Ayan Choudhary : You never admit or always take it as a joke but you've always been one of the most hardworking and consistent member of the team. I really appreciate how you sort things (mech things) by being happy and jolly at the same time. Aur kya daring hai matlab bhaisaahab. Mech ki ek se ek shady jagah (be it Vikhroli or Andheri or Babu bhai or Firoz bhai welding wale or Kurla xDD) chill marke jana is not an easy task. Kalakar log hain aap itne khatru sketches and paintings banate hain (and logo se forcefully apna facebook page like karate h :P jk). You evaluate things with an open mind which makes me admire you. And yes always remain the same innocent and artistic girl like the way you are :D P.S. TATA me Jake mandir ka nirman pura karva dijiyega jaldi se xD

Riya Singh : yr.. kahan se shuru karu??? First day to sometime in August when you were a serious girl. When you return back from home and we all were like "isse kya ho gya" and then we realised that this is your real self. Festivals pe tm logon ka mujhe chhor ghar chale jaana :(Sumitra bhaijan and Viral ka sath me tang ghichna, tmhare mast drawings, tmhara room humare wing ka common room and tmhara laptop = wifi-router, Sumitra ko Idki me convert karna, then 2nd year me apne rooms ka separate ho jaana but still mai tmlogon ke room pe payi jaana, crushes ke liye tmhare kandhon pe rona, tmhari mummy ke samne tmhare food habits ka burai karna and baad me tmhe dhamki dekar chidana, endsem ke time tmhara humara mast gaane baja kar manoranjan karna, apna exams ke liye padhte-padhte achanak sath dance karne lga, exams ke baad photoshoot (you are best photographer even in sleep). In summary, tmhare sath mere pagalpan ka constructive interference hota h. Yadi tm na hoti ho toh humare friend group ko apne love ke power se kaun jodta? <3

Debanjali Chatterjee : My best friend in insti <3 We might not meet for days (or weeks), but with you, we take off right where we last left! I can speak my mind out to you, and you always make me feel good and confident and loved. Your cheerful nature and enthusiasm is infectious! Tere saath bohut saari yaadein judi hain... Haiko mein window shopping (Sysmex yaad hai?), raat ke 1 baje H10 canteen ki cheese maggi, ghanton bhar baatein (+bitching :P time ka pata hi nahi chalta!), ghar se laaye huye naye dresses ek doosre ko pehenke dikhana.. tu na hoti toh meri zindagi exams aur grades ki chinta mein hi nikal jaati. You taught me to live life to the fullest! Love you broooo. I will miss you :(

Umang Chhawchharia : Dekh sans, pehli baat toh jiska pet nikla hai use mota hai bolte hai :p . Ha toh ab sun, you have been a blessing in my life. Mujhe kabhi nahi laga tha ki mai ek aisi bandi se milunga joh itni jhalli ho and at the same time itni pyaari bhi ho. Remember how we met first in the ME 102 class. How I asked you for salsa night. How we made fun of people behind their backs (you know them :p). I still remember getting chocolates for you whenever you were sad. 700 words bohot kam humari memories ko capture karne ke liye. In the end I know that I can always count on you for anything in life. Aur khabardar agli trip ke liye mana kiya toh :)

Rajat Kadam : Sans first of all.. Tu bau garam che !!! (as a friend haan :P). Tu moti bhi che (JK gaali mat dena pls). You are no less than a blessing to us three warna hum itna kamino ki tarah behave karte rehte. Thanks for teaching mech stuff and never saying no. Mujhe yaad hai hamara pehla interaction MA 105 ke class mai hua tha , jaha se teri meri bakchodi start hui..... I was really hoping apan tera final year ka bday club mai celebrate karte:P. ek trip pe zarur chalte apan sab when I am in Mumbai it is long overdue.... Tere saath humesha hangout karne mai mazza aata P.S. Thank god tune hairstyle change ki Warna tera nickname Hagrud hi rehta :P

Kopuri Manisha : Our journey started off with waiting to see who our mentor is. I was nervous about this new forest-like place and how things are going to be. Your reassuring smile transformed fears into hope, excitement and enthu towards all the things that were yet to unfold. My first year in insti is replete with YOU. The getting lost and calling you, fun conversations, smiles about crushes, the push you gave in low scores. All random stuff from trying which mobile network works well in insti to math courses to simple samosa and vada treats in KReSIT. Thanks to your campus tours, the wing is fam. Seems like insti also doesn't want you to go. Go Corona Stay Sanskruti P.S: We still have to go for the treat!!

Yash T Rajan : 'Main Sabki Insti waali Mummy Hun' 'Tension na le Bachche, sab theek ho jaayega' i guess these 2 lines are enough to describe how much better, calmer and simpler you make other people's lives just by your presence in it. We have been in so many teams together, be it Mars Rover, DAMP and ISMP, and have enjoyed every moment there. Life aur insti, dono ki Mechanics ka kuchh bhi pooch lo inse, saare problems ka solution hai inke pass. And your drawings seem to get better day by day<3. Kabhi ghoomne nahi gaye apan, lets utilise Oct for that. Stay the amazing person you have always been. PS: Fafda jitni baar aayega, ussi din khatm hoga :). Abhi convo ke din bhi chahiye mujhe :P

Pruthak Joshi : Thank you for all the guidance and help throughout the years, be it for courses selection, resume prep, 'kaya prof thi project maangi shakay' questions, or in general life fundae. I thoroughly enjoyed working with you in the team and the trips to Sanjay bhai's workshop. I will always be grateful to you for introducing me to the 'farsan' shop at YP gate xD

Parth Solanki : Hu pan Gujarati maa j lakhyu chhu have 🤪. First year maa jyaare exam maa aapde baaju baaju maa aavta tyaare hu koi divas pen laavavanu tension naii letoo xD. Aayush Sahu : Kalakar logo ko pranam _/_ Kaam ko khushi ke sath krna to koi aapse seekhe aur aapki raftaar ke aage to sb dheeme h. TA banke to aapne bacho ka bhavishya sanwara h. The thing I liked the most is you never complained for anything in any situation. Bas aise hi machate rho r apna gyaan hume dete rho Aand apni kalakaari se aise hi sbko achambhit krte rhena!!

Swapnil Jayant Kumar : You are one of the most joyful and enthusiastic person I met. Always willing to help others and the least complaining among us. Also the most energetic for manufacturing related work :P. Aise hi machate rahana and be in touch :)

Abhinav Jain : Hello birthday buddy! I don't think we had ever talked to each other as much as we do at birthday celebrations. I also remember when you shared those notes titled "sorry for the handwriting"... pura week hassa tha mai, lol (and sorry :D). Thanks for the notes, and best of luck for the future :-)

Anupradiksha Rajan : Cycling aur ghar pe help karna dono tune sikhaya hai...aur tu infi achha sikhati hai, kabhi bhi kuch sikhna hoga..to tere pass hi aaungi. And tune kafi motivate kiya hai, kyunki tu khud giveup nahi marti, aur khush rehti. Aur tu kafi humble hai. Placement wala time bhi yaad rahega.

Hiranyagarbh Narale : You're one of the most sincere, kind, and sweet person I've ever met! I remember all the times we studied together. Working with you in MI was fun! Joey's pizza treat !♥ Also that day, when we four went to a treat, then naturals, we had long walk, then it was your birthday, insti aake tera chhota gpl hua XD! It was fun! Thank you for all the motivation, help, care, and support! 🥰 Placement wala wo din humesha yaad rahega. I wish we'd have been connected more on a personal level, and become great friends, but anyway we had a great time! And that treat would be the first thing when we meet! 😊 Keep painting! Keep smiling! And stay the same! See ya! ♥

Rucha Rajivbhai Desai : Hi Sanskruti! Thanks for all the help during resume making and for all the tips you gave! Thanks for being an amazing mentor! Will always remember your sweet smiles :)

Sakshi Dayal : Aap duniya ke sabse cute senior hoge. When you tell 'Maine daant diya tha unko' and 'Main boht gussa karti hun', and also 'Main boht shaitaan hun bas tujhe pata nhi hai' xD Your smile has a strong positive vibe that I am going to miss a hell lot! Wish we could hang out once more at your room, watching a romcom maybe. You are a beautiful soul, and I mean it when I say so! Way too blessed to have met you. :)

Sumitra Barhat : Jaan meri roomie to tu bhi best thi...saala apni batch me sab roommate relationships tut gye but we sailed through it like captain hook. I love captain hook but sirf wo tv series wala🙄. Teri wo farm cafe wali birthday treat and PPO wali cavalry treat. I am just happy ki ab tu gin ke chocolates nhi khati.. pet bhar ke khati hai😂. Exam se pehle ki kitti raate sirf baate karte bitayi hai😂😂. Padhke kya hi ukhad jaana hai. Tu kahi bhi rahe milne aana, tu nhi aa sake to dashmi and achhar to bhijwa hi dena😂. Apan kitti arbit jagaho pe gye hai na shopping ke liye to😂😂. And Micky mouse ko to brand logo banayenge apan. Achha hua tu mil gyi warna photo kon khinchta mere😂😂

Nisha Brahmkar : Sanskruti!!! Pyaari padosan ♥ I remember how crazy we were when rushing for printouts (having no clue what's written on them) minutes before exam xD Tere bina wo course kaise hota :p You are a very sweet and jovial person. Thanks for all the tasty food from your home. Keep up the love for art <3 Wish you all the very best for your future! ♥

Pattisapu Divya : If a component analysis is performed on you, some very peculiar discoveries can be made. A part of you is made of warm mom- material, which makes your company so lovable and makes your companion feel comfortable in their skins. This part of you is also responsible for maintaining the constant Khakhra supplies in your room. Another part of you is a fun high school girl, adventurous and so very very lively. A third is a responsible friend, who's also a constant companion. I'll miss you so much!

Vardhil Mehta : Sanskruti. First yr ki sari lab me apan Gujjus ka hi grp hota tha (except Patki XD). Kafi hasi majak kiye h apan logone labs me. Tu drawing bahut a66i karti h. Ek bar KD me teri drawing dekhi thi barish vali ku6 drawing thi if I'm not wrong. Kabhi khud ki bhi drawing bana le :P. (and ofc vaal lamba rakhje :P). First yr ma mane kidhu hatu k maro face tara koi frnd jevo lage 6. 4 yrs pa6i hve joine k j k haju ame same dekhata 6? XD. Hamesha hasti rehje ane agad vadhati rehje.

Rupesh Leburu : Heyy Sans!! Dancing on the last day of Mood indigo after all the competitions is still one of my fondest memories. We had so much fun in that MI, mostly thanks to your hardwork. Hardwork along with the never fading smile, that's what makes u special. Thanks for all the notes(with mickey mouse on every page), thanks for laughing at my new specs and for always inspiring me with your paintings. Keep in touch. Oh and I'll always regret not using my chance well in your un-official our team-only gpl.

Preetam Pinnada : Many thanks to you, I got started with acrylics all because of you. Everytime you posted an artwork on insta, it'd inspire me to roll my sleeves up and get my hands dirty. I'm forever indebted to you for reconnecting me with my passion for art. I'm getting better at it day by day and will keep you updated on my progress. Please keep painting and sharing them with us. All the best!

Aniket Prajapati : It was always a fun to see you imitate and irritate viral. Also, a big thanks to lend us all those stupid things we asked for our B'day celebrations. And shopping par chalte hai firse xD
