It was great that we ended up in the same iit and though our interaction in insti was rather limited it was always fun to randomly bump into you and have those small talks. lets catch up sometime soon whenever we can ! until then stay in touch bro and best of luck for your future endeavours !!

Aniket Ranade : Are Rohan dada, Itne strong ideals ke log kam hi dekhne ko milte hai re aaj kal. Tune joh hisab rakha hai na fines ka maja aata tha bhai har meet mai maja. apni team sayyad aakhri hogi jisme accounts vala paise nikal paaya ho log se :P Asach raha re bhava.

Pavani Jeet Jignesh : Gurav tujhe yaad hai apan kaise mile the? Second year ke first class me hum dono jaldi aa gaye the (ghar se direct jo aaye the) aur waha apni friendship ki lambi shuruvat hui. Bhai bahut machaya hai apne, TF manager, acad sab. Bas thoda ab rona band kar dena

Rushabh Vora : Gurav bhau! Apan sagare ki wajah se mile and usi wajah se same design lab group me bhi the. Aap bahot kamchor ho bas dikhate ho ki kuch kiya hai but kiya kuch nhi hota actually 😂😂. That presentation jisme sagare ne tera part le liya and fir prof ne teri leli was epic!♥️😂. Randi rona bahot karta hai and sagare ke saath milke teri maarne me alag maza ata hai 🤩🤩. Aisa hi harami rehna and future me bhi aise hi machate rehna. Kahi tari kaam pan kara kadhi kadhi!!
