Sudarsanan Rajasekaran : Have so much to say.. its difficult to put in this small word limit. Have known you from school days... From those tough days of coaching were we were so sincere and focused to the tension free and chill post-placement fourth year.. I have enjoyed your company a lot. Thanks for always being helpful and ignoring infinite mistakes I do. Your presence itself changes the environment to be cheerful and happy. Loved doing projects and assignments with you... You and Shantanu were the only people I knew in department when we joined. All the best... Aage bhi machate rahna... Bhul mat jana :)
