Krishna Wadhvani : Naman ♥ You have done more for me than you can realize. I don't think I can ever thank you enough for everything. You are one of my closest friends and yeah we have had so many shared experiences - scuba diving, Goa, your birthdays, course teams, talks, watch parties, so many hangouts and much more. Our Joey's and Hoppipola outings in 7th semester remain among some of my treasured moments during the college stay. I have always been inspired by your approach to every aspect in life and how you are always working to improve yourself and am sure these qualities will take you places. Thank you for being such an integral part of my IIT life♥. #RaipurSchoolBoys # TennisBois # DualLipaCrazies

Kushal P Yadav : Are Naman sir! One of the most knowledgeable people I know. Kuch bhi scene ho acads me, Naman se pucho :p It's always so enlightening to talk to you. And of course the DSA course we did together :p

Ayush Dubey : Learning from peers and friends sounds cliché, but over the past years, you've made me realize the truth behind the statement. Your sheer determination, discipline and the seemingly unreachable goals you set and achieve leave me spellbound and have inspired me to emulate. Apart from this, your fun Hindi accent, your extremely funny one-liners and all of the outings I've been to (and also the ones I've missed) are among the best of things I've gained from IITB.

Shubham Punjabi : Naman bhai! I couldn't have asked for a better roommate during my Pune stay man. Apni raat ko Maths discussions (jismein you used to explain me stuff, I more like nodded 😊) se lekar infi random theories banana (remember the confession we wrote 😊). You were so focused towards your area of interest all the time which made me even more determined. Apni random mall visits and insane secrets discuss karna will always remain the highlight. All the best man, dual mein DR 1 chahiye Mujhe!

Sriganesh N : One of my first and best friends at IIT, we hit it off right from reg time on the first day at Convo. The way you bounced back after first sem is inspirational. People mistake you to be saamp, but it's far from truth (for the most part :P). You are highly empathetic and genuinely care about a lot of issues. I am amazed at the passion you have for your research projects. When you talk at length about your work at random times, you manage to kindle an interest even in noobs like me. No doubt you will do really well wherever you end up and surpass your Canada wale uncle. Tennis in last sem was a cherry on the cake. #TennisBois will cheer for u in Wimbledon 2030. PS: u punched and broke a window

Pujan Biswas : Nomon. Bhai, first year ka NASA dream apne andar jalaye rakhna. You really have the capability in you to ace it (which you already are man). First year ka bounce back mai sabko batata hoon, coz it's worth telling. Thankyou for always keeping me on my toes. It was worth it, I swear. Sherlock is incomplete without the utter brilliance of Moriarty. Let's see you in Caltech, duur jaana hai aapko to CMU chale jaayiye. Also, bhai, jo bhi hai, jaisa bhi hai, I'm just a phone call, text away! Miss me, Bisso!

Mohanish Verma : Yaar miss krunga teko. Keep texting and stay safe. Starting our journey from mini militia to hostel 9 canteen chats was really fun and I really admire your passion towards tech. Even itna machane k baad you are very down to earth and I really admire it. Keep it up bro. Stay in touch. We will meet soon brother

Nilay Pande : Hey Naman!!! yeah we got a chance to talk properly only in our fourth year but I really enjoyed our long conversations in the mess. We get along very easily man and our conversations flow very naturally. I really like your passion for research, learning new things and attitude towards life. I know you will go much ahead in life and achieve great heights. We will surely cross each other's paths in future. Cheers man!!

Atharva Khandait : Bhai, first day convo mai mile the, ekdum bhola lag raha tha. Fast forward a couple years and you're chugging Vodka on a beach in Daman xD. I guess Punjabiyo ke khun mai hota hai party karna, bas college ake bahar nikal ata hai :p. The countless trips to Laxmi, Hiranandani, Rcity, mujhe jabardasti Judwaa 2 dikhai thi tum logo ne :p, Goa ki first morning ka wo elusive shack jo wapis mila nahi :p, sab yaad rahega. Baaki to aur itni cheeze ki hai yaad ana possible nahi. Life, career, wagra ko lekar kaafi discussion kiye hai, dekhte hai actual mai kya hota hai :p. Aur dude, SchoolBoys to chalu college se hua hai, khatam to marne par hi hoga :D.

Arjun Rahar : From day 1, sharing our past stories with each other to the last day in insti asking each other " Bhai kal nikal lete hai hum bhi ghar ke lie? " We have stayed together always. From you holding my neck In first yr(😬) to you holding my back in fourth yr(😬), you have always been my well wisher. Yes, we have an year left together in Insti and yes our journey will last longer than an year together. The space provided is too small to write even a quarter of our best memories together. The guy who motivated me alot in tough times(😬) and was our forever SAANP(😬).

Abhay Jindal : The official snake of insti... From being in XLR8 together to countless outings, our slap bets, goa & daman trips , you have become one of my closest friends in insti. You have helped and motivated me so many times. Kitne false rumors spread kiye hai tune mere baare mein. Public indecency kam karde (library scandal), Alse hi papers likhte rehna and machate rehna. Hope schoolboys continue for life. #schoolboys PS - NASA pakka join karna hai

Rohan Kaushik : First year se ab tak insane change hua hai, and all for the better! Sorry for almost breaking you and Vidhan up in 3rd sem 😬. Love and respect your drive and motivation. You've been forever helpful. Aur fir baaki teri baatein aur shenanigans yearbook layak nahi 😬. Machate rehna. Baaki baatein milke. #BoboGang #TheOriginalSaamp

Vidhan Arya : Founding member of one of the most lit group in the Institute #BoboGang 🔥Naman broo, apni to history 1st day of insti se hai 😊 From just roommates to almost "not roommates" (crazy time tha wo bhi 😂) to best friends. Memorable moments ki baat kregre to blogs ke blogs bhar jayege h content itna h but yeah I enjoyed every single one of them ♥Baaki to first year Naman se current Naman 🙏 tips zarur dena itna self improvement ki 😊. Speaking of tips, never said enough of it but Thanks for being such a helpful friend to all of us 😊. And Goa ki short trip ke liye to as they say "it's the moments that count" ♥ Lastly, Boys Go International kar daalte h 😊#SchoolBoys #BoboGang 🙌🙌

Sagar Kumar Seth : Bhai ! You were probably the first person I met in the Institute and my parents still keep asking how you doin. First year was infi fun with you. From long ass discussions to our fights ! You were an awesome friend. Tera room apne wing ka masti ka adda tha. It's where I learned how to play cards. Remember our first movie night Anabelle, hopefully tu abhi bhi utna hi darta ho :P. First year was so happening thanks to you bro. Wish you loads of luck for future !

Varun Sule : Yo Naman! Measurements lab was fun man, I hope I achieve something more glorious than the wetness/ dryness sensor in my life. Tere jitne enthu log maine kam dekhe hain, at times I was in awe of how focused you are on the things you do. You've got great things in store for you, I'm sure one day you'll accomplish your dreams from that Aero dept orientation and even more, never doubt your limits. Let's go on more outings this year, main toh yehi rahunga Powai mein!
