Sanjay Yadav : Ninu, techenical guruji, thnx for guiding. Bas itna bolenge doobti nayiya ko apne hi paar lagaya tha. 😊

Nayan Khemraj Barhate : Lucky to have known you, thanks for making AUV the best decision of my life. I've learnt a lot from you, appka 'calm and composed' attitude is 🙏. Will miss you!! Roorkee ki return train mai kaafi kuch sikha diya tha aapne ♥. All the very best for your future endeavors. Aapko aage bhi pareshan karte rahunga.... :)

Sudarsanan Rajasekaran : Couldn't believe finally the time has come for us to leave insti. It seems like only few months back Hari ke yearbook mein likh rahe the. Really these four years were awesome. Thanks for always staying by my side.. Infi mistakes ke baad bhi you would still support me and help me out. Kya mast insaan hai tu.. you manage so many things without losing your cool. Got to learn so much from you. Pata nahi tere bina team mein kya hota. From infi night outs in the first year summers ke testing to all the treats and even the awesome trip to Himalayas.. It was really a beautiful journey. Aage bhi aise hi machate rahna. Startup kholkar please bina interview ke job dedena.. :) All the best man.

Aditya Biniwale : Ninad dada.... Let me start with this..Yaad hai 2nd yr ke start me sath mei team chodne wale the? From that to leading the team together its been a long n fruitful journey. Tu hamesha har meet mei wo sensible banda lagta tha jo "mere n Ananay jaise" gan** logo ke extreme views ko direct karta tha. Thanks for doing all the heavy lifting work in the team. Tera attitude to solve every problem and perseverance is _^_. Milte rehena bro.....and and Local train mei group dance karna is not the best idea XD

Yearbook
2020

Vatsal Srivastava : Your never ending interest in understanding new pieces of technology has been a great source of inspiration. I vividly remember the time in my 1st year when I was working on the Joystick driver, and was stuck at some point. So you sat with me (despite being the head of a different subdivision) and asked me to explain my work till then. And that somehow helped me clear things up in my head, and it didn't take much longer from there. To see you accept the responsibility of a TEAM LEADER, and set an example for the whole team by being regular to the lab, devising new methods to keep track of everyone's progress was extremely inspiring. All the very best for all your future endeavours!!

Vaibhav Chandrashekhar Takale : Best Damp mentor (placement treat achhi jagah pe di, esliye keh raha hu xD). accha margdarshan kiya aap ne! zindagi me aise hi kaamyab hote rehna aur aise khushi ke mauke par hum mentees ko treat dete rehna xD

Parag Khandelwal : Best DAMP mentor ... Core Job ... Machau ... Aise hi machate raho aur treat dete raho ... Best of luck for future 😊

Ananay Garg : Ninad I*du, bro tu bahot mast friend hai. You are one of the things i thank you AUV for. apna kaafi evolve hua hai relationship yaar. Phele kabhi kabhi lab/pool pe milne se second/third year mein infi discussions aur issue resolutions mein kaafi masti ho gayi. I always knew you were a guy you would be in for a good laugh always but i didn't know apni life bhi itni similar raston par chalegi. Tu kaafi grow hua bro, as a person - uske liye massive respect. Dikhta hai bro. Maze toh apne kam nahi hue kabhi - team treats, NIOT, chennai mein train dance, getting drunk/high, blah blah. Jyada senti nahi ho raha - B'lore mein toh mil hi rage hai. Tu <3 hai bro.

Sanjoli Narang : Neenaad, thanks a lot for guiding me whenever I was about to lose my cool. I have learnt a lot from you whether it be tech, management or giving treats(although this was the hardest :P). Will miss you a lot! I am confident that you will rock wherever you go. Thanks for giving a good future vision to the sub-division. All the best!!! Just don't forget the wonderful elongation that I gave to your name XD.

Arjun Rahar : Ninad kaallle (you know my accent 😊). Idk how much to write within this 700 words limit anything will be too small to describe our journey together. First sem me saath me bio padhna and then second sem me itna infi lukha kaatna with our so called "cool group", you were among one of the closest friends to me. Things became a little complicated after 1st yr and i agree it was due to my childish behavior. I still regret for that. Your too much support for the person you like is just worthy of respect. I wish I could spend more time with you in insti. I hope you will miss me too ♥

Bhatt Maulik Chunilal : Kale sirr urf Panvel ka dada, yaar aapke bina my insti life would definitely have been incomplete. I can always see some kind of spark in your eyes which shows you are always willing to try and explore something new. The amount of knowledge that you have about technical stuffs is simply amazing. Tumhare saath baat karke har bar naya kuch janne ko milta hain. I will always miss our discussions on scriptures, start up ideas or any random topic. Always remember mai tere se achha guitar baja leta hu :P. Also, nightout maarke kabhi running karne mata jana -_- I wish to go with you on a good hike one day. Jab bhi Mumbai aao tab insti pe milne aajana. Will miss you bro! Stay in touch.

Anant Taraniya : "Let's say" you finally made it on yearbook. Chaar saal tere saath robots bnane ke bad jab tune bluff mei haraya tab vishwas hua ki tu smart hai. Jokes muh se paan thook ke bola kar(pranjal ;p), zyada laughter ayega. Bhai ga*ja maarke kya trip khata hai be tu, saala overdose nahi to jealousy se mrr jae aadmi. I am glad that Himachal trip karli spontaneity ke chakkar mei. Team wale iss ek maamle mei bhot BT dete hai nahi to. AUV rocxxx but. Luckily tu elec mei tha aur tere senior arpit the aur tu relationship mei tha to BT kam di tune chaar saal mei. Achi baatein sunni ho to marr ke agle janam mei apna kutta banke aana, I haven't met him but tere se kam gyan pelta hoga. Love ya bro

Apurv Tiwari : Me and Vishakha rapidly sharing infi infi gossips with a bored Ninad in middle was so common :P Tum bahut pyare ho, and infi machate ho. AUV head, and kaise ache se manage karte the work and life. Airport, tumhare room, ya kahin random sadak par bhi kabhi milte ho to maza aata hai hamesha. All the best for the future Ninu <3 The OG damad ji.

Arsh Akhtar Ansari : Dudeeeee.... Sorry but the first thing I remember anyone mentions you is your choice of pseudo names, ninad.pace :P. Lol our only attempt for a sameer hill climb probably scarred me for the rest of my insti life. Wo lake walks, First year mein randomly Animesh ke room mein time pass karna, usse guitar bajwana, kya din the wo. Last 3 years milna kaafi kam ho gya humara but we both knew we will always be there for each other. Tbh tujhse ab baat karke you seem really mature and aware of the world and situation kaafi progress kiya h bhai and AUV rubbed off you in right ways. Kabhi bhi help chahiye ho ya yaad aa rhi ho then remember that I am just a text away Regards, arsh.iitb :P

Sriganesh N : Yo Ninad! Freshie year ke first week mein tujhe bahut judge kiya tha XD but u turned out to be a really nice guy. Kafi chill banda hai tu. First year me hi AUV me bahut kaam karta tha and now you are signing off as the head of the team; very impressive journey man. Controls lab mein hum ek hi team me the aur tera kitna laid back attitude tha. Tera lab me har baar late aana aur fir Kumara jo tera leta tha wo yaad karke abhi bhi hasi aa rahi hai. You impressed us many times with your controls knowledge. Aur tera first time crossy bhagane ka attempt ka story bahut funny hai (bhagte nikla aur auto se wapas aya XD). Wish you all the best for your future bro..

Aditya Rajeev Harakare : From paying my share back at Gullu to insisting for treats every time-ye mera transformation aap hi ki wajah se hua hai. You made the infi night-outs for debugging and long testing hours at the pool so memorable! Aapka constant encouragement for getting the work done, management skills, cool attitude; elec ke alawa bhi bohot saara seekha aapse. Aap mere liye senior kam aur dost jyada the. The whole team will miss u a lot! Milte rehna...and haan... aage agar "Tips" ki jarurat pade to pehle aap hi se poochunga ;)

Shubham Tiwari : Won't write much here. Sab kuch public domain mai nahi likh sakte :P, and lambe messages ke liye WhatsApp zinda hai. Just a thank you here. Thank you for listening to me, late night for hours, be it H18 terrace, or return walk from AUV Lab, even when things were hectic for you. It is always an enormous relief when you have someone to listen to, especially when everything is falling. Baaki, all the best for your VOYAGER in this world. And sorry, aapke kuch (almost impossiblexD) ikchaein thi, jo mai pura nahi kar paya. Agar future mai kabhi puri hui to sabse pahle aapko hi bataungaxD

Yash Shrivardhankar : Kale saheb! Finally I was successful in finding someone from my hometown xD. This one thing opened up soo many common stuff man! And yet every time we talked we came up with something more common! You are one fine engineer! Great to know you man! Stay in touch!

Atharva Khandait : Yo Ninad! I'm happy mai tere kuch kaam aya. Bhai apne H4 aur H18 ke discussions to hamesha hi yaad rahenge, wo to Auroro Bor be chalte hi rahenge. Aur I think us din jaisi parties apan ne aur bhi karni chahiye thi saath mai :D, kaafi maja aya tha tab aur meri kaafi li bhi gai thi :p. Placements machaya tune, us liye Congrats! All the best for your career and life man! Shaadi mai bulana :P.

Nitin Tiwari : Ninu bro! Tune mere se achi adate sikhi uska to pata nahi (:P) but maine tere se har cheez ko question karna seekha. Asli technical skills to aap ke paas hai. Practical problems ke solutions rakhta hai tu naahi bookish problems ke and that's really commendable. It was great to see in you the passion for tech and new technologies and I loved those discussions that I had with you. AUV ke liye to tera alag level dedication dekha hi hai maine. Itna stress kaise manage kar lete hai bhai! I couldn't have asked for a better rommie! Aise hi apna passion kayam rakhna aur touch me rehna.

Pushkar Saraf : Yooo Ninad... Yaar tu, anant and vipul baas itnehi dost bache the mere AUV se. Tere se baat karne mai kaafi maza aata hai its easy to share things with you. Jab bhi mile tab kaafi haste and mazak karte the... I wish you have a great life ahead bey .. I know you will do amazing things in life!!

Animesh Singhal : Ninad bhai! Coaching mein 2 jigri dost banaye they aur dekho apan sab yahi aa gaye. H16 jis din allot hua tha us din tera 406 room no. sun ke mai itna khuch hua tha ki tu bhi meri wing mein hoga but afsos, mai 403 A mein tha ye toh mujhe pata hi nahi tha XD. Still three of us managed to have our fair share of fun. I'm really proud of you for becoming the head of Insti's one of the best tech team! It was always nice to randomly catch-up somewhere but still being able to feel that level of connect! H16 ke time ka chill aur vo gullu visit toh yaad rahgei bhai :D Kabhi dhandha khole toh mujhe batana, kuch saath milke machayenge :D Milte rahenge!

Shaunak Vijaykumar Natarajan : Sir _/_. AUV-Elec mein itna time tikne a bade reason aap ho <3 Thank you for making the relation between a freshie and thirdie (and now sophie and fourthie) bahot chill and ye baat infi important lagi mujhe for a team-building senior. Debug ke liye lab mein nightouts aapke saath kaafi cherish karunga (I hope aap bhi). Future ke liye all the best <3

Nakul Rajesh Randad : Kalsubai trip wala garba to bhul hi nahi sakte. Aapka vision n priorities kaafi sorted hai. Aapne di hui future teeps n treeks to guide karegi hi. Aapke freshie intro sessions ko bohut miss karunga XD. Cricket me wapaa haarna hai to batadena. All the best for future endeavors.

Allen Bose : Yo bro!! Ham kaafi mazze karte te first year m saat m. Somehow we drifted apart, but always used to catch up once in a while and share stories and gossips. I have huge respect for the technical skills and knowledge that you possess and the hardwork you have put into your tech team. The passion with which you speak about robotics is unparalleled. Also, thanks for inviting me over and feeding me delicious marathi food at your home (special thanks to your mom) . Always be the chill guy you are, and I am pretty sure you are gonna contribute something great to this world.

Patel Sayan : Bhai bula le ek baar firse apne ghar. Unforgettable food!! Also, Arjun ki lete hai firse... just like second year

Vyankatesh Hemantrao Sawalapurkar : Yo Ninad!! 3 saal humne sath me kam kiya kafi memories bhi hai in 3 saalo ki but nothing can beat our 2 days New york adventure. Kya kuch nhi kiya tha un do dino me :-) Aapne as a mature senior kafi accche se hmara khayal rkha tha (aur hmne aapka :XD). I really admire your quality of remaining calm even in difficult situations. Kafi kuch sikha hai in 3 saalo me aapse. Aage aise hi machate rahana!! Best of luck for an awesome journey ahead!!

Chaitanya Chandrashekhar Tate : Yo ninad, aapki awaz kafi mast lagti hai. Uss din bandar hi dikha raha tha aapko xD aur kaafi lucky hu jo aapko janta hu

Shubham Punjabi : Ninad broo! Literally teri wajah se hi tech mein enthusiasm aaya tha..apan ke ITSP bot ko apan ne 2 baar assemble reassemble kiya tha kyunki tera non give-up karne waala attitude saath mein tha. You will always be my Mr. Dependable for any hands on tech related problem. LTA project will be one of the most fun things we ever did. H18 ki terrace tak phoncha diya tha apan ne vo fire balloon 🤡but end mein apan ne asli balloon ko bhi uda hi diya..even uske infi prototype bana ke logon ko bech bhi diye Xd🤡. Bangalore mein vapis tech restart karte hai apan..iss baar kuch advanced kareng, let's catch up soon man!

Akshat Raj Lad : Yo Nino! All the best aane waale time ke liye! I'm 100% sure aap jaha bhi jaaoge, infi machaoge. And next time jab team re-unite ho, ek live guitar performance is must!! Machate aaye ho, machate rehna :-D

Yash Kadam : Kale bro.... Let me revive two memories jo tu bhul gaya hoga. The first one jab maine H16 me tujhe ek horror movie dikhayi hi, and the second, jab tu H4 me ek kutte ko subah 4:30 ko chappal se maarne nikla tha. Your words were - "Saala roz mere sone ke time hi bhokta hai". Kafi machaya hai tune insti me, from AUV to Goa intern. But health pe bhi thoda dhyan de bro. And I know tujhe good luck ki koi zaroorat nahi, you are a born achiever. I'll miss you yaar.

Himanshu Prakash : Ninad bhai, agli baar chicken kb khila rha h apne ghar ka. Firse chalte hain tere ghar kabhi toh. Kaafi masti kari h apan ne 1st aur 2nd year m. Ab bhi agr kisi se ladna ho to btana mil kr mareng. Bangalore m gym krke physique bnate hai tab maza aayega . Hope to see you soon. 😊😊

Shashank Kumar Sahu : Ninnu beta scene kya hai? Ab bolna phir scene kya hai xD Bhai kitna maza aata tha tere room me ye sunne me. Tere karan mujhe bhi ye bolne ki adat ho gyi thi. Tera wo pillows k sath orgy krna nhi bhu paunga m xD Dhang se khaya kr aur time pe room aane ki adat daal le. Tere sath technical talks kya sahi hoti thi mess me. I'll miss it.

Vipul Ramtekkar : Ninad!!! AUV was so much fun yaar! Apne pool and lab nightouts. Tera aakhe kholke sona bohot scary hai XD Bohot smart and hardworking hai yaar tu and tech ka mutual love toh apne discussions mast hote the. Yaad hai H4 mein subah 4am to breakfast waala :P All the best for the future broo and keep in touch!

Yash Kothari : Ninad sir. Cricket kaa pehle bataata yaar to hum pehle 3 saal bhi infi cricket khelte. But it was great to see you play and especially bowl so well. Also, you have great guitar skills. AUV me to tune kaafi machaaya hi hai and aise hi machaate rehnaa. Stay in touch man.

Mohan Abhyas Vabilisetti : Yo Neenaad! aap bahuth cool person hai. Har situation ka solution rehtha hai aapke paas. Har topic/story ko aap bahuth interesting kar lethe hai. Team mei aapne bahuth logon ko motivate kiya hai in difficult situations. aage kisi bandhi ne number diya toh math hagna :). aerospace, cs, electrical sabme machadana! Thank you for guiding me in the team

Advait Padaval : Hi ninad, Yaar I didnt have much interaction with u in the freshie year but sophie year mai jo bonding hui hai ab aap jao yeh hum nahi chahte. The best part was how calm and sorted u always were while having any discussion and it would always go like, "apan chizo ko one by one breakdown karke dekhte hai!" will stay with me always! Promise karo ki harr space launches mai apan launch party karenge kyuki aapke explainaton ke bina toh MUSK bhi countdown start na kare!! Anyway next time insti return mai cricket practice karke aana nahi toh u know the result as always :p
