Sagar Ganpat Sangodkar : Systematic and a helping person. A number of movies which we went together, those after movie discussions and the gulmohar lunch and dinners we had along with Sachin whenever midsem or any exam was completed are some memories never to forget, which made our bonding as a friend strong. I will always remember the moments we discussed about work, reviewing each-other's work, technical/nontechnical discussions we shared with each other and so on. I am grateful to have some of the friends like you. Stay connected and do well at your job
