Prabhat Chowdhary : sud bhai= chill level infinity Control lab corner chair has been your home for 3 years. Coming from WEL to your lab was a bliss. One could always catch you reading something or watching shows while you postpone your work. You take people with you on your routine walks and all their worries vanish as they breathe in the mystic air.

Kaam bhale hi na ho, lekin subhe subhe lab pohoch jata tha. Koi bhi plan ko mana nai karnewala bhai. We really had great time together.
