Adiya Chandra : Hey Bengali Pagluz :-). Thanks for being consistent from the day we met in the Institute. From Assignment to Placements we traveled a long journey together. One of the reason that Bombay is special "Q ki waha machli Bhaat mangne wala bengali sath rahta tha hamesha". Football , Trek, Tennis , Department , Placement office we have memories of plans (chahe implement hua ho ya na hua ho) , arguments , discussions and obviously fights. Hopefully Bangalore, Bombay se b jayada machxxx hoga.

Vanessa Beddoe : Amlu! I've always been so amazed at how calm you always are. There's no roller coaster in your temperament. You'll always be the biggest Mohan Bagan fan I know and the biggest lover of sweets. Make sure you find all the good spots in Bangalore. I'll come soon there and you take me trekking.

Khushboo Agarwal : Thank you so much Amlu for this. I have quite a lot of memories with you. Starting from the sweet bengali biryani, we all had at shesha's first birthday at peetuk. Then, me tearing apart your question paper, my bad! All the bengali sweets you got for us every single time, yummm! 😊 Of the memories, sweetest for me was when you came to meet me at IISER kolkata, and the super duper large plate of noodles we had, impossible for you also to finish. Thanks for being there and existing for 3 years and more many to come. Bangalore mein macha dena!!! 🍷
