Ayush Dubey : You've phrased it all so well! I usually don't find people funny but your one-liners and memes are usually epic. We shall interact more now that I'm learning Japanese for when you go to Japan. You work so hard for everything, luck should have favoured you a bit more. But you have achieved great things and made yourself proud!

Shubham Punjabi : Finally Aero ka koi banda insti ka meme lord hai (Proud :P). I need the latest Barca jerseys before they hit the store every time bhai, courier kar dena. Football sessions will be missed bhai, and Japan aaunga to I want a full tour of the Barca store 😊

Akash Sharma : Bhai Bhai pehla aadmi jiske liye yeh 700 shabd pkka kum padne ... Harami kutte kamine saanph anaconda From mood Indigo to Ramada stories you had all with me ..Sophie year would have been something different without you ... Janta hun insti mein aake apna unta jyda interaction nahi ho paya but you made the journey to it really a memorable part of it. Tu tab bhi machata tha, insti aake bhi machaya and I know aage bhi aise he rahega.

Drish Mahnot : Birthday memes were indeed lazy :P, but look at the immense growth <3 One of the best posters in Insti for sure!

Shruti Iwanati : Kitne assignments copy kiye they tujhe, uske liye thanks (jisme kuch answers galat hote they :P) Official photographer of Aero!!! I hope convocation mein bhi tu Camera or tere Bag ke sath dikhega! Best of luck !!!

Nikunj Mohota : Your commitment to your bag and earphones is really commendable /\ . Memes aside, did you get over her?

Pujan Biswas : Kushi boi (I gave this name b4 anyone, remember). I am really happy that the tides turned for the good in the last year man. There cannot and never will be a greater journalist (:P) and memer... than KY. I am grateful that you moved on with our issues and we created a unique bond man. Thanks a lot for many heads-up that you gave me in many instances. The whole Aero batch is really indebt to your assignments KY. I hope we come through with the batch video somehow. I wish you grow up faster dude, your still a child, don't let it die though. There is a great road ahead for you ... and I know you can do well. Believe. Always a believer, Bisso

Soham De : Hi Meme lord and also Gossip Lord xD From fixing restaurants for Insight Orientation and making Varun broke, to the Chief Ed Interview takings and the grilled questions and us two becoming experts in Ed Board matters, the sem ended -_- Our plans of going out for more food and drinks never took place coz you apparently like Mess food and eat too early also :(

Sarvind Rankawat : Jab teko Pehli baar mila, toh meko laga ye Insaan maggu hai and one week later I was pretty sure kee tu maggu hai, but fir aaya MI and rest is history. Thanks Yaar for being there with me through the tough times in Bangalore. Kaash tere jitna tez mein bhee chal sakta, lunch Kar sakta, debug Kar sakta, etc. Arsenal fans kee toh waisey hi alag bonding hoti hai, and Jo Tottenham ke against apan match jeetey thhey maza aagaya thha dekhkey specially coz one more gunner was with me. Insti ke bahar insti walon kee itni bitching mainey kabhee nahi kee, I get it why you are such a people's person and tu insti mein itna famous kyun hai. Teri wajah se meri winters sorted rahi thhee. Baakee aur bola toh raaz saamney aajayenge, meme god toh teko log bolte hi hein toh uski koi zarurat hai nahi. Fir se pakkey se milenge bro!

Saman Siddiqui : Kushal, You're forgetting the : " Now tell me how we can fix the old IDF :p " Knowing the meme king of insti well meant that I was always protected :P B) Thanks for that Kushal ! :P Thanks for making the Insight team so fun! I'm gonna miss you :(I feel like I should have troubled you more, now I regret it. From being that interesting guy in freshie year to somehow evolving into an even more interesting senior, you've set the bar pretty high <3 Now all this senti is making me miss you! Check the Messenger group :P

Naman Aggarwal : Sir sir sir _/_ Our unofficial CR (no offense to you Arjun, am talking about the 3rd and 4th year). One of the most helpful guys I know. He'd give you assignment solutions, he'll forward the class concerns to professors and what not. You always have shown initiative for matters concerning the entire batch, say the batch video for example. I was genuinely very happy when you got placed. All the best for your future man! P.S. Your memes _/_ And how you mediate all the fights in our Aero group!

Sumanth Kandala : Baaaba!! Tere skills unparalleled hai re and teri intuition god level pe hai! Jugaad karna koi tujhse seekhe! Isse zyada kya hi bol sakta hun :P. Machaata rehna life mein aage bhi!

Krishna Wadhvani : Kushal!! We always remained neighbors throughout our insti stay and with our respective placements in Japan, we'll stay relatively close in the future as well! I will always remember our first semester CST outing, computer networks scam, the course projects, me staying in your room in 3rd year when I couldn't get in mine (you know why 😂) and you winning the Hackathon in the first year all by yourself for team KVK (I mean Vikram and I did make the opening image for the game 😊) . I have never seen a more proactive guy ♥ (or someone who naturally walks as fast as you 😊).

Sarthak Sharma : Writing for you and your Bag together because you guys are inseparable. Bro working together in MI was so awesome bahut zyada funn ta woh time and I'm really glad that mai tujhe uss samay acche se jaan paya. Fast forward to final year jab same wing mai rehne ko mila, those small talks were fun. Memes wala apna research continue rakhna kaafi seekhne ko milta hai uss se. Let's catch up soon :D

Prantik Chakraborty : It was nice meeting you. All the best for your future friend

Apurv Tiwari : In life, only 3 things are inseparable to Kushal - bag, hoodie, and earphones XD. Orion dekhte hain kabhi chalo :P.

Anusha Dubey : Kushal....Thank you mera batch video ka sapna pura karne liye :) You are the first person I interacted with after coming to insti....i still don't know how our parents knew each other. Humari first year memories amazing hai...aaj bhi yaad hai RC plane me tune kitna kaam kiya tha aur dubey ne kitna :P Thank you for becoming DRC and helping me sort out my whole tenure, tere bina ResTech to kabhi ho hi nahi pata aur pata nahi pura tenure bhi kaise hi nikalta :) Tu bas jo ek baar soch leta hai, wo karke hi rehta hai..you have proven this so many times. Stay the same, keep working hard as you do, and keep making memes on people around you XD

Nutan Megu : man i dnno we havnt hung out much.. but i we were quarelling ek baar (u knw for who). but then i knw u r a very nice person and super smart and an amazing TA.. ur memes are so amazing and i hope u really get wat u deserve.. wishing u happiness all the way anusha ki shaadi me milte

Bhatt Maulik Chunilal : Kushal sir, the meme god of our batch. Will always remember the fb page we made(yaha naam nahin likh raha kyun ki ek aur saal idhar rehna hain mereko 😂). Yaar kaafi machau ho aap. Har jagah machate hain. I believe you're the only guy in insti who can walk faster than me. Will I ever be able to see you without a hoodie and earphones? Ek baar milke jana insti chhodne se pehle. Will miss you sir! ❤️

Anmol Gupta : Ssup Kushal! Kaafi epic memes banata hai yaar _/_ (MI ko toh kabhi nahi chorha tune :P) We started with Freshie Year Lookback, I think? I have always respected your sincerity and dedication to work, and you really proved it really well in the DRC tenure - so much enthu and teamwork! I always knew I could count on you for any work to be done in that domain. Research Newsletter toh kaafi epic machaya tha :D Elections mein bhi kaafi maze kiye hi hain tune :P (interesting revelations post results *ahem ahem*) Keep up the *good work*, and those blue earphones :P

Shubham Gunawat : I've done a lot of cringy stuff, but nothing will ever top that review video we made for that YouTube channel we started. It was nice having someone who had the same interests as mine and having occasional multi hour discussions for those ranking lists we created. All the best for your future. I'll end it with a JR quote: "Climb the ladder kid, make yourself famous"

Arjun Rahar : Yo yadav shreshth(I used to call this ♥). Has anyone in insti crossed your speed of walking yet. Naah! I don't think anyone can 😊 we have been on same side and we have been on opposite side in this 4 years and both have learned a lot from our mistakes and ik we both can write pages for each other. Honestly till 3rd yr i wasn't able to know you properly(it is very hard I must say). Sometimes you are very helpful and sometimes you behave like a little selfish kid. Never mind! 😊 We call each other "bhai" since first yr and I hope we will continue our friendship like this till we grow old.

Yash Kothari : Yo KY sir. Honestly I don't really remember when we met for the first time but it has to be during TF or MI in the first year. Sahi answer pm pe bataa zaroor denaa :p. Batch video to bohot achchi banaayi hai tune. Apne batch kaa god photographer to tha hi ab to god memer bhi bann gaya hai. Also, subah 5-6 baje apni baat messenger pe "So jaa :p" waale message se shuru hoti and many times we would end up going to Mohini or Maddu Mess <3. Football match me bhi kaafi mazaa aaya tha and even in the practice sessions. Tune bohot courses me end moment pe padhaaya hai and assignment bhi diye hai, thanks for all that!! Stay connected man.

Yagya Mundra : "Chalo Film room tak aapki help kar deta hu" uss din aapne kaafi fundae diye the especially for salsa i still remember but i end up sleeping during the salsa night :p. Thanks for being such an amazing senior, 48 hr mai mast bakchodiyaan karane se lekar filmfest ke time mai woh painting karne and kabhi bhi help karne ke liye ready rehne waale senior banane ke liye. You were one of the best seniors in our club who was ever ready to contribute in anything. Ab toh bade memer ban gaye ho aap hum jaise chote logo ko kyu yaad rakhoge :(still kabhi insti waapis aao toh batana kuch bakchodi karnege !

Mrunmayi Mungekar : Mood Indigo of the last year was a game changer I guess. I mean I can never forget the guy who was daring (or crazy more like) enough to accept the spin-the-wheel challenge to go around shouting an-almost-curse to 10 random strangers! Kudos to that!

Alok Ranjan : MEMELORD!!!! I'm really gonna miss that strong a meme game, ab memes review karne kisko bhejunga :(And where do you find such bizarre gossips omfg xD You were a really cool senior, and a responsible person (remember the lost phone incident?). Bhool mat jana hume, all the best with the endeavours of life :')

Yashaswini Chauhan : Treat Still Pending Kushal :p Aapse baat karte karte raat kab beet jaati hai pata hi nahi lagta xD Very Insightful discussions they have been, ngl. Vaise vo phone lene ke liye gate ke upar se koodke jaane ka experience dene ke liye bohot saara thank you. Aage kabhi interview lo toh itna grill mat karna bas xD

Varun Sule : I have no idea how you've managed to do some much in insti and still find time to solve everyone's problems. I guess it must have something to do with how you can manage with minimal sleep, another thing I haven't figured out. Tera passion (aur speed XD) dekhke main time and again inspire hua hun, how you tackle any situation almost persistently. We were lucky to have you with us in Insight, I also wish we could have worked earlier together. Rakuten mein toh machana hain, Japan ghumane mujhe jab main visit karu.

Vikramaditya Patil : Kushal, you are a quirky guy, speaking and performing every action with bursts of speed. In the FOSSEE python hackathon, I remember Krishna and I were installing Kiwi and you had already written the game code. And you carried us in the RC plane competition. I also remember the time Abhinav locked you in your room because he had to leave for the class. You also pump out a huge amount of great memes. Thanks for the batch video, it was crazy good. Always be speedy, and stay in touch.

Rucha Pasalkar : Yaar, Kushal yaar! Sem mein bas ek baar mile toh kya hua, bond toh waise hi hain! Hamesha laptop thik karne ke liye dhanyawad! Aur tere memes itne epic hain yaar! FB unke liye hi kholti thi bas! Hamesha yaad rakhiyo! Lots of love ♥
