Shobhna Misra : Yo! Doing the sensors project with you was a lot of fun! All those random mistakes we did (remember wrong connections, and debugging for a few hours? :P) and the random ideas we thought about... Your hardware skills are damn amazing though! Keep doing good work and let's keep discussing random stuff xD Stay in touch :D

Nilay Pande : Hey man!!! Kya bolu mai tere baare mai bhai. You have been the best roomie and hermano I could have hoped for. I still remember the first day we met. You sat beside me in the orientation and I asked the other guy next to me what's the probability my future roomie is beside me. And lo behold, you turned out to be my roommate. It was destiny. I will always remember the voracious ovenstory nights with House. We eat like complete pigs. You are one of the most mature, sensible, cool, observant and tech savvy guy I have met. Your passion for tech and your practical skills are God bhai. Thanks for bearing with me all this time. Apne aur trips, pizza and beer baaki hai. We will be in touch ofc.

Kapish Singh : Shreyas bhai!! Kaafi shant and chill aadmi hai tu...Teri hardware debugging skills god hai... Sanit Gupta : Dethe jo insi aane se pehle meri idealized image thi of insti/ engineering students, you are one of the few people who has done justice to it. Itna genuine tech enthu and curiosity, kaafi admire karta hoon main. Tere saath psychology etc pe discussions humesha enlgihtening rahi hain bahut. You also have the enviable distinction of being the only gym buddy I have ever had. Also, respect kapish successfully jhelne ke liye. And how could I forget, you are my one proper maggi bhai. Baki log samajhte nahi apan ko. Never change Dethe

Mohil Patel : Shreyas bhaiya tumhare bina to shayad he mera Tech Co., ka tenure successful nahi ho pata. Bahut maje kiya hai apan ne, PCB banai, Glider GC me paper planes udae, Vending machine ka prototype banaya, aur be bahut GC and projects kiya (Kuch me to rules ke loopholes ko be use kiya hai jitna ke liya ;)). Genuinely tumhare saath ideas discuss and build karne me maja aata hai. Kisi be din koi naya idea discuss karna ho ya project build karna ho to you are always available. Abhi be apni list me aur be bahut sare projects baki hai karna, kaas wo pure ho pate. Especially ek theremin and EMP gun to build karni thi muje :(.

Divyam Bapna : Shreyas bro, I'll miss you!! Tere jaisa enthu wala banda nahi dekha. Mujhe bhi tech ka enthu hua karta tha but I didn't bother to put in efforts. Team fortress khelna h yaar and wing ka tinder photoshoot bhi baaki h.

Sharath Chandra Ale : Bhai bhai bhai Kya aadmi hai tu? Smart and lit

Hum wingies ke Tinder profile ke liye tune abhi tak pictures nahi liye, kab lega? Jaldi le bhai, rating kam ho jayegi phir.

Sachin Tak : Bhai Deadline a gae Yearbook kae bhe... Tu kar dae yae kam mae sone ja raha hau. agar kuch help chahiye to bol dena (Not really though)
