Himanshu Bishwash : Kap'u'r Ji, with a 'U', one of the cherished memories for me would be the day we actually had that coffee in B&B considering that it has always been a task to convince you to come out and eat. Also that bhindi and uncooked roti of H15 :P Thank you for tolerating me fulminate about each and every thing that has ever existed, patiently listening to me rant about the seeming trivial things in life. You support and encouragement has helped me stay calm in all this chaos. Thank you for believing in me and mentoring me. You have been a friend in need, always there when I needed help. Thank you for everything. PS: Never trip and fall before an interview.

Ankur Tiwari : Hello Nidhi, Per say you were the first one I knew when I came to IIT B. Though we didn't get much time to hang out... But you were always there to help at my one text... Stay blessed and happy. All the very best for future... Stay in touch 🙌👍

Ritu Singh : 1st classmate I interacted turned out to be my roommate 😊. Partners for campus exploration. "Apni chhiti(ant) meri side kyu bhej rkhi h"😂. Shaadi vala gala dinner. SIP ke projects. Pta nhi kis kis topic pe hours long discussion. Galleria vali unplanned shopping. Meri photos joh tum abhi tak mujhe nhi di ho. Laxmi next. Baith-ke-movie-dekh. Tumhara short-term memory. Me: Ander aaja, baith ja You: Nahi, andar aaugi toh jyada time lgega. Fir 3 hours tak gate pe hi khade hoke baat krna😂 Ab merko kisi or ko dhundna padega eye liner ke liye😭

Krutika Talegaonkar : Hey nidhi!!! My first interaction with you was during 2018 placements when we both were ICs for the same companies sometimes. I was amazed at the way u handled the situations and the way u talked to people. Tabhi pta lag gya tha that u were quite mature. Then remember the incident in H15 jab Maine 9th floor se kuch giraya tha and tumne 10th floor se dekhkar bola tha aage se dhyaan rakhna!! That was funny. Uske baad we shared the same wing in H11 and then har baar kisi bhi company ke piche koi bhi doubt hota tha me tumhare paas hi lekar aa jati thi!!! Saw u helping people during the placements..U are one kind of a girl and I envy u for that. I am glad I know you and best of luck for future. Keep in

Hemant Prasad : Humne sath projects krna shuru kia... usk baad kabhi piche mud kr nhi dekha. Tumhare inspiring (lekin prehistoric) lectures, scolding aur advises yaad rhengi😂. One of the coolest people I know.

Sanoj Prasad : The responsible one. Sorted and strong. Or wo dinosaur wala joke to yaad hi hoga :D. Will miss the time jb TA work k time tu m or adi ek dusre ka sahaara bane. In fact abi b wo chal hi raha h. Jo b h it is making memories for us. Ese hi aage b jeevan m responsibilities lete raho or chamakte raho :)

Vinay Maurya : Nidhi!!! Placement team ke through tumse milna hua. PO ki maggie yaad rahegi!!! Jitna bhi time spend kiya I can say you to be frank, jolly and liked your accent. Placement mein to tumhe machaya life mein bhi aise hi machate rehna. Be happy; keep smiling and be always in touch:-)

Gaganpreet Singh : highly dedicated and motivated soul . one rarely comes across such a visionary individual . whatever interaction i had with you and more during ESRI challenge , i found you not only as a robust personality bit a true jhansi ki raani when it comes to responsibilities . and bache , dont forget to call this fauji at your wedding . would love to bless the couple (IIM + IIT) deadly combination ... GOd bless JAI HIND

Utkarsh Kulshrestha : Too many things to say. I feel you've witnessed both sides of the coin. The jovial and the agitated version of me. But you never changed your behaviour towards me. Whenever I had a chat with you, it felt like all the same. You have a confident personality which will make you a spectacular corporate professional. You won't know but I stole a lot from your vocab garden, meaning ko Google kar ke :p. First year lab sessions introduced us, but you are a lot more than that. I've observed the never before mentioned troubles in your mind. You can count on me to share them, I promise I'll play the jovial guy at that point. ;) Lab mein I passed because of you only. Toh roti, boti and crazy karne ke li

Vivek Yadav : Responsible and a mature person... Confident, Kindhearted and strong.. Always ready to help... I remember our project in Biostats class, Mne kisi aur reason ki wjh se tera group join kiya tha :P, but you handled it so well aur submit krne se phle sbko bulake smjaya tune.. Your love for classical dance is awesome.. Your speaking skills are khtrnaak.. Stay rocking always.. Shaadi me bulana mt bhulna.. All the best for your future.. Take Care

Sandeepan Dhoundiyal : Talking to you was always a fun learning experience. Few people are secure enough in their coolness to take to laugh at themselves, and it made riffing with you all the more entertaining. Your patience in explaining, the most mundane and seemingly obvious things, and your open mindedness will be examples to strive towards. I will really miss sitting next to you in GIS and II lab. It really made those classes memorable, and made Utkarsh and his typing bearable. Mapp Your Way and the impromptu trip to Delhi were all the more memorable because of you. I still cannot believe you like karela, tinda and Baingan! But it makes you all the more special.

Koushik Konwar : one of the most mature person of our batch. Its really admirable how you deal with every situation in a very mature way. BNB ke birthday parties meh peri peri fries ko leke hungama yaad rahega :P . Your classical dance is really top notch, do continue it with passion. I know a bright future awaits for you and all the best for it. Shaadi meh jarur bulana ...I know its knocking at your door :P. Untill next time.....Take care .

Vivek Sharma : The way u have developed and made urself better within a short span of just 2-3 sems has been incredible.From controlling ur decibels to participating in events which u dare not do otherwise.Roller coaster se darne ke bavjud imagica me department ke sth tym spnd krna,pani se dur bhagna fir bhi Alibagh beach me hm sbke sth khelna is commendable. Wish u were in Goa too(aur kisse darti h wo pta lgta..lol).introducing ever1 to ur JOY was a cute gesture.Also taking our teasing in a sporting manner is amazing.Maturity,self confidnce,readiness to help others r ur assets to name a few.But the best part of u is the way u appreciate people. U have already achieved a lot and have lot more to achieve.

Aditya Chalishazar : Hello madam! We never really got to interact much after your term as ACC ended. But your clarity and hard work were always evident. Thank you so much for all the help. All the best for whatever is to come! Stay in touch :)

Aditya Vitthalrao Chondke : My name is Nidhi Kapoor spelled as K A P O O R se leke TA work , CC work tak . It has been a great journey. Dancing companion at every party. Jitne committee hai utne committee mein actively participate karne wali chale ACC ho ya CC ho ya PGCULT HAHA. ESRI was a nice experience going to IIT delhi and winning that pize as a team. Milte hai Bangalore mein HAHA..

Gyaneshwar Patle : simple and sorted ladki jyada kisi se koi lenden nhi bus apna kam krte rho. teri ek chij sbko yaad rhengi tera zooooooor zoooooor se intro dena 😄 and that "kapoor with double O" 😊 tumne b department k liye placement team me rhkar bahut achha kaam kiya thank for that best wishes for professional life

Aditi Mohan Sawant : Hi Nidhi! Hamari CC !! most motivated and bhar bhar ke apnaa knowledge share karne vali best senior! Goa main apko bahut miss kiya! Sabse jyda senior girls main aapse jyada connected huan and simple answer is because of your helpful nature. Aapko hi bola tha maine shayd sabse pahele firmly ki muze APC banna hai and GSoC bhi chaiye next sem main. And you were said "Agar man se puri koshish karogi to sab ho jayega" . Thank you nidhi for all your motivation. whenever i approach you with any problem u always try to help me to look all possible sides of that problem. I must say Best Senior, Best CC !! Thank you! and all the best for future endeavour.

Chetan Mahajan : thanks for all, those lab sessions of sip, great CC, and solving queries , best wishes for future..
