Shantanu Thada : Meeta!! First year se jo gaali padi hai na mujhe tujhse, woh abhi bhi yaad hai! Abhi bhi step dhang se nahi aaya mujhe Bruno Mars wala and I wont ever learn it properly so that you can keep teaching it to me and always stay in touch! I am glad that Yolo DDs happened and we all grew closer! Baaki I wish hum dance floor pe milte rahe <3. Lots of love!! <3

Mukul Jangid : Meeta maa - the constant mentor of my insti life. You were the first person in insti to whom I was able to talk freely. Right from InSync orientation till my placements you have helped me in all possible ways. Thanks a lot for everything you have done. I'm sure you will never forget our Joey's night and the legendary mole joke. We do need more parties and better pictures together. P.S. prom reh gya

Nakul D Ghatge : Yo Meeta! The first time we interacted was when you joined me in that good for nothing Project under Johnny -_- (Amey ko abhi tak gaali padti hogi). The only good thing worth talking about that summer was meeting you :) The only girl who binge watches anime (respect ++) especially Death Note being the fav of both of us. You always had that cheerful personality and a great deal of senti for dance. Really fortunate to have those little interactions among us. Infi machaao life me and yeah lets meet again around coffee shack (unusual area i know) where we always bump into each other :p

Risha Agarwal : Hello Meetaaaa 💖 From being the cult mentor to being my choreohead for Malhar, you've given me a lot of good memories and taught me a lot too. Thank you, for always appreciating the little efforts I make to express myself. Thank you for being there for your bachhas even if you have to keep your personal issues aside for it. Kafi cute dancer ho aap, aur ekdam mast chill insaan bhi :) Yaad rakhna bas. Aur sobo 2.0 karke rahenge :) 💖💖💖💖

Anmol Gupta : Hello Meeta Hassani / Courage :P I'm super glad to have met you through MI in second year, and that we got to stick together despite having so little in common - dept, group or interests. From cracking lame jokes over heights, to that memorable bike ride at night, Rainbow juice center, our Basundi rituals, mindless shopping at D-Mart and of course, some bhand incidents :P "Dil, mere!" is still the best roast XD "Yaar maine kal zyada baat karli toh aaj main kam karungi" LOL! Sad that you couldn't get a chance to dance with me in insti :P Thanks for being my favorite armrest so many times hehehe! Aur call karti rahiyo aur, kyuki text toh tujhse hoga nahi! :P

Karan Kothadiya : Despite YOLO and BMC, I barely remember interacting with you, except those chance encounters here and there before the final year. More than made up for it, huh? :D I will look back so fondly at all those case preps, outings and in general the time we spent. I really enjoyed talking to you, you're a charm! I know you won't agree to this but you know me a lot more than most people. All the best going forward! Keep in touch and know that you'll always have a good listening year to rant to. xD Cheers to BMC, books and BTs :P Love, K

Nivedya S Nambiar : Dearest Meeta Didi, it was absolutely amazing to have you as our mentor for our first year at iitb. To say that insti life is incomplete without the game nights, treats, and prep sessions that you coordinated for us would be an understatement. A huge thank you for having been there through it all and here's wishing you the best for your future!

Nishtha Sinha : I remember how even in the most heaviest of downpours you were not only willing, but also enthusiastic about showing us around the campus. Your emotional attachment towards the campus was so heartwarming! It made it much easier for me to adapt to the hostel life. Meeta, you've given us so many memories to cherish-introducing us to the insti-culture, encouraging us to attend all the good events happening around, taking us all out for a fabulous lunch! The list is really endless. My experience in IIT-B would be every ounce different if you hadn't been a part of it. And I don't want it to be any other way cause you've been a perfect mentor and a perfect friend forever. Love you loads!

Amisha Amisha : Didi.. Namaste ;). This year, it is impossible to imagine, what it'd have been without you as mentor. Ranging from racquets to acads, you had a solution to every problem. Those meetings with wingies, treats etc. made this year memorable. Thanks for being there, with us, everytime. Sorry for my poor vocabulary.. ♥

Shabnam Sahay : Thank you for being our wing's guardian angel :). From the intro session with you which helped us come out of our shells, to the insti tour which became magical even during the rain because you were our guide. I always got excited like a little kid from inside when meeting you xD. The time you stopped just to talk to me in the LHC after midsems in sem 1 and helped cheer me up really meant the world to me. And I am in complete awe of your dance and choreography prowess (just cannot stop watching the Bollywood performance xD). Thank you for the meetings, treats, and the endless support - be it academic, emotional, or anything we asked - you were always there. Will miss you a lot Didi <3

Mookund Sureka : 1. I would still say kash wo bed bugs mere room mei hue hote 2. I more shot please? (forcefully shoves down your throat) 3. No more 9 a.m. Nashta was smart move but reminder daalna kaafi kaam aane wala tha us din :P 4. I have infinite leverage over you 5. Jaldi jobs change karte hai 6. Ps: This is wayyy much better than what I intended to write :) [check pm]

Your initiations to make us comfortable in insti, lead us to deal with our problems, playing games, introducing to insti culture would always be remembered! I particularly owe you, for your kind words and support while dealing with physics chemistry courses, and comforting me! What i like the most about you, is your enthusiasm and zeal! Aakriti Aakriti : You were the one who actually prepared us for living through the insti life. I remember the first time you took us for the campus tour and you tried so hard throughout it make conversation with everyone. I loved your super practical approach in everything you explained, be it warning about some course or just encouraging us to explore more and pursue hobbies. You were like a friend we could talk to about anything especially in those wing pep talks before exams. And yes, you gave some great treats too! I would really miss having around a senior who always had our back and said - "kuch bhi pain ho, text me I'll help you out". Thank you for being there. Love you loads :)

Monu Meena : Hi Meeta Di, You are best ISMP mentor we can get. On first day when we came to campus, you came us to meet and to make us comfortable with each other despite of huge down pour at that time. Because of you we wingies get along with each other so easily. I miss those days when we all wingies gather in one room with you and play different games, talk about our personal life, problems. You always said to us to explore different things in campus. When you get to know I like playing badminton but I became careless about it, you even became strict with me. Thanks for helping us during exam times. I wish You enjoy your life to fullest and achieve what you have dreamt

Aman Malviya : Jai Meeta mata di... But still feel aa gaya thaa Dilliwaali girlfriend will be my favorite forever♥♥♥

Dhruvin Mehta : Yo Meeta! Known you since PT cell ke achche din. To say you were the life of our team 'meetings' and parties is an understatement! Aur fir BB ke class mein apni random chats ;p. You are an honest, sporting and caring person. Oh, and also an amazing dancer! Don't know where you get that endless supply of energy and liveliness from, but never let it go! Hope to bump into you from time to time!

Abhijith Krishna : Meeetss.. Yaar 700 words mein main kya bolun? Little did I know when I did freshiezza that the person sitting by the stage in the yellow tshirt would be the same one with whom I create the most memorable performance I've had... Little did I know when we roamed Sobo post Malhar that we would make a bucket-list of things to do... Little did I know when we stayed up preparing the performance that I would stay up many more nights talking about life with you. Thank you for everything: for choosing me in Malhar(due to which I got back to dancing); for being the best dance partner I could've asked for; for all those Sahu trips; the "Freshie hai kya"s; the Krishna Radhas...

Neeraj Sohani : Hey bboy hikaru, here's to starbucks, sahu juice center, chewtiyas, and all the fun we had. Thank you for everything. Stay happy and awesome wherever you are. <3 P.S. Sorry I couldn't build you a oneplus charger

Yogesh Yadav : Meeta meeta 🐼... Ek baar bc bolna, kya mast bolti h tu 😊.. lockdown ne ganda kattaya yaar😭😭.. "gurgaon nhi jana bc" and conversation between you and lava over Delhiites 🔥🔥.. baaki apna fufu wala scene ab tak bacha h 😊.. yaar apne pehle kyu nhi mile 😭😭..uff.. kya nachti h tu, chota packet bada dhamaka🔥🔥.. Stay safe, milte rehna aur machate rho gurgaon me😂👉

Aditya Kasture : Hi! Meeta, I have seen you for 7 yrs and known you for 5 yrs, with maybe a big contrast in the 2 zones XD. Tbh initially you were the one person I really looked up to in Insync being a total newbie to dancing. The confidence and enthusiasm you possessed right from the freshie year was something I envied at first. Over the initial years, we did do some events and still remember many of the practice times, most of them in Sophie year. You sure have grown into a much better dancer than me, but all these times are pretty fresh with me when all of us were young, enthusiastic and probably a bit dumb :P. Anyways, I've enjoyed being around you! Hope you keep up the enthu <3

Sakshi Kasralikar : Dearest di! We'll meet soon after this pandemic gets over. As we want to give you a huge thankful hug. Thank you di for all those fundae and for keeping us updated regarding forms(at least for me as i didn't use to go through mails daily)(+ for all the things that other wingies have mentioned) ig u must have realised what my papa told you on the very first day was absolutely wrong(about that halvi thing) Ig u r the reason that we wingies are so close to each other. last yr we couldn't celebrate ur bday together but this yr pakka we'll go to some solid place and will then enjoy like anything. Will miss u di!

Karunya Baskar : You are one hell of a fire cracker! <3
