Rohit Kumar Prince : To someone who once said "chahe jo ho life me, kuch logon ke liye aap kabhi busy nahi hote". Same to you :) To someone whose first conversation with me started as "hum aapke dost nahi hai kya?" Whenever you read this message, remember I troubled to come to campus from my field visit mainly to meet you. Baki, do I really need to convey anything here? Aur haan, sona is a natural process, okay. But I also have saved all our group projects, everytime.

Swagatika Priyambada : I admire your hardwork, dedication, never give up spirit. You have all the qualities for having a successful life ahead. Just believe in yourself and keep up the sportsman spirit!
