**Anmol Gaur :** Yo deputy leader..Though you have annoyed me during last days but don't worry I'll have my chance in Bangalore 😊. Needless to say that you are intelligent and hardworking and you do enjoy other things but you smile less often. Try to be cheerful and smile often 😊. Wishing you happiness and successful life ahead.

**Vinod G U :** Best decision i made in IITB was to reply to your roommate wanted msg. You are the most hardworking and smart person i have ever met bro. Seeing you working was the only thing keeping me on my tracks otherwise i am lazy enough to extend my mtech to complete it 🤔. All the amazing restaurants that we have gone 😊!!! All the places we have visited in mumbai. All the adventures inside iit campus. And recently all the drone flying fun 😊. I could not have asked for a better roommate or a bestie. Come to bangalore, we have so many adventures left, placement was just start of our professional life 🤔
