Pranil Jain : Insti ka rancho. Meta yar, tere se jyada machau insaan nahi dekha maine, hands down. Saale legit phodta hai tu. Kya insaan hai yar, taareef karunga toh kamm lagegi. Thank you for the constant support bey. You have been there for me everytime without judging me for even once. I really envy you for the kind of person you are and I love you. Milte hain fatafat. Dunia ko bata dena frezzie naam maine rakha tha and woh best hai.

Pushkar Saraf : Sumitttttt... Tu kya machata hai yaar right from second year. Kaafi kam log tere jaise interest leke padhte hai. You might not have realized but I learned a lot from you. Thank you for being an amazing person and friend!!

Ishita Shah : <3

Rushabh Vora : Yo frezzie! Kuch logo ka mujhe acha likhne me sochna pada tha bahot but tera bura sochne me utna time lag rha and still kuch yaad nhi aa rha bhai🤔🤔. Maggu log to bahot dekhe but tu yaar interest se padhta hai (infi respect 🙏). Tu bahot funny hai and carefree jita hai life ekdum, one of the rare pieces jo meta me hone ke baad bhi machaya😂😂. Bhai thanks for helping me whenever I came to you and especially first year ke courses nikalne me♥️. Although ab interaction kam ho gya hai but jab bhi milte hai utne hi enthu se "Yo Frezzie" bulata rahunga me tujhe. All the best for your future and let's catch up sometime soon!!

Arjav Shah : Frezzzy, born genius!! I am a big fan of ur ingenuity, wit & smartness! It has always been an elevating experience every single time I talk to you...really love how deeply you think abt things & add that 'mathematical' tinge to them! From crazy stuff in the 1st year to those SoBo trips (remember someone scaring the shit out of you in the local? xD), late night Bora Bora trip when we'd nowhere to eat?, it's been terrific! Won't forget going for tennis with you & long discussions at each other's rooms. Never lose the priceless 'Feynman' like characteristics you possess & bhul mat jaana when you become the next one! I'll always love to hear abt the insane stuff u'll be upto. Lots of love, Baabe

Vikramaditya Patil : Thanks for the thoughts, and prayers. You made a really nice film with Rishith in the first year. I remember I tried to go running with you every day, but I was lazy and didn't follow through. Sending you thoughts and prayers.

Deep Karkhanis : Hey bro!! Thanks a lot course projects main help ke liye. Your dedication and talent for the field is amazing!!! Stay in touch...

Maitreya Khandagale : Never gonna stop hugging you every time I see you maaan. Smartest senior I've met, hands down. Crossy conversation is something that I'll always cherish honestly :)
