

“I was here :)) ”

SOUMITH UDATHA

Mechanical Engineering
IITB Racing

You become famous and someone wants to film a movie on your college life, what will it be called?

"The missed opportunities " - No regrets nevertheless

Sharath Chandra Ale : The only one in your group whom I trust in professional advice. The random discussions we had all points out this :P

Arya Mithu Garg : Bro, I am happy ki Melbourne me sathme the apan, teri cooking skills are Lub <3 Bhai alag enthu hai ter kahi bhi chalne ko ready kuch bhi karne ko ready. I am glad I have such friends. Yaad hai St Kilda me baithke Tu, Shubham and mai? Bhai accha tha vo din. Accha hai TATA me sathme hai apan, milte rahenge. Kaafi calm hai tu and kaam ke sath backchodi bhi balance out kar leta hai. Let's gather everyone and have a basketball match again :P

Ahsan Aslam : Yo Soumith, my life sized (teddy) bear with one of the broadest smiles showing all teeth, you were a constant throughout my stay here. The ability to pick up our conversations between long intervals have always surprised me. You always talk smart and professional but the occasional laughs are always a delight. You are always helpful and the unity that you Telugu guys hold is remarkable. Just kick Pragu out.
