Your fearless attitude while asking questions to professor also led my fear to fly away. While in party or during mess time you also keep everybody engage in conversations. As a roommate I always got your support like a big brother. I remember, once you said, "Many people shy for doing good thing, we shouldn't shy or run away if it comes at doing good things". Your lost lasting debates with Rupesh, Ram always part of my entertainment. I will miss squash tournaments and your guidance. Take care. Best luck Sardar.
