Kushal Agarwal : Veeru!!!! First year mein teri gandhi si shakal dekhke laga nahi tha, yeh safar 4 saalo tak chalta rahega. But kya kare, ek arrogant insaan(:p) ki galti hume sath laa di, and then rest is history! Tere sath toh khambe khatam hote gaye hai, but yaadein banti gayi... Tera choti choti baat pe bt khana, tere ghar ke aunty ki paneer, tere sath rajat aur parag ko pareshan karna, ye silsila toh aage bhi chalta rahega... Tera US na ja pana lagta hai bhagwan ki saazish hai tujhe hum se door na karne ki!

Arnav Dewan : I have seen you work your ass off in 11th and 12th, in college and E -Cell and every time you just raise the level of how much it means to be dedicated to something. The fact that even though we didn't talk much when we should have and still had each other's back just defines what true friends are like. I know you are gonna be the ultimate gangsta in whatever you do! And I told you Linkin Park is the best!!

akash kumar : are sir. saw u many times in himank's wing in first 2 years. always thought of talking to you but kabhi baat ho nhi paayi. finally E Cell ne milaya and things have been great with you ever since! from road trips to team trips to BT in treats, everything was awesome. Hope we remain friends for long:-) and us din dinner katane ke liye sorry;-)

Shruti Iwanati : The most favorite person in the team. Loved by all. Would never disappoint anyone. Machau and maggu. I am so happy for you to join Purdue. Best of luck for your future and keep sharing the memes <3

Manasi Ghadge : I don't have too much to write, but ab aap hamare Dada ho to kuch likhna chahiye :) . I just remember summit aur summit ke pehle wale din, jab aap serious environment ko light kar dete the. 🙏 Aur baki to Aman ne aapke baare me bahut kuch bataayaa hai, hence the high regards for you. 🙏🙏

Parag Mundhada : Veeerrruu. Best pseudo co manager I could ask for! My go to person for ranting out about anyone and I think I have ranted about everyone to you 😊. Kafi fights and kafi gussaa but kafi jyada respect hai tere Lite. Purdue Jake bhulna mat merko. To the best CR + Pseudo CR team ♥

Nautatava Navlakha : One of the most trusted in my entire life. Be anything, iss penguin🐧 ke flippers are always enough to help you carry across the ocean of worries! Koi bhi 🚗 plans ho, kabhi nai nahi bola (I still envy ecell ke plans ko priority though). Imagica, civil trips(BC karne ke baad bhi!), Lonavala, Lavasa, and what not. Chemical me hone ke baad bhi mast rehna waala. Always stay the same♥. P.S: I always wonder tere sone😴 ke baad bhi tujhe sab kuch karne ka time kaha se milta hai

Rashi Gupta : I don't even know how to begin...One of the closest and most trusted friends I've ever had. My go-to person to rant about just anything, and anyone :p Thanks for making my tenure a really memorable one :)

Tanmay Garg : Veerrruuuuuu, bhai hain bhai tu 🙏 you have been my best lab partner to date :p i never imagined in my wildest dream that you would end up making a career out of chemical, but honestly speaking, amazing job bruhh. Respect!! Also, great job sucking up to all our profs and priyam as well :p TAs ko to chod deta kamine. Anyways, i hope our trash talk will continue for many years to come as I won't let you forget me everrrr and how smart I am :)

Naman Chindaliya : Fatty! It was really fun teasing you. We sat together in lectures and the only thing I remember is me watching the stupid videos in your phone during the lectures. Thanks for sharing the assignments :) and water :p. I will remember you as one of the most jolly person. I love your dank jokes. Lob you.

Umang Chhawchharia : Singla Sahab or as we know you better Gandopadhyay. Tu life mai zara tension lena kam kar. Baal jaldi safed ho jaayenge, prof banne se pehle hi dikhne lagega prof jaise. Dude honestly, the one thing I always admired about you was your commitment. Tune agar koi kaam apne zimme liya toh bas woh hona hi hai, itna confidence kaash mere paas hota. I know I annoyed you a lot and I sincerely apologize for all of it. All those team trips, parties in my wing or your room and most of all tera laziness kabhi nahi bhool paaunga. Stay in touch dude :)

Atharva Jaipurkar : Bhai 'Virupaksh' Tu bahot straight forward admi hai re 😊 Bhai itne saalo se fatfuck bol raha hu taaki tu dil pe le aur patla hojaye, par nahi bc aur mota hi horaha hai! Tune aur sahil ne infinite padhaya hai, tu nahi hota toh 3rd sem toh gaya tha mera! Apan har lab me sath the, chem lab , elac lab and Design lab! Infi bakchodiya, jhagde, chemical dept ko gaaliyan, lab me baith ke ludo! Kya lit din the woh♥ You always had my back! Be it JPMC talk, Placements, Cat! From making sure that my sleeves and watch is proper before the interview to wishing me out before cat! Thanks for everything man! Ab toh US se admit bhi agaya hai, I know ki tu mast research karega, machaega! I want to see you 'sitting in the hall of fame' 😊 Aise hi enjoy kar life ko and Take care nigga!♥

Vedarth Choksi : Veeruu! E-Cell ka youngest member but gussa alag level. Team meets pe ek stance le liye phir badalna bhari pad jata tha 😂. Wo din abhi bhi yaad hai jab teri anda bhurji me humne hath daale the aur tu plate chod ke chala gaya tha. But waise you are a super cool person to hangout with. Sath me anchoring kii thi wo bhi alag level. Ab US jake macha! You're welcome at my home anytime!

Mayank Sultania : Ganeshan sir' s tests prep at your room... bhai bhai😂😂

Jyotirmaya Mahanta : V for Veeru bhaiyaaaaa! 🌈 Tu pehle ye bata - apne eyebrows kaun kat deta hai? 🤡 Agar aapko insti k raasto pe ek gol matol aalo ka basta dikhe, jiski penguin jesi matakti hui chal ho, aur cheele hue eyebrows ho, toh wo pakka veeru hai. Kaafi admirable person, priorities - sorted, efforts - streamlined. Hamesha motivated and hard working. Kabhi ache kapde pehenega toh le chalunga tujhe Starbucks apne saath. P.S. Veere, tujhe dil mai karliya ARCHIVE maine ♥ Bas yahi dukh hai ki aapka BESTIE koi aur hai 💔

Aayushi Baheti : Yo lab mate! Na tune mujhe ecell ke pen diye na maine tujhe KD ki t-shirt 😂😂 Lab mein kya maze kiye h bhai. Pehle Raftaar mein lab karna fir udhar hi baithke Ludo khelna, humne alag level timepass kiya h. Pehle ro ro ke viva prep karna fir honesty ka bhaashan sunaake tashan mein nikalna aur khush bhi hona 😂😂 We fought a lot but you are a really nice person to be with. You won't let anyone get bored. I'll always cherish those crazy times spent with you'll. Aage bhi machaate rehna (bas rona kam) and possible huya toh chalte h bahar kabhi! 😊 Apni kripa banaye rakhna!! 😊

Sumit Singh Yadav : yo veeru you can go from happy to angry in 0.0001 second. the most memorable event with you: when you *did the unmentionable* to navoj in front of me and everyone else. to this day I am still scared to ask about your eyebrows. wish you a great future ahead.

To the best baap everrr 🍷 Mera cribbing kabhi band nai hoga, aur aapke paas aana mai band nai karungi xD Purdue jaake mazze karna, aur library ki photo jarur bhejna 😂😂

Yash Samriya : Singla Bhai! One of the most amazing people I have met in Insti! Your laziness is at another level but your dedication towards getting something done compensates for that! Tera observational humor god hai bhai! Like literally every second line pe hasi aati hai! All those ChEA canteen samosa binging, design project ranting, PR&D and Jogwar ke lecture me alag level pe mentally absent hona will be remembered! All those final minute presentations making after ES lecture together while shamelessly and noisily ranting about uselessness of DWSIM will be remembered. Stay in Touch! :)

Harshit Baranwal : Veeru Beeru Singla Sahab! Bhai aise hi haste muskurate rehna, mehnat karte rehna aur aage badhte rehna!! Aur sir bhakt toh hum hain ji aapke _/_ All the best for phd bhai!! Zindagi jaisi bhi ho mulaqat hote rahe apni!! <3

Shreyas Likhar : Since "ab tere baare me kya hi likhu" is too middle-class XD, let me start it this way. Ab tere baare me kya hi likhu (bcoz I am one, ab sab Deep to nahi ho sakte). Beeru-parkaas!!! It goes back to wo Digital wali minor ki class. Mast naamkaran kiya tha prof ne tera. Pata nahi kaise apan ne minor ke courses nikaale Mayur aur Bhamare ke saath <3. Aur wo tera "kaafi mehnat" bhara digital ka project jise dekh prof ka dil garden-garden ho gaya tha. Aur tabse hi tu kitna hard-working hai pata chala. Tandurusti ke maamle me I hope tune 100 cross kar hi liya hoga baithe baithe. First year ke padosi ke baare me aur kya bolu. Thoda weight gain karna muze sikha deta to achha hota. Good health aur pyaar

Abhi toh apan ko kitna ek saath plan karna hai, gotta nail that PhD. I believe, you are really an asset that people may not understand that they have. Your 'PhD' advisor, Bisso

Always. P.S. You still owe me an explanation, remember? I am going to haunt you till the day I get one.

Oh man, I'll never forget those thoughtful discussions we've had in the last year specially - that's when I learnt so much about you! I respect you immensely for the ceaseless grind you underwent doing those million simulations and meets with Priyam! Thanks for taking one for the team ;-) I must say your laziness is contagious, hahah, but so is your rigour and dedication once you get over it! Those chai & samosa chats at ChEA, constant BTP rants & apping discussions will be missed! Ab US me milte rahenge and I'm sure PhD me macha doge aap! All the best with everything & stay in touch! Deep Karkhanis : Veeeru bro!! Yaad hai 1st year waali south bombay trip. Tab pehli baar tujhe acche se mila tha. Saale kitna chalna pada tere wajah se gateway dekhna hai bolke. Cab kar lete lol. Woh din hai aur phir 7th sem. Infi motivate kiya ek doosre ko. Tune SOP main push nai kiya hota toh UTAustin apply hi na karta main. GRE TOEFL ki date bhi jaldi lene main bahut push kiya tune. Main akela hota toh december ki date leta.. 4th yr main kitni bakchodiyen ki bhai. Mera biggest achievement: tere liye "Wah modiji wah!!!" spoil karna. Room kitna pyaara rakhta tha tu. Par tera extension board short karke maja aaya. Bahut dedicated aadmi hai tu. PhD macha dena. Bhai ko aise hi motivate aur help karte rehna....

If you get the chance to meet freshie self again, what is that one thing you will tell him or her?

Aakhir me tere academics matter karenge; sahi soch raha hai tu, isi raste pe chalta reh. Zindagi me sab peeche choot jaayega bas yaaden reh jaayengi <3

Yearbook
2020

Bidish Ghosh : I guess around second year we must have interacted somewhat because of my post of CR; I would say I always pegged you as the studious type. Third year me when you became Ecell Manager, I was taken by surprise to say the least - it was pretty much against my understanding of you till then. Finally, 7th sem me ek fateful din we ended up having a crazy insightful conversation on the way back from Nana's office (on that note, amazing dedication to both research and cocurriculars man; hats off). I guess that completed my perception of your character arc. Dude, you're insanely industrious and kaafi wise, and I'm looking forward to picking up where we left off next we meet :D

Khidir Usama Abdul Karim : Shuru me sirf mujhe tu mota aur lazy insaan lagta tha but itne labs aur classes ke baad mujhe ab bilkul doubt nahi. Room se dept tak last year me toh bina auto ke toh dikha hi nahi. Mehnati hai tu (ek dum thoda) jo side mujhe kabhi dikha nahi sab labs aur projects me mera hi paseena(whew). On a serious note, as a team apan con artists hai kaise farzi nikaale hai EE ki lab aur woh project. Placements ki samay ke help aur motivation ke liye thanks but I care not for your nicknames and sincere request please apne jokes pe khud hasa mat kar aur thode acche maara kar.

Aniket Bhatia : Veeru jee! Kya vo RC plane vaale din the!! Kinta BT kha ke banaya tha vo mast plane!! Obviously vo tut ke mast din!! Bohot maze kiye hai yaar first year me!! Keep being the amazing positive person you are!! US jaake macha dena ;). Stay in touch :D
