Jasmine Lokesh K G : Avani! I almost forgot what ur second name was! That pretty much sums up our friendship :D We were never concerned about each other's private life! But mangas and animes United us! It's very rare to find a girl with whom I can discuss these stuffs.. And ur choice of movies are different from everyone else's (parasite ko to Oscar bhi mil gaya!) And u love Anne Marie too <3 Ur sleepy tone of talking will always be remembered :P Life polikya mole!

Neeraj Kumar Burugupelly : Hey Avani ! You are one of those my comrade from Kerala. Needless to say about the quite open-mindedness and friendly nature. We share similar ideologies. whenever we have lengthy discussions, it feels goods that there is some out there with similar thoughts (though we differ on some things) . Thanks for lending your camera couple of times :P and also keep honing your photography skills. All the best for your future. :)
