**Prasad Raju :** Hi Sushree, Hope you are doing well. I think you were the first person I have seen when I came to the department for interview. I asked you for the interview venue. Initially, I thought you were very serious but you were very friendly and loved to be happy with everyone. That day when I got 5/50 in the Basin exam, I was walking back to the hostel with lot of guilt, you sensed it and told me not to worry . That was so nice you! It really felt good to my heart. Our gossips in computer lab, trip to marine drive, birthday celebs and the Road painting were few of the moments to be remembered forever. Keep smiling and live happy forever. All the best :)

**NANDINI BISWAS :** Oyee Goluu , from the day of interview to getting room in H15 we were together. The first day when we came to H15, you came to my room, we both had some unrest in mind. Talking with you that day was so comforting. Thanks for that day. We had our ups and downs AND downs and ups .. As these are all part of life, we have moved on with it. We had some good memories in H15 room, canteen,department. I will always cherish those. Stay as you are !! :)
