Animesh Singhal : Laddhee bevde saale! Batak jaisa tha saale tu XD. Teri voice ki mimicry karne mein bohot maza aata tha yaar (Maar bhi khaayi hai uske liye XD). Thanks to you, all of us got to watch a terrific show at CS building that night! I will cherish the intern prep that you, me and Mundra did. Finally sabko mil hi gayi Consult ki naukri :D 3rd summers mein free acco ke liye thanks, ekdam kachre ke dabbe mein rehne vaali feel aayi thi. Shaurya ke room pe jo wine vaala discussion tha, kasam se eye opener tha. Ok bye, miss me too, okay?

Pushan Bal : ED kiya kya? Sorry yaar mai ghar gaya tha! We literally had this same exchange every Sunday night when everyone was frantically trying to jugaad ED lab answers. I swear I used to find your voice extremely irritating but your personality flushed it out. You can get really serious about stuff when you want to and I admire that about you. I love your wacky sleeping schedule. I have really enjoyed every time we have played cricket in the wing. Your sense of humour is amazing, which shows up every time we play psych. It has been an honour knowing you.

Raghav Goyal : Shit bey! nostalgia! Bro i used to hate doing those shitty lab reports but the vivas were epic af! i mean, all the jokes (specifically on gautam), the "madam test/taste karna hai mereko xD", they were amazing really! Ill miss all the memories we have made starting from H16 itself, where you lit killed my ass on my GPL, to H4 mei random movies, to all the chem lab stuff! Ill miss you bhai

Chinmay Kalra : One could 'sense' Ladha, his voice gave him away and also his typical way of dragging around his Nike slippers. His forever complain was his 'disastrous' branch change from Meta to Chemical. He had a great and dark sense of humour, which was evident in his Psych answers, which were always the best. He could always laugh at himself, while still not diminishing his self-esteem. "God damn!!" Thanks buddy for making my insti life so awesome.

Amit Gangurde : Aur Laddhee...corridor cricket nets mein constant batting partner! Everything varied but "ED kiya kya?" on Sunday nights was a constant. And thanks for being in the same wing in H4, otherwise mujhe akele hi "you know who" ko jhelna padta. Kaafi random discussions hue hai yaar apne over a variety of topics. Apne wing mein tu hi tha jiske saath mai rap discuss kar sakta tha. Tu kaafi smart bhi hai bhai! It was really great to know you 🙌

Pujan Biswas : Abey tu CG kaise bann gaya be. Saale orgie tha mai tere saath, kaam choddke bhaag gaya tha. Just like ITSP, kya innovation tha hmara :P but tera wo raat ke 1 baje laaya hua sandwich kabhi nahi bhulunga bhai. Chemical mai kyun gaye aap yeh bhi shayad kabhi nahi samjhega. First year ke mai teri *unspeakable abuse* constant tha tera, woh ussi aawaaz mai yaad rahega zindagi bhar mujhe. Humare infi funny mess talks ke alawa bhi kabhi yaad aaye to hum aapke paas hi hai CG sir. Your co-orgie, Bisso

Hritwik Ranjan : Yo Ladha boi! First year me you were the funny 'ED kiya kya' guy. Baad me yahi teri tagline ban gayi lel. Team ka sabse sporting aur witty banda. Trolled turned troller of the team :p. Tere room me ulti karne ke liye apologies, lekin kya epic experience tha wo (Tandon ki ***). Glad apan boathouse me nahi pass out hue, nahi lo lag jaate. Tere ghar ki Diwali pe kaafi maza aya (remember?). Bag safe rakhna mera. See you soon.

Naman Chindaliya : Give up hai Bhai was my go-to line for last 2 sems, thanks for that. And finally, you won't be able to use meta se hu wala coverup xD. Thanks for guiding me to see life as a multidimensional optimisation problem. The Bhutan trip was so special, I guess you slept for half of it. Not to forget the crazy debate about gods and goddess xD Your pessimism is something I'll remember you for. Thank you for being a great friend.

Pranav Thakkar : Having known you for 8 years now, it's been nice to be a bystander to your transformation here at IITB. You're still worse at FIFA (easily the worst finisher I've seen) but your taste in music has grown better 😊 I'll never get tired of hearing the chemical bitching or the Adhish jokes 😂 it has always been fun hanging with you, in insti or in estate and I'm glad I know you through two different social circles. Moshing at Monuments is something I'll never forget 🙌 yaad rakh, tu junior hai hamaara 😊

Rushabh Vora : Right from first sem I have known u, whether it be bakchodi in Pranil's room, or having fun in prasham's room, playing TT(bahot hugta tu usme 😊) or listening to ur teri infi tattti singing 😊. We have had infinite "senseless" yet interesting chats discussing ye prof mila to kya, isme ye lagi and usme wo lagi to overall kya lagegi, and u were the only person jo mere level pe hi lukkha kaatta tha, if me first lecture pe hu a day before endsems, then u would be in the first 5 slides, if I just started then you wouldn't have even downloaded the lectures yet 😂 and dono milke fir bhi lukkha katte♥♥. Placement prep with u was fun and plz TT me katane ke liye better reasons dhundle yaar. Finally I am very glad tu "meta" se BC kiya otherwise apan milke meta walo ki nhi le pate😂😂 but "never forget ur roots" PS- Ab to IK Rana padna bandh karde bhai and I missed ur pronite concert 😊

Mangal Mannat Piyush : Over the head _/_! The greeting with which you always greet. kuch yaad rahe na rahe ye aur teri badi avaj jarur yaad rahegi!

Prathmesh Shelar : Starting from "Aye ED kiya kya? Nahi be mai ghar gaya tha" to "God damn!!" it was fun😂.. Those daily all nighters during placements prep, 3 baje canteen bhagna (band na ho jaye) and roz subah breakfast karke sona.. aur saare alphabets wali bakchodi😂😂 aur CS courses kaise pass kiye apan ne?? ML and DSA(logic ka god tha tu toh🙏)😂😂 diptish ke room pe high hoke fifa was legit fun kabhi bhulunga nahi(every few seconds dhua pet se nikal rha tha😂). It was really great knowing you ladhe and thanks for sharing good music with me.. Always stay in touch bhai.. P.S- Consulting ka Conqueror tu hi hai bhai🔥

Sarthak Sharma : Saahib abhi kya hi bolu :p kuch bhi kahunga toh tum apna weapon use karoge xD (bhai kabhi toh control kia karo :P) Tumhare bina last 1.5 saal nhi nikal pata, shayad 200-300 baar toh sath BnB gaye hi honge(dono Espresso addicts BC). Bhai tumne tumhari trolling ki wajah se ladke mai ab finally zero fucks attitude aa gaya hai :p Placement test ke baad Laxmi mai daaru was awesome also Apna Dhaba wala scene dubara karte hai! (Convo par MG wala routine bhi please!) Dubara se career oriented banane ke liye dhanyawaad :p kafi seekha hai tumse saahib bas aise hi kripa banaye rakhna. Trips ke plan onn hai and 2022 wali deal bhi :p Baaki baate kal ke conference call par (yaha 700 ki limit ho gayi xD)

Vipul Ramtekkar : Ladhaaaaa, thanks for being a perfect neighbor xD! All those all-nighters were soo much fun because of you. And the presentations haha. The insane laughs that we had and the Dhvaj dosed conversations XD! The conversations were really really fun and we being each others alarm clocks in the last year. Start mein hi "Give up hai bhaiiii" bolke end the tak efforts daalna is commendable :P Treat toh pakka jaate hai broooo! Keep in touch and milte hai aage bhi!

Prashit Jain : Bhai har exams mai night outs, 4 bje ki chai nhi ho paate tere bina and tera har choti baat pe " Aap bde log" bolna😂😂!! Placements k time lunch ko 1 ghante se zyada postpone karna just because of 1 reason aur fir last mai tera dhoka de jana😞😞. Aur bhai sachi mai apne saathme nashe karna reh gya yaar.. It was fun being with you and contact mai rehna bhai.

Abhishek Rawat : Ladha boii.....Dream team ka newest member saale design project toh ho hee nhi paaya pura kaha apan sapne dekhre thhe price money k xD.....Gonna miss those funny night outs jaha duniya bhar ki bakchodi krte thhe kaam ki jagah xD.....Gonna miss you shouting "Nahhhiii Bhaiiiii" or "Give up hai Bhaiiii"....Ek baar milte hai sab theek hone k baaf meri aur vipul ki treat bachi hai party krte hai apan fir.

Arjav Shah : Ladhaaaa! "Bhai, Bhai, Ye bata na..." You're someone whose voice can be identified from miles away! Had some of the best times with you in the first year! Bohot maze kiye yaar - food trips, marine drive nightout, BBQ Nation, Pranil's room, Kalra's humour, constant Sigri better hai stuff & yes deciding on your grades and re-evaluating them after every test xD! I love how you managed to get on everyone's nerves at some point! xD I'll miss your constant rona & chemical ko gaali dena! Remember the freshie year sports fiesta & lakeside!? I love your confidence & devotion for everything you're passionate about! Keep that up & you'll achieve great things ahead. Hope we stay in touch yaar! Love, Baba

Mrigank Mahajan : Yo Ladha! We first got in contact through DIC. I will always remember the night out we did in cs dept for the CL673 presentation, the main gate breaks during midsem & endsem. Tere placement k time kaise mastercard mai jaane k liye zidd kar rha tha and ek baar IMS mai job lag jaane k baad tujhe Mastercard mai interview dene hi nhi jaana tha. I couldn't understand most of your fundae, but I really admire how self aware and sporting you are. Stay in touch!

Pushkar Saraf : Ladhaaaa... Hostel 4 mai apan kaafi close hogaye the for a year or so. I was great to talk to you and eat apne tattti canteen mai haha. Thanks ladha tere se baat karke khushi milte thi and we always could empathize with each other. Thode durr hogaye but dosti utni hi gehri hai. Thank you for some amazing memories!!

Sanket Agrawal : Ladhheee! I have seen you grow a lot! From being a compi coordie (not marki xD) to pronites CG, you have really matured a lot. No matter what you think, you were one of the most logical people in the team who would really direct any discussion on the table to a positive end. Also, one of most savage people :P It was good beating you in FIFA so many times. All this aside, I could really read your heart at times and see what you are and what you are trying to become. I am glad that you are working with all your heart towards it. I will always be there for you bro! ALWAYS! All the best and stay in touch!

Atharva Surange : Ladha saahiib!!! Wo banda jo hamesha bahar rakhta hai logon ki maarne ke liye :P Ye likhte hue saare outings yaad aa rahi hain, gullu (Arush ke saath, aisi ek aur toh banti hai graduation ke pehle), pizza hut :P, raat ko 3AM BnB band hone ke baad H5 bus stand wale career and life talks :, LHC mein exams ke samay time pass karna :')) Tumne bc mere saath galat kiya tha, mujhe gullu se hospital bhej ke corona ke dar se :/ uss din ke liye tumhe maaf nahi kiya jayega. Apne saare discussions, bakchod PnG test (thanks aane ke liye :P), aur saari bakchodi bohut yaad aayegi. But koi pain kyunki apan classmate banne waale waapis *** mein, prep shuru karte bc :P Baaki bakchodi aur gossip msgnr pe :P

Sanit Gupta : Ladde, insti chhodne ki jab bhi bt lagti hai, I try to look at the positive side ki teri shakal nahi dekhni padegi ab se and that helps me be optimistic about the future. Football ki baat toh main karna nahi chahta, woh rehne dete hain. Do you remember Zulu btw? Also, minor ke liye jitni us din mehnat ki thi, minor ke saare courses milake nahi ki hogi. Are you absolutely sure you want to play PES again?

Mayank Sultania : Give up hai bhai!!! The as always first line!.. Bhai terse maine chill marna sikha hai acads time pe bhi😂. Tu bhai ek din was phle phad ke macahta tha.. and apan ne jo Vipul bhai ki li hai na bey, alag level tha jahan mere initiate krke hi lagatar pele jata tha random theory and azibogareb logic and bhai Vipul ka motivation bilkul alag after that xD. Aur tere concepts ke kya kehne, exam ke last mein hi tu kuch na kuch aise chiz batata tha jo sayd kisine dekhi ya notice na kari ho! Mastt banda hai tu bhi and all the best for the future.

Divyadarshee Das : Ladha surely the first thing a person notices about you is your voice. Let me tell you that is not the only talent you have. Ok maybe the above is not a talent. People have said us about being droppers however you have always shown that you have that maturity which always acted as a mirror for us and helped us in many situations. Having said above you are not good when comes to courses neither grading nor course content. You helped us with the HR stuffs, which is how we all got our jobs. In terms of memory it is very difficult to forget anything since first the voice comes then visuals. Your dance(animals), ED, "ghar gaya tha", walking style, sigri with cab and many more. Be the way you are.

Prasham Agrawal : Abe ED kiya ya nhi? 😂 I still remember kya judge kiya tha bhai tune mujhe initially 😂. Really sorry for all that I said on Treat no.1, flow flow me bhot bol diya tha 😂. Probably we used to be the only ones who went to any extent of dank jokes without offending each other. Also, chemical me BC karke bhot khush hai na? :P Uber se Sigree chale kya? XD 😂😂

Himank Jain : Ladda, teri sabse best baat hai bilkul bhi offend nhi hota bhale saala kuch bhi bolde (Bhale hi koi aa k "What's Pronites?" ka lecture kyu na dede xD). Mast mizaz tension free insaan hai tu ekdum aur hamesa aise hi rehna. Bas thoda room saaf kar diya kar be and take more frequent baths please :P

Arsh Akhtar Ansari : Ladhaaa ED kiya kya. Sorry for ruining up your surname always on the server ek time ke baad yaad rehta tha but phir bhi bus fun ke liye pareshan karta tha. You are one of the most honest person I've ever met. Kabhi offend nhi hota until teri daaru ki bottle cheen li(Lol remember Sanket). Tere aur mrigank ke saath suddo ki sleep spoil karne ka alag hi fun tha. Kya logical thinking rehti bhai teri life ke liye. Aise hi rahiyo. Bas extreme drinking thodi kam kar de and thoda hygeinic. PS- I still think Malang was bad :P

Adarsh Rathi : laddhe, bhai tere saath jo click baithta hai uska ek reason hai - apan dono ka straightforward attitude and same tattti dept :p, which helps us bitch about the profs together. Utsav treat ke liye thanks, pata nahi kya din tha wo jo tu maan gaya. Tujhe pata hai, apan same wing mei ho sakte the, sirf 2-3 minute ke liye hug diya tune, I am sad about it. Well, final year mei still we had a good interaction and also, sometimes because you didn't had a room and always came to Vora's :p, bhai tu jitni mehnat kiya hai respect hai - pehle BC, phir acads, phir MI, phir placements, exam ke last minute mei prep karne hamesha idhar udhar jaata tha. God there are so many good memories, thanks for everythin

Maitreya Khandagale : Ladha sir was the reason I got to be onstage with Aswekeepsearching so that's something I could never pay back honestly. One of the best smiles around in the Madhouse maaan

Arush Gupta : Sir _/_ Bhaiya kaise kiya? Firse karo plzzzzzz Hahahahaha <3 I am don. Yaad rakhna (that I am don).
