2020

Abhinav Jain : Aaye Haaye, the always unnoticed guy in the group! Every memory with you is a silent one, cause mera bhai apne kaam se bolta hai... I can vouch for you that I have seen no one who is so sincere at his work without an iota of ego about it. Will miss those late nights in TL when we constantly printed, assembled, redesigned the parts of snitch a week before endsems. I hope you success brooo, and don't worry I'll keep messaging you :-D

Ritik Bilala : Shreyas, 4 saal kaafi acche se gye hai, kaafi memories hai, tu to h5 ka hi ban gaya hai . Be bold, Be Brave, Best of luck for your future endeavours !!!!

Yash T Rajan : Machine Design ke group mein akela sane insaan. Kaam ke kaam time, masti ke time masti and tere comebacks although kam, but sachchi returnless hote hain. Elec minor mein FR lagne se tu aur bilala hi bachaaye hain, nahi pata aage ke courses mein kya hone waala hai mera :P Dil se kaafi saaf banda hai tu, please aise hi rehna aage bhi. All the best for your future <3

Vardhil Mehta : Shreyas. Bhai, ye banda bahut shant rehta h, apni hi dhun me mast rehta h. Itna chupchap kam karta h ki kisi ko pata bhi nahi chalta. Kabhi nahi jatata ki usne ye ye kiya h. Bahut humble and modest h tu. Hamesha hasta hua hi dikha h tu. Kafi ghume aur kafi khele h bilala k room pe bahut memories h. Yuhi hamesha haste rehna and life me machate rehna.

Mrunmayi Mungekar : "OMG, Shreyas be talking" Always the super quiet person as you are, it took some time to realize how super-smart you were...like in the entire Machine Design group the quietest guy had all the answers! SolidWorks? Ask Shreyas...Adams? Ask Shreyas! How are you so good at everything! But after all this, so damn down-to-earth...always smiling, most readily joining in random lukkha that most of us used to spent time doing! So Shreyas, aaj Psyche khele? :-P

Navnit Kumar : Me, you and Chandan = random trips. And haan Chandan BC hai thik Hai ? Insti aate rehna Shreyas.

Prashant Jorwal : Tu paida bhi aise hanste hue hua tha kya? Tujhe dekhke apne aap accha lagta hai, hansi aa jati hai chehre pe.. lecture hall se hostel tak ki bakwas sunne ke liye thanks 😊. Baaki jitna tu bolta hai utna hi likhunga. Baaki hum log lakeside chalenge kabhi to bataunga. And "Aisa hota hai" is best explanation I have ever got. 🤔❤❤❤❤

Sanit Gupta : Shreyas bhai kitna pyara banda hai tu. Mera roll number tere saath na hota toh mujhe nahi lagta ED pass kar pata main aaj tak. Sorry, uski treat aaj tak due reh gayi. Also, apne lab groups main vardhil aur solanki jaise chomu log hote the toh thank god ki tere jaisa ek banda bhi tha jisko chamakta ho. I hope you stay the same super nice and helpful person. Take care

Parth Solanki : Shreyas kumaar tere jitnaa hardworking insaan naii dekhaa bohot mehnat kartaa h be tuu. Apan to waise first year se dost h me tu vardhil Apurva bilala fisrt year me kaafi ghume and kaafi memories banaayi h saath me (tere pass hi hoge most of the pictures xD). Then last year me apan ghanto tak patte khelte rehte bilala k room me xD. At last as an advice bilala se Pune me to door hii rehnaa xD xD xD. Bas yuhi machate rehnaa aur milte rehna 😊

Naveen Kumar Yalal : "Shreyas yaar Velo ki meet karwate hai!" bhai tu sabse down to earth insaan hai yr, kitna saara gyaan hai tere andar. Akele tune controls and drivetrain ka kaam ek dum fool proof banaya hai. Tu bahut kam baat karta hai, I hope ki tu poori tarah se khhul jaaye aur ek dum bakar bakar karte rahe. Bhai kitne ghante baat karta hai tu aur kiss se? apne H9 ke grounds mein ghumte ghumte poori raat dikhta hai. Thanks for everything be, mera velo ka kaam mein bahut help kiya tune aur uske baad har common course mein assignments bhejne keliye, warna ganda kat ta bhai mera sacchi. Tu bahut accha aadmi hai aur tu bahut unda naam kamayega reh. All the best.
