Abhay Tomar : Very nice person Rep + Im sure you remember these words were the start of one of the best journeys we had together and since then you have always been helping me level up my game 🤔. Like literally. Oh ya and coding to gawd hai hi. Even just for a year, you have been the best roommate I could ever ask for ♥ aur infi maze kiye hain hamne saath me, aapke vo csgo tips, aapki vo ever weird philosophies, and ofc aapka vo bolne ka tareeka, sab kuch sabse hatke hai 😊. This is the never ending roomieship. Bas ek request hai please GN1 tak pohocha de 🤔😂

Adarsh Rathi : Hello wingie, past TF co and future co-founder!! From first year to final year, we have always helped and motivated each other, from ED labs to TF form to placements to start-up ideas♥ I have always always liked your warm company and it's said that how happy you are is judged by how much in detail you can remember the moments. In your memory, I can remember the date, time, colour of clothes and all the small moments, yes that's how great those moments spent you with were♥ From ED HW to insti ka baap kaun? From night outs to first year CS GO, from PH to MA, from marine drive mawali panti to 17 KM cycle ride to Bandra♥, from GPL to last to Adarsh/vaibhaw karega, from TF co-ordinator to TF manager, from my intern speech to you to your placement at 2:40 in the night, from my half completed TF doc to our mock HR interviews, from unknown to bros to family♥ I have never said it I can't help it but I knew I always had a bias when it came to you, I always wanted to help you, scold you, spend fun time with you because of your warm presence, because of your helping nature🙌 For me you are a perfect example of a down to earth person, my best coder and go to person for any tech problem, all the good things in you makes me forget your irritating attitude of unreachable phone and lack of initiating things in wing, lack of interest in going out, TF fuckups😅. Anyway, my facebook efforts to score you a bandi went in vain, all those "W" conversations in wing related to you and teasing wingies together, all of these memories aren't going to fade, not even by you, you dumbo, because I have written it down here, to immortalize for even if you forget, you won't be able to, after seeing this, you will know you had a good friend. Ik for sure we will keep in touch ♥ Tera bhai, Rath*i* 😊😊

Rushabh Vora : W!!! Tu alag hi namuna hai bc! The way you walk, talk, your demeanour, pura calm and duniya maa c***ye wali feel ati 😊. Tujhe dekhke mere sabse pehle vichar the ki ye kaise TF manager ban gya bc 🤔. But jaise apni baat hone lagi as wingies I came to know about your fun side. Sharma and tommy ki lena, AZeo web help♥, placement coding tips (although kaam nhi aye 😊), Mock HR jisme apan ne wing walo ki bahot maari thi♥, wing GOT mornings in ur room, H2 canteen talks, ye sab me bahot miss karunga. Tujhe gussa hote hue "almost"(3rd year intern 😊) kabhi nhi dekha mene and tere jitna serious gaming enthu bhi 🎮. Finally Bangalore me hi hai to milte rahenge♥♥

Bhadri Narayanan R : Vaibhaw... yaar tu ekdum mast hai. I completely enjoyed working with you throughout Tf. You made my life so much easier and I can not thank you enough for that. I'm sure all the web initiatives for our events were made memorable by some or the other fuckup XD I admire how you were always calm and composed through everything we've been through and sorting out whatever pain that was thrown at us. I hope you don't spend your entire life playing and take some time out for the people around you. Get more Tshirts and keep that billion dollar smile always on your face :D
