Pratanu Sarkar : Hi Rohan! Firstly I want to thank you for helping me to pass the semesters. I will remember the nights I study with you before each and every exam. Frankly I have gained little knowledge from the professors but you my friend are always there for me for help & to pass every hurdle I have confronted in the last 2 yrs. After studying for hours before exam day at somewhat 5 AM (just few hrs before exam) we started discussing "Mahabharata" and it was one hell of a experience. The heated debates we have are quite satisfying. I won't forget the sudden night trip we have after 2nd sem. The 3 PM crazy jog which ended up in Sameer Hill. It's nice meeting you Nandy. All the best for future. Stay Happy!
