Onkar Kanthale : Yoooo Sibbbbbbbbu 🙏🙏, Kaisa chal Raha preparation, There are very few people created by God, who always do enrich the society with love, knowledge, teachings, affection without expecting anything in return. You are one of them. I was more than fortunate that you were with me for three and half years. Really missed you in this sem. It was memorable to work upon our Model in the Disaster Risk management challenge. I always found you in the cc lab or library, even now used to open the cc lab door in a hope to see you 😂😂. I have no words to thank you for your faith in me. IAS bano, and bahot aage jao Bhai. My prayers are always for you !! Jaldi milna ha bro ❤️❤️
