Sukanya Kudva : Hi Mrunal. Although you dont seem very active on yearbook, it would be terrible if I missed out on writing for you. You are the sweetest senior I have met. I never really felt the junior-senior gap though. Though insti culture is such that I got accustomed to addressing you as 'aap', you always felt like a close friend. I got to know you through the satellite team but I am glad we stayed in touch even after that. My fresh year summer at Satlab were full of random small talks with you. And that trek to Kalsubai is something I'll never forget. I hope we get to go on another trek sometime... Wish you good luck.:) Keep in touch♥

Kesha Tamakuwala : Mruunaaall tu bht zyaaada amazing haii. I don't know why me pehle inte saal teko acche se nahi jaanti thi but thank god we became soo cloosee and now it feels like we have been neighbours forever. Tu bht zyada independent aur strong hai, you never through tantrums like the rest of us and you are always there for me. Saath me ddp ke baare me roke kaafi accha laga. Tu bht determined hai aur tu kitnii artistic hai, hamesha hamesha inspire hoti hu. Tu life me jab bhi art share karegi me bht khush houngi dekhke hi. I hope teko life me vo sab kuch mile jo tu chahti hai and I hope hum aage bhi bht acche dost rahee, I loveee you brooo

Pragya Valay : Hi Mrunal! Pseudo wingie to wingie to room mate bhi bann gayi for some time. Bahut mast hai aap. Bahut acha laga tha tere ghar par jaakr, and aunty ke haath ka khana khakar, Then remeber hum kisi ghaat par ek mandir ghumne gaye the. Oh God, we had some deep conversations. Then wo waha ek ghadi type ki cheej ke saamne 10 selfie liye honge. Thoda aashirwaad do ki mere andar bhi art and craft jaag jaaye. Kabhi bhi kuch khane ka order karna ho toh tune mana nahi kara hai :'). I love you. Milte rahenge hum toh. Bahut kuch seekhne ko mila tujhse, bahut hi hardworking and persevering hai tu. Also, Uno me kitne patte batoregi, patte kamm karne hote hai usme :P

Harshita Verma : Hi Mrunal!!!! that's what I use to say every time I saw you in the corridor. Thank you placement time pe mujhe prep kara ne ke liye subah mere saath H-16 jaane ke liye infi neend mein :P mujhse zada struggle toh tum logo ka tha :P and I still remember you me n Dodal going to H-16 when the job lagne ka news got us :P Also tu bahot awesome art work karti thanks for taking our tutorials :P and it was fun raat mein tere room mein maggi maker mein maggi bana ke khana :P I have a request office life mein apna art work karna band maat karna keep on creating beautiful things <3

Gaurav Chaudhari : Uno. You are so amazing and machau in life, thoda uno me bhi try karle :P. I don't know, you bring somewhat a sense of stability in this chaotic world. Be like that forever!

Riya Singh : Hi Mrunal... you are the sweetest senior in insti. I remember I had no place to stay in 1st year summers and you invited me to stay with you even when we hardly knew each-other at the time and your roommate disliked it. Even during my second semester you always approached and talked to me and I owe my AA in ED to you. You were the only senior in satlab with whom I feel close in 2017. You are a very hardworking and sincere person. I remember that when manufacturing task was given to you, Anmol was like "mai toh kuchh nhi kar paya lekin ab yeh task smoothly chalega" and he was totally correct. Remain the same sweet and driven person as you are :) All the best for your future!!!

Samruddhi Dodal : Mrunaaal! When I think of you, I see a strong, kind and creative person who will achieve whatever she sets her heart on. And to me its what everyone should strive to be, kaaaaaafi respect hai tere liye <3 I am glad we got closer through the years and I know we'll stay this way, you're way too precious and tere sath monopoly deal ho ya UNO ya philosophical baate, sab me hi maza ata hai. I hope apan kabhi sathme kuch art banaye <3 Lotss of lovee, I hope you achieve all the success you deserve and that sometimes I am able to get you closer to those :')) <3

Bhavya Garg : Hi Mrunal! I guess Sukanya introduced us during the Kalsubai trek and that's how we got to know each other. It was very easy to become comfortable in your company as you are such a sweet and genuine person! I remember you gave me chocolates after you came back from Australia 😊 I am really amazed that you remember that eagle sketch, given I made it a long time ago. I have seen your artwork too and it's just mind blowing. Last year me we got a chance to have many small conversations thanks to our common corridor! I have always adored the unity of your group, living in adjacent rooms 😊 It's very refreshing to see. Will definitely stay in touch and wish you all the best for your future ♥

Yash Shrivardhankar : Hey Mrunal! Thanks to Prime for introducing to this amazing gem <3. You've guided me through so many things, be it mech kaisa hai?, working in mech subsystem in Advitya or about apping for research intern and what not. You were truly like a elder sister to me! I really admire you for putting your heart and soul in whatever you do, Athletics, Acads, Research.. you name it! It was always a delight talking to you. I wish we stayed more in touch during our insti :(. Anyways, stay in touch and I know you gonna nail whatever life brings to you, because that's what you do!

Apurv Tiwari : Yooooo Mrunal! Tumhare sath interaction has always been fun. Best to rude lounge wala hi tha. Wo bartender aag lagake stunt kar raha tha, pehli baar movie ke bahar dekha tha maine :o Aur random bhi kahin sadak par milke mast lukkha kat jata tha. Enthu gujju for life :P Aur abhi H10 mein answer sheet heist safal karna hai XD Aise hi machati raho life mein hamesha :D

Himani Gangurde : Hey Mrunal!! I'm so glad you were on that trek and helped me on the way back 🙏 It was a really good trip! I've always seen you happy and shining with that pretty smile 😊 Be that way, always! And all the best for all the future endeavors 😊

Harsh Vazirani : Itni Tareef :P Thank you. _/_ Aapne bhi kaafi machaya tha apne tenure mein. Jiske baad se Sarc ka design has always been getting better and getting a better repute in insti overall. I wish we could have gone on atleast some portfolio treats and dinners. :(

Divya Maddu : I too feel that we were introduced to each other via FA activity. But trust me, it was your intricate design which you had made on your jeans that introduced me to your artistic passion. I was then via our casual meetings in mess was how I stayed in touch with you. And yeah, not to forget our master plans to go for Believe it or not... I still used to peep in your room to just look at that Buddha's drawing which you made. Your room really exuded vibes of minimalist art... Be it your room decoration, your tiny bonsai plants... It was like I'm meeting another person who appreciates art in a different way than me. Please continue this passion of yours.... Pls keep that dedication intact till t

Prakhar Jain : Yo Mrunal... we had so much fun with so many adventures at Australia. It was nice to have someone eating vegetarian food along with me in the group filled with non vegetarians. I would have hated it if I had to eat alone at Subway or the Mexican Pizza place at the Apollo Bay and not sharing with someone. Your homestay mom always made me jealous :P. Your kindness and sympathy made me very comfortable talking to you, crying to you about my devil homestay mom. The speech you gave at the end was so amazing and I am happy that I didn't wreck it doing it myself. Stay the awesome person you are. Maybe don't let people(some profs that shall remain unnamed) boss you around :P . Let's stay in touch.

Prudhvi Kavya : Mrunaal!!!!!! Apni mostly har baat water cooler/ lift ke paas hi hui hai I agree 😊 but even in those few instances I saw your hardworking and sweet nature. I remember Tu apne dept ko kitni gaaliya di thi because tumhaari TA duty itni zyaada involved thi, compared to mine 😊 and placement talks to next level pohonch gayi thi! Abhi next stage of life mein bilkul macha dena 🙄 All the very very best!!!

Suditi Laddha : I'm glad we got be such good friends. Tujhe dekh kar lagta tha thodi aur mehnat mein bhi kar sakti hu. I remember tune placements ke time par bhi kaafi convince karne ke koshish ki thi. I appreciated it a lot even though I didn't say it that time. Love you lots. I'll miss you. Keep in touch.

Nandan Prince : Yaar I've known you from first year, we did that centre element of wall painting and we kinda did a great job. Humne zyada baat nahi ki but every year in Kaladarshan I was always like "Mrunal ko bula le", because I knew that you'd come and do some awesome work. We may have not spoken to each other a lot but our common love for painting will keep us friends in future. :)

Rohan Pathak : Mrunal, I have seen you jogging and working hard in the fields during inter IIT sessions. Dekhke hi lagta tha bahut dedicated and achi ladki hogi. And Bang I am correct :) Aani tula marathi yete, mala mahit navhta :0 Ab isse jyada continuous Marathi bola toh hug dunga 🤗 Aise hi milte julte rahenge aage bhi and ghumte rahenge! P.S. To say the truth, abhi tak Deal waala gaame paale hi nhi pada mere hahaha

Shubham Goyal : Mech me tere alawa me kisi bandi ko nahi janta i guess :p KD me mile the fir aapne aana band kr dia , we never had a conversation but majorly it was "notes bhej na " xD , GD to kaafi funny tha, maza aaya, and mene terko humesha smile krte hue hi dekha he , aise kaise? like pure time smiling , waise acha he keep this humble nature of yours , kabhi bhi help chaiye to paka contact karna and vice versa , and yar me to bacho ka bhala chahta tha ki easy course and me TA lelo , grade milegi haha

Tumul Rai : It would have been so better to meet you and say goodbye in the way that we did do the entire team whenever someone left. But anyway it was so nice to have someone from SARC back at campus. I guess we didn't interact as much during the tenure as we did during this year. To have friends during the placement struggle around is such a blessing and I still remember you telling me at number of times about various walk-ins. You are a very sweet person. May God bless you and give you a lot of success .

Ayushi Panghal : Hey Mrunal, from starting together as roomies, to being in meta, to long distance running partners, we shared so much in common in the first year! I still remember being the team freshies, giving intros, getting scolded by Ma'am, those painful mornings during camp days and motivating each other to push further on the track despite the dreadful shin splints. You mostly liked to keep to yourself but you let your performance speak for you. Although you transitioned from meta to mech, athletics to volley and we changed our rooms, I always did and will keep wishing the absolute best for you. Your hardwork has always inspired me Mrunal, I'm sure you'll do great things in future. Love, ayu. <3
