

## SHANTANU KUMAR

Computer Science & Engineering

Yearbook  
2020

**Sudarsanan Rajasekaran :** From the coaching days to the fine days at H16 to placements in final year it was really a wonderful journey with you. It was always fun vising your wing and doing group projects. Kitna anime dekhta hai tu :).... You are so hardworking and down to earth and always ready for trying out new things. We had a lot of fun be it doing assignments together or playing baddy, cards or department trips. Always be that fun loving and tension free person. You and Karan were the only people I knew when I first came to insti. Thanks for always supporting and helping me out... Really fortunate for having known you... All the best and aage bhi machate rahna..

**Chappidi Lakshmi Narayana :** Stay in touch roomieeee! Stay the nice person you are, hehe.
