Sayan Roy : Ravi bro, I never expected your super high sense of humor, you are a total chhupa rustam. Coding bhai kya maaaast karta hai. On the placement day, I remember opening your door and asking you "are you stressed?", you replied while sitting in meditation position on your bed "Bro, Jo hoga dekha jayega". Tab se tere fan ho gaya. You deserve the job, you deserve the good life. The more I interacted with you, the more I got to know what a wonderful person you are. I really hope to be in touch with you in future.

Syed Shehbaz Ali : Likhne ke liye bohot hai. Adha ghanta hasa mai likhne se pehle. Chal idhar chor diya beizzati nahi karta, dil jo bada hai mera. Kisine kaha tha U deserve someone better. Ab tera to pata nahi par I want a better bhabhi now. Machine learning karta hai, baat man teri machine ko mere pas bhej dena bohot kuch sikhaunga usko acche se jaise ki tujhe sikhaya hai. Agar Russian ya Korean se shadi kiya to teri shadi ka kharcha mai uthaunga promise hai meri. Tune bola tha Gaadi dilaega mujhe kamane ke baad. Yaad rakhna is baat ko. You are always welcome! Thanks me Later! Your Guruji Syed Shehbaz Ali

Bharti Arora : Tere meme posts kii badii fan hu mai, although I barely know you as a person! You are that guy jo bhot hi shaanti se baithkar....sabko observe karta hai....laughing silently at stupidities around. Goodluck finding your dream kanyaa!
