Shruti Iwanati : Yaad hai first year se plan bana tha shopping jane ka! final year mein pura hua :P The only bandi who is chill, cool and savage af. Wing ki Monica Geller (sab saaf sapat chahiye didi ko). Most dedicated bandi jo chill ke time sirf chill and parne ke time srf padai karegi. Room saaf rakhna maine apse hi sikha hai didi. Apke karan hi humara Wing bana <3 Apke sath clubbing karne mein alag hi mazza hai. badi yaad aayegi apki. Bhul na jana hume.

Prajwal Choudhary : How can I comprise my feelings for you only in 700 words :P You are the best gift I received from this institute. I still remember the day when I saw you for the 1st time. That time I was clueless that this girl can be so crazy and caring <3. Insync Bday was the day when we first met and after that, we both know how it goes. 1st Year days from mixed cricket to the final year day, every day has a special memory for me all because of the special person in my life that's You!. I wish whenever you open this yearbook, I will always be with you, and reading all this we both have the goosebumps and should smile looking at each other. Remember, You are the best thing that ever happened to me<3

Kavya Bhandari : Tu sach me apne wing ki raunak hai yaar. Tu room me enter hote hi kisi ki lene lagti hai aur haste haste hamara din ban jata h. I love your sense of humour and you're such a spirited person. I've had some of my best times with you and our wing. You, me, asha Rajasthani gals forever <3. Hope we stay in touch...

Karan Kothadiya : It was really great getting to know you through Aavhan. I wish I'd kept in touch with you more in the final year. All the best for the future and let's keep in touch now on :) Love, K

Aapne aur Prajjwal ne roll ma baal ke naam pe to hum kitne bacho ko apna liya tha. Thankyou for everything and All the best for your future!

Shubham Jain : Hi Chhavi, well during the institute we have mostly interacted on matters of academics and lab assignments, but i guess our lab group was same during the first year, and you would not know (atleast pretend not to know) the tussle going on between two men to have you as a friend :P. Well i remember the geology lab where we exchange the specifications of rock and mineral to complete it fast!! And recently how quick witted you have been to roast a person or talk at spot, it was fun to watch. Also, tune insti mein kaafi machaya from being the aakaar manager to the culturals. All the best for your future endeavors!! :)

Viraj Singh Parihar : Chhavi, it was great to know you through Aavhan. Bahut dedicatedly kaam kiya tune. Kaafi hardworking hai tu, stay in touch. Wish you success :)

Praveen Saran : Calculation kr li? graphs ban gye? xD. 3 saal lab reports bnate bnate nikal gye and last sem electives ke bare mai discuss krte huye! Thodi marwari bhi sikhle. Baki group pe to bakchodi chalti hi rhegi. Wish you a great life ahead!

Rucha Pasalkar : It's all better when I have you to talk to! Stay the same kuttiya you have always been! 🥰 Sending infinite love! ♥

Apan hi jaante hain apan ne kaise taise karata tha yaar woh toh, lekin i know tum nahi hote toh fir nahi hi ho pata kabhi.
