Had so much fun preparing to almost every exams at 84, H-1. Those late night canteen charchas, tt, volleyball matches and laxmi trips, will chersih those forever. You are a hardcore Hard worker. Mitesh Malaiya : Bs kar, kitni coding kargea. Itni demand to aloo pyaaz ki nahi thi jitni teri dikh rahi hai software companies mein. "The guy with a backup of a backup plan" Machau banda jo shuru mein just as expected kaam karta tha, kisiko laga ye less than expected karta hai fir usne more than expected machaya. The fifth member in our 4 persons OLA 🤔. Night coder jo raat mein gaane laga ke code likhta tha. Fir subah uthke TA duty mein juniors se setting kar aata tha 😊 Yaad hain na apn tests dene jaate the subah 6-7 baje se le kr raat mein 2 baje tak tu placement tests deta tha. Internationally known specifically in USA & Nepal. Lekin aaj tak pune wala matter samajh nahi aaya 🤔 Good luck 4 future"VipinJi

Tanmay Nagar : Arey vipin tu toh apne wing ki ***** hai....chhod yaha kya zaleel karu 🤔, bro thank you so much jo bhi tareefon k pul bandhe aur han bhai apki asim kripa ki apne date ko chuna 😊👍. Bro muje aaj tak samajh nahi aaya tu kitni jagah apna katwa rha hai nepal, bhutan, bangladesh, etc 🤔. Keeping jokes aside, you keep patience while learning some new or building any skill and I appreciate that. Placement main aapne bhi boht machaya sir, c++, python k dum par ubisoft ko bhi apna deewana banaya, Finally you settled with halcon, great for your aspirations 👍. Bro ek aur baat....chhod yahan zaleel nhi karunga 🤔. All the best dude, stay in touch 😊🙌
