**Payal Payal :** Hey Ammu!! My best friend. Cheers to five years of friendship and hope for more years to add on..... I do not easily trust people but yes I can blindly trust you... You was always and infact will be my go to person. You are the only person with whom I can share anything without any hesitation. And one thing that I like most is you always keep telling me thousands of options to pursue in life, my academic counsellor. I am very thankful to Waheguru ji for blessing me with such a kind hearted friend. Life was pretty good with you, my friend in IITB as well as in KMC. I am very happy for you that you are going for higher studies and I know you will shine everywhere. God bless you 🙏😊😊😊😊

**Aosheen Anand :** Hey Amardeep! I know we have had some differences while we were there in Indiana but then eventually things worked out in the most perfect way. Memories of Indiana University are still afresh and pristine. You're perfect epitome of a true friend. I have seen you and Payal as each other's rock during all odds. I wish you both stay same forever. You're a person with balanced attitude and a dreamchaser. Goodluck for all your endeavours. Keep growing!! 😊
