Risha Agarwal : Dear Bisso, I'm glad that academic council happened and gave me a friend who was always there by my side throughout Sophie year, H7 plans ditch kar diye but I forgive you for that now 🤔🤔🤔 I still remember all those insti walks and I will never forget Te3n!!!! I hope you machao a lot in life like you already are. I'm so proud of all the hardwork you put in throughout your academic stay!! Good luck in life 💖💖💖 Te3n always!!!!

Nautatava Navlakha : The only person in insti jo din me kitna bhi milo, koi kaam ho na ho, saamne se "Yo!" The ideal for the nosy indian aunties, who always has some secret intel or info about any stuff going on in insti. I still remember the series of "treat" nudges you used to give me and I kept postponing them. Ab no postponing, jab bhi milenge, pakke se challenge. Tab tak ke liye see ya!

Shruti Iwanati : Freshie year mein agar kisi ki bhi bare mein pata lagana ho toh Pujan sahab ke pass sabki Kundli hua karti thi (rank+history +geography +gossip). Last year etne sahi dost bann gye apan ki do-do group projects mein sath they. Teri or Dubey ki H16 wali speech ke liye thank you so much <3. Ab Stanford ja kar logo ka database banana and khub machana. Best of luck and will miss you bro !!!

Krishna Wadhwani : Yo bro!!! I still vividly remember that day in hostel 7, when Rashford scored that penalty and we absolutely lost our minds, shouted and hugged. Will always cherish that United bond and really dank and disturbing memes you share (:p). Cheers and all the best for the future (know you will do as well as ever) ♥

Kushal P Yadav : Ter senti pehle di chuka lol xD #such_coincidences :p

Shubham Punjabi : Bisso man! Yaad hai day 1 mein apan gaye the gullu canteen, tab it was more like dhaba. Tab se lekar abhi finally football khelne tak, we have come a long way man. You are one of the person in aero who is always ready to help others, be it acads or placements. Still remember jab tera crucial Univ admission process chal raha that, and you were standing there in H16 for our placements daily. I have heard ki Californian summer is the best, bas to room reserve kar ke rakhna. I will always be proudly saying to everyone ever, ki humara batch mein bhi ek bache ko propulsion mein enthu tha..and vo Stanford se Phd kar raha. You couldn't have made Aero 2020 any prouder. Let's have a treat soon 😊

Nitish Joshi : Yo Bisso! The most fun part about EnPoWER was meeting and hanging out with y'all (although I did miss quite a few meets :P). I'll always remember that night-out we all had in Hiranandani where we discussed a lot of arbit stuff and got to know each other much better. You are an extremely helpful, fun and social guy who manages to excel in acads & research at the same time - I seriously admire this skill of yours. Baaki I'm sure tu Stanford me macha dega and let's stay in touch!

Varun Patil : Pujan sir, very literally the first person I talked to in insti <3 <3 <3 Hanging out in the library studying for our very first midsem to throwing a sada kela on your arm (:P) and discussions on H7 rooftop, insti life wouldn't have been the same without you. Aise hi machate raho and let's go on a drive across California some time :P <3

Varun Sule : Remember the first time we met? 22 July. You know it as well as I do, we judged each other pretty hard that day XD. Remember the time we got lost trying to find our way to LCH. I'm grateful for that day having set the foundation for the solid relationship we've built. I've spent some of the fondest memories of freshie year in your room, and while with time came separation, I'm glad that didn't make us loose touch. I'm so proud of your achievements, personal and professional, and your sheer readiness to help others has moved me at times. Stanford must be proud to have you. Thanks for cheering me up on the 2 worst days of my insti life. Fire your blood up for the future (sorry for the bad pun)

Sriganesh N : Thanks for clicking my DP against the Targaryen backdrop xD. Design was an interesting experience and you were really easy and fun to work with, along with Patil. I admire your skill in handling conversations with the prof :D .Along with obviously being good at acads, you are a pretty well-rounded person with a wide array of interests. You started planning your career in the 3rd sem itself and see how it has paid off! All the best and may your Pujan Bhandar thrive!

Jinay Patel : My first fb friend of insti to being a part of unbreakable Motlu-Patlu bond.Right from freshie year tu humesha mere room pe rheta,Tum te3n ke nazar mere khane pe always. MA108 nightout,EDkarmo,IISc, apping,movies,late night walks,karmo treat,cycling down the hill.I want to encapsulate all these memories and keep it with me always.Thank you for always supporting, whether it's to stop me from playing cricket, from sleeping or padh le ab,aalas mat kar.The only thing I will regret about is that our one last time plans will remain scrappy. US jake bhul mat jana inn sab cheezo ko and roz kuch message share karte rhena, like we always do. Hopefully, will meet you on the other side.Yours sugla, Jinay

Ishita Shah : Hi instagram friend. I'm glad we finally got talking, and I shall put it down as one of the few good things to come out of the lockdown (hopefully? :P) Keep in touch while you're machao-ing at Stanford! :D and whether I'm in Mumbai or Cal (yes, still calling it that), I'll keep troubling you for street-food recommendations, if those places survive this pandemic *sigh* chaat marathon, yes please! Love <3

Atharva Jaipurkar : PJ bro♥ Bc sahi me 15 July 2016 ko jab first time tere msg aya tha tab laga nahi tha ki yeh banda itna machau hoga, 4 saal baad Stanford jaega♥ We got to know each other before college started, and fortunately ended up on the same floor! Quite a luck! Uske baad H7 me bhi same wing! Got to learn so much from you! Tere sath discussions alag hi level ke hote the bhai! Infi machaya hai tune, Japan, Singapore and now US! It is a result of your sheer hard work and determination! Never let go of these traits! Also, 'uss raat' koi nahi araha yeh dekhne ke liye dil se dhanyawad🙏. Aur bhai sahil ke sath wala prank toh epic risky tha! Par wahi baatein toh abhi yaad aarahi hai♥ Talking to you makes me realise how much we have grown in the past 4 years! Aage bhi aise hi connected rahenge! PS, matko ke liye apni feelings kabhi change nahi honi😊 Take care😊

Naman Aggarwal : Bisso! Yeah man, I look back at those days in the first year when we were in the Pratham satellite orientation together and used to discuss everything, first-year summers was also really cool. I miss that bond, there were some on and offs in our relationship but which one doesn't. When I was first getting to know you, I realised we shared a lot of common interests and ambitions and I felt I had a companion in my pursuit. I remember you teaching me just the night before AE152 midsem which I had no fucking clue about. Loved that Sherlock-Moriarty thingy. I feel that this is a long road and ours will probably intersect :p All the very best for Stanford man, kill it and make us proud..

Anusha Dubey : How can I tell here what you mean to me in just 700 words? Seriously! Was that even possible to sail through this journey if we both have not came across each other? 'Thank you' is an understatement for all the support I have got from you. Wo teri first year wali arrogance, acad coordi tenure me pagalpanti, matheran wali trip, sirf ek text par (kitni bhi baje) 1 km dur se 2 min me aajana, har exam ke pehle..pehle mujhe aur fir tere aur mere acads ko sambhalna, har interview ke pehle moral boost krna, har mushkil ka solution batana, har ladayi, har jhagda, alibaug wali trip, goa ki kabhi na hone wali trip, aur teri saari gaaliyan, nahi bhulungi main..jab tak hai jaan :) bas tu yad rakhna<3

Ayush Dubey : The ***** to our Meech and Tuch, you've been a constant bedrock of support over all the years. You have the most contribution in my 8.2 CPI and the AP (😎), and also the positive peer reviews 😊. Having been so close I still can't figure out how the hell you study so well and get perfect grades while goofing around throughout. The things you've done and endured, and the person you've become from your freshie self is what makes you stand out from everyone else. You always go out of your way to help everyone and such a giving nature I've not found in any other person by a mile. You're an overachiever all the way, Japan, Singapore now US! Being your close friend makes me proud and blessed. Insti wouldn't have been anywhere close to what it is for me without you. The discussions, the roaming, the outings, and the memories we've made perhaps can never be topped in my life. You've made immense sacrifices for us. The best way to summarize this: 'We two have had such happy hours together, That my heart melts in me to think of it.' Thanks a lot for everything and all the best in life! The CTO to my CEO 😊.

Pushan Bal : About the shaitan in me, I don't know what you are talking about (wink wink). I have known you for almost the entire time I have been in insti. You are smart and always eager to talk to new people and make new friends. I wish we had gone outside insti somewhere. NTU as a revelation for me. That is when I realised that we were absolutely incompatible as travel partners :p. There is a ton of respect for you man. I have no plans of ghosting mate. Thanks for lending me the money, warna meri fees kaise bhar pata mai. Stay in touch. We might have to see a lot of each other in the future so be ready for that. Cheers!

Bhatt Maulik Chunilal : Hey bisso, saale tune DD convert kyun nahin kiya? Koi toh chahiye na life mai inspire karne k liye. Koina Stanford ki teri stories batate rehna, usase motivate hota rahunga. Bhaiya itna kaise macha lete ho. Saying all these such a friendly person you're. Apni random walks in insti discussing literally everything. Philosophical discussions karne mai alag hi maja aata hain tere sath. Pura time enthu mai rehte ho aap aur sabki saari details rakhte ho. I will always remember jo tune mini punjab mai treat di thi. Kya random baatein ki thi uss din 😂. Random pose and expressions deke photo khichane mai infi maza aata hain tere saath. Won't forget the sunrises we enjoyed on the top of Sameer hill together. Bhai tere se bahot kuch sikhna tha, itna jaldi kyun ja raha hain. Please bina mile mat jana insti se. Ek last photo leni hain tere sath for a life time memory. Bahot miss karunga tereko 🥺 mumbai aate time insti aake mil jana hum logo. Aur haan apna Himalaya vala plan kabhi mat bhulna. Vo toh pura karna hi karna hain.

Pranav Pable : Pujan. Life me kaafi pange ho rahe the jab me H7 aya tha. Kaafi cheeze ho rahi thi aur lag nahi raha tha ki isse bahar nikal paunga. Tu un kuch logo me se hai jinki madat se aj me aachi jagah hu. Bahut kam log hote hai jo khud ake poochte hai ki, "Pable bhau sab sahi to hai?". Aise kuch hi log hote hai ki jo dosti ke liye itna time dete hai aur sunte hai. Tune kai bar mera hausala badhaya hai. Me hamesha iska abhari rahunga. Insti aya tha tab lag raha tha ki dost banenge ya nahi. Aur phir ab pichle char salo ko yad karta hu to har acchi yaaden tujh jaise dotson se bhari hai! I wish you all the best in your future endeavors. Tu perfectionist to hai hi. Mujhe poora yakin hai ki jaha bhi jayega vaha tu logo ki help karta rahega aur unke sath age badhega!

Sanjay Yadav : Four years of btech and we get to know each other so late, i seriously regret that. Earlier, all I knew, ki bhai isse bande ne 2 paper publish kardiye. Such a brilliant guy. 🤩 I remember you during placements. Always asking how are we doing. The way you supported us(specially Apoorve). Only because of you guys the environment was so positive there. I am so grateful for that. And the last department trip, bhai maza aagya. Cheers to those beers. 😊 Aur kaha football aur kaha cricket. Agar kuch comment bhi karunga ispe to joote padenge😂 You are great guy brother, aise hi machate reh 😊 Hope to see you soon👊

India me to paer jamte nahi tere, poori duniya ghoom liya 4 saal me tune. Finally, MS bhi macha diya. Aditya Patil : You're one of the most supportive person, irritatingly extrovert, room pe aake ulta letke RG karne wala, infi maggu and ever ready for outing/ food/drinks and a big time Targaryen. What I'll miss most is our outings (from department open day to SGNP), your weird faces in pics, taking up easiest tasks in group assignments and then lukkha katna, SGNP visit (that bus!), Kutch trip (RIP your muffler). Kutch trip was one of if not the best trip I've been to. Let's do another one some day. Time has passed as fast as your hairline has been retiring. I hope you achieve great heights at and beyond Stanford and I pray for your good memory :P. All the best!

Yash Kothari : Mr. Punjan Bisso. It felt like my wing in first year when I used to visit 6th floor. First year waali GPL me to daraa hi diyaa tha tune aur har baar naye naye weapons kahaa se jugaad laata tha GPL ke liye. 1st year me hum kaafi TT khele saath me and bohot padhe bhi saath me. 'My friend typed it for me' to kaise hi bhul saktaa hu me. Sule ke baad sabse epic photos tere hi hai mere paas and photos ke liye pose denaa to koi tere se seekhe. Muh fulaake photo kheechvaana bandh nahi karnaa tha yaar. Kutch trip me bohot maze kiye aur tune mast photos bhi kheenchvaaye bas tu EDM sunna seekh lenaa. Life me to tune itna machaa hi diyaa hai aur aage bhi machaate rahega for sure.

Mudumala Rahul Ravindra : '👉' remember when i asked what is that sign 🤔 . It was really wonderful 3 years as your roomie. Our over night talks and debates are best. TY for sharing snacks bro 😊. Those bengali songs are really awesome . The cycle rides during Dussehra is memorable one especially the Bengali style🤔. Thank you for always correcting my grammar bro🤔. Congrats and all the best bro , aur yaad rakna merko Stanford jaane ke baad 😊. There is still a lot to say bro and i will really miss your 'Yo👉' ♥

Last aero trip m tmlg raat ko 1 bje mere tent k ps padhai ki baatein krke bht disturb kiya aur fir trek kiya bhi nii. Hmari party reh gyi but hopefully milenge to ye krenge. Vihang Wagh : Ae Bisso <3 ! Pujan sir, Aapke ye pseudo-humble tactic me mai nahi fasne waala :P. Stanford jaa rahe ho aur hum gareebon se treat maangte ho aur first-world problem ki baat rahi toh tumhare bay area apartment ke rent bata dena, fir "debate" karenge. Tera attitude bahut pyaara hai, but ig jab itna machate ho toh ye attitude rakhna utna mushkil nhi nahi. Touch me rehena, US me milenge, mai tourist aur tu h1b :P. Tab ek-dusrer ko treat denge <3. btw Oblak is goat :P

Abhinav Jain : Yo Bisso, I remember the best memory with you to be that one meal when I showed you the scandalous pictures of well... you know :p . Also, Patil and Yash ko ek saath jhelna is not easy but thik hai manage kar lete hai. All the best for your PhD dude, macha dena and let's stay in touch!!!

Pradnesh Patil : Yo Bisso, The TA batch wouldn't have been so fun if you were not in it. I cant write as well as you but I wish I had stayed in aero because of the amazing time I had in my first year. I still remember the DIC classes and the amazing presentation you gave in the data class ;p. I have always been motivated by how focused and hardworking you have been in life. I'll never forget the random mess meets in 16 and even in 9 and the discussions we have had. Stay the same and bhul mat jana ;p

Prathmesh Shelar : Bisso bong, aisa lagta tha bong log chutiye hote hai (aur aise kuch profs bhi the humare), but fir tu milta tha toh lagta tha ki ek toh acha bong mila bc 😂😂 bhai wo epic discussion tha aur ye bc lockdown nahi hota toh aur bohot jyada hote... And gullu ke bahar ki duniya bhi bohot dekhi hai but mkc tu humesha gullu ke bahar hi milta tha bc.. aur you know apna tatti mess 🤔👦♂. Aapko bhi kaafi kaafi shukriya for everything ♥♥ aur bhul mat jana hume US jaake 🤔👦♂ "ho sake nahi" yaad rakhna bc humesha 🤔 always stay in touch♥

Naman Goyal : Kaafi mazey kiye 2nd yr tenure me, EnPOWER ke saath to special bonding hai meri. Kaafi badi galti ho gyi thi Handing over me to but kaafi memorable thi. Dubeys and teri bonding kaafi acchi hai aur FB posts dekhke real friendship dikhti hai. Kaafi machaate ho aap, you will be immensely successful, and touch ne rehna.

Chinmay Kalra : Pujan sir!! Woh H18 mess wali discussions were iconic, record kar leni chahiye thi 😂😂. From making jokes on profs to politicians, and of course ur Bengali ethnicity 😂, kaafi wide ranging topics pe discussion hoti thi. Aur bhai rehta tha main Malabar hills mein (now in Delhi actually) but I still am a 'gawar small town wala' at heart. We bumped into each other quite frequently in Gullu, but couldn't dine together even once. Aap bohot hi cool aadmi ho bhai. Waise hi rehna. Thanks for all those memories!!

Sanjay Khatri : Bisso bhai!! First year me your were our pseudo wingie. Bahoot masti ki apanne in the freshie year. We had very formal meetups from second year onwards but we both knew our fun sides. Feels really good to see you going to Stanford. Ja wahaanpe bhi macha bhai. Have great memories lekin humko bhulna mat. Stay in touch bhai ♥

Hetvee Marviya : Heyy Pujan, mere pseudo mentor hi ban gaye the aap, from aero mein BC karna ya nai ke decision se apping ke queries tak, humesha pareshan kiya hai aapko. And to go on to do something else in the end 😂 but thankyou for hearing my confusion out for hours and guiding me! Hope to keep on troubling you in the future with doubts, all the best ahead!

Vedant Ladha : Arre bisso! You are by far one of the most upfront and savage (in a really funny way) I've known, in spite of this, you are still extremely easy to get along with. 1st year mein toh constant touch mein the hum. The best thing about H18 was that I started seeing you H7 junta again on a very regular basis and some of the mess conversations were just epic. Bhai ITSP mein tune mere se kam kaam kiya tha theek hai? 😊 I still remember our orgie tenure :'), MB room mein 100 log saathme thuse hue, it was easy to get up at 5am because we couldn't really sleep haha. Sorry for ditching you mid-event haha, bahut neend aa rahi thi xD. Please please stay in touch man.

Adarsh Kumar : Yo Pujan!! I first got to know you from Surange *sighs* Same tut batch, same freshie year floor, same hostel and then part of the same major insti scandals :P Lol 2 major gossip ke sath apan kaafi closely involved the!! and it was so fun! Your dedication in whatever you do is so high! Academic Coordinator se lekar research and acads - its really commendable!! I'll always miss your gossips starting from "Are tujhe pata chala.." So much fun knowing you! I am sure you have a lot to achieve and all the very best for future <3

Arjav Shah : "Tez chalne se dimaag bhi tez chalta hai" xD I remember meeting you first during Jinay's GPL! It was crazy! Honestly I have no reminisce of working alongside in Compi but I do remember that treat :) Despite those heated FB exchanges in the 1st year summers, I am glad that things went uphill then on! I really enjoyed those regular greetings & short conversations we've had! Admire that jovial aura you carry with you! <3 Har cheez me machaya hai aapne insti me and that's just the beginning of the greater things to follow! Here's hoping that we've 'longer' talks now & keep visiting each other in the US! Cheers! Remember - Stanford & MIT are not rivals, so baat karte rehna xD

Vipul Ramtekkar : Yo broo! Tera passion towards your work is amazing and I always knew that you'll do big and this is just the start cause bigger things are awaiting! Arrey Transform Maharashtra ki team XD!! Apne mess discussions mast the bohot plus tum logo ke aero discussions sunne mein bohot mazha aata tha. Escape rooms aage bhi karte hai, hopefully kabhi real bhi kare. All the best & Keep in touch!

Himank Jain : Yo Bisso Bong! Let me start from here, we hated you in our freshmen year. Bhut pareshan karta tha saala tu xD. I vividly remember how you used to come to our wing and ask - "Bhai kitna course ho gaya" and before answering anything, you said - "Bhai tera toh pura ho gaya hoga, tuts aur previous years paper bhi xD" Kya best time tha vo. Sab ek dusre ki tang khichte the. But things have changed and our relation too. You have grown into a mature and very understanding individual. I know how much efforts you put into things which matters to you and I hope this stays with you forever.

Aayush Sharma : Yo Bisso Bong!! last year Aero ki dept trip par aate time jab sab so rahe the aur apan antakshri ke naam par bollywood classics gaa-gaa kar logon ko utha diye the ♥that was the best memory I can say we shared together. bhai ek cheeze hamesha dor se dekhi hai meine ki tu tere goal ke liye alag level harwork karta hai and finally achieve bhi karta hai 🙌aise hi ambitious reh kaafi aage jaana hai abhi to. yours, Sharmaji

Yagna Teja Reddy Velagala : Yo bro! I honestly am not getting anything to write here so let me tell you a lie...oh wait...I already did....we belonged to the same tutorial batch in our first year....and then our meetings became rare...we did spend time in H7 once...congratulations for getting what you wanted bro...wishing you the best of luck for your future<3

Also, cannot forget that awkward moment when I said Hi to Anusha and jsut didn't see you besides her :p

Adarsh Rathi : Pujan bro, Ami Kolkata. Tere aur tere efforts ke liye sabse jyada respect second year mei badhi thi, teri intern ki baat sun ke. Hamesha se hi bhai tu bahut mehnat karte aaya hai, although you say you don't, anyway, I hope you do the same ahead as well and ace in your endeavours. All the best! Keep in touch and commenting on my posts :p

Vikramaditya Patil : You were always focused on your goals from day 1. I respect that a lot. I admire your passion for engineering ad dedication to all that you do. I especially admire how you handled the person with mental health problems. I'm sure you are going to build some amazing tech. I would love to follow your work. All the best, and stay in touch.

Atharva Vijay Kanakdande : The go-to senior for all the problems regarding Aero! We've had a lot of good conversations, starting it from BB in my second year ("Japan jaana hai mujhe bhi" :P) to random H18 talks ("dual convert karaana hai" :P). Kaafi respect hai aapke liye. You really have the caliber to nail it in whatever you do in life, keep inspiring aise hi. Stay in touch!
