Shalini Tyagi : Hey! You have a very pretty smile. Humari pehli conversation. Tab toh itni cute si ladki thi. Par kabhi kabhi iske sar se seengh nikal aate hai, ye baat dost bnne k baad pata chali. Tera face dimaak mae aata hai with a warning Shalini seedhe baitho !! (And I love you for that). Straightforwardness - in the sweetest possible manner is something I have learnt from you. And you might know but just a reminder that you are an amazing person. Love you a lot ♥.

Aparna Singhal : Ye Idki mjhe second sem mei mili ar uske baad se isne mera jeena dushbhar kr rkha h..meko toh nhi PTA tha iski cuteness k peeche ek rotdu Idki niklegi..but I love that...Isne mjhse self motivation ar positivity ki itni speeches li h ki mei ab khi pe bhi jaake gyaan de skti hu🤔🤔..But Idki ka confidence kamaal ka h..beizzati krna spcly meri toh iska roz ka kaam tha...uske bina iska khana nhi digest hota tha kbhi..I will miss pastries🥰...And you know I love you and if you dnt know then know it😊❤️

Rumjhum Mukherjee : Interestingly we were scared to talk to each other even though we were neighbours! Who knew that we'd be the best of friends in a couple of years? From "Main thik hu Rumjhum" to "Rumjhum main apko GRE dene le chalungi" to "Ye only Bengali hai jiske meri control hai", we've come a long way! Some friendships bloom casually and last a lifetime, and ours will be one like that! I am very happy to have a friend who's always going to motivate me even if she's sitting on a pile of fire! I am very happy to have a friend who's also a good photographer! And ah, well! The sweetest person I know! Thank you for being in my life! And I know we'll always be in touch and more! Aur call p main humesha heehee

Sandeep Pal : Hey Aprajita, it was always fun discussing with you either it is Harry Potter or studies. I still remember the face of Garima and Shaifali when we used to talk about the characters of the big bang theory. You are great friend with ingenious insight of human behaviour . Your opinion is also very unique and kind and I always look forward to knowing that. Solving CH-588 problems with you helped me out to understand some very basic concepts that I was missing. Your grips on the basics of subject is remarkable, this is a tacit acknowledgement of the time you spend on quality learning rather than only studying for grades. Three of us are big fan of your nurturing traits. Keep that up and good luc

Ria Miglani : Hey Aprajita! Remember when you initially lived next door to me and we started talking :P I always thought you were so beautiful, inside out. Sananda Ray : Tum bohot achi photography karti ho. But kabhi ek sath photowalk pe nhi gaye hum. Aur caramelized bread khana kabhi to mujhe yaad zaroor karna. Wish you too for you bright future 😊

Subhabrata Dutta : Why this person is addressing everyone "Aap"? I had a tough time dealing with replies😂. So for now, let me do the same. Aapse mulaqat to 2nd day pe H8 me hi ho gya tha, fir pata chala ki lab group member bhi hai. You used to get annoyed by our(rahul and me) mysterious laughs in lab. I must appreciate your photography skills, your polite tone, greeting with smile, you create a happy and welcoming vibe. Aap lab se turant jake hi H11 ke lawn pe chitrakarita me mashgul ho jate the! It all started from lab and ended there only! Have a cheerful life! Enjoy every bit! Climb the ladder of success! Photography must go on! Stay happy stay blessed! (#kash mere pas bhi oneplus hota)

Soumili Sarkar : Shukla ji, tussi great ho..I have always respected your Love towards that table lamp. That pushed to me for my preparations,too, but to be honest..your lamp gave a hardtime to Sooraj Mama. Jokes apart..I have never come across a person with this dedication, commitment and hardwork..and mark my words,it will surely pay off. Thank you for making me look even shorter. I will always be an admirer of your clicks, your creativity and your art. Much Love..and truckloads of best wishes,roomie :)

Preeti Kumari : Hi You always made my day with your talks and compliments. I always feel positive and confidence talking with you. ♥
