I have never met a person more hardworking, curious, kind, with the ability to instill confidence among the people around them. The recent “Prithvi Cafe” outing with Atharva, where I got high just by eating that amazing Natural Now ice-cream! Makar Sankranti in Surat was amazing yaar! I swear Gujrati khana kaafi sahi hota hai! You were my partner in crime in the B.Tech. project, that awkward silence though on the return journey from AGD Biochemical. Waiting for the invitation to your Ted Talk. Till then, keep me informed about your work at MIT & beyond! Stay connected! :)

Thanks for helping me pass those exams..aapke notes nhi hote toh nhp :P. It's always fun to interact with you be it acads, cricket and tv series ♥. All the best for the future and stay in touch :))

Pujan Biswas : Itna fast kyun chalte ho? I remember Kothari mentioning to me ki itna fast chalke efficient bante hai. But oh boy, more than all of that, you were always humble and had a positive attitude overall. I have always been a fan of such a sanguine persona, especially after Harvard scene. Aapke Viraasat sessions saare attend kiye hai bhai, Pt Ajay Chakraborty ko uske wajah se hi live sunn paaya!!Acads to bolunga hi nahi bilkul. Compi treat mei tum they yeh mujhe 4th year mai yaad aaya XD I won't wish you all the best because you need to give some of them to us :P Brief (because efficiency :P) mess talks were fun. We chose some very different paths since then. I am glad you could turn ChemE into an amazing opportunity, which is due in no short extent to your amazing work ethic and discipline. A proper mix of Machau and Maggu xD tab toh bahut gussa aaya tha, but in retrospect thanks for introducing me to Sharvi :P Wishing you all the best!

Sorry for having been off of whatsapp and messenger. I will get back to you real soon on that. Aditya Patoliya : You are someone whom I respect the most in insti. The way you have grown and achieved is just inspiring . First year na garba night ma pehli vaar aapde maida ta and since then you have always helped and mentored me especially in the second year when I was going through my lows. Thanks for being there during that time. Haji mare ghanu badhu seekhvanu che tamari pasethi. Will be in touch. Wishing you the best, always.

Prathmesh Shelar : Yo baba, kaise ho??😄, you are the reason why we used to go out in our first year.. humare trip planner.. aapke bina to itna awesome nahi ho pata then apna bbq bhi kaafi lit tha🔥 also wo humne try kiya tha "Reality of orientations" wala video banana jisme pranil senior banke aata aur fir hum use chappal fek ke maarte😂😂(complete nahi kiya kabhi bt it was fun)... Aapko dedication, hardwork ke liye toh sab jaante hi hai.. I really appreciate your polite nature baba... Maza ata hai baat karke.. I really miss aap ekdum jaldi jaldi chalke aate mess mai and then humare sath bakchodi karte.. I am really happy for what you have achieved in life.. and bade log hume bhul mat jaana kabhi..♥ Insti mi

Adarsh Rathi : Hi Baba, thanks to you, I can give an example of a god level machau person of my batch whom I knew closely. I have huge respect for your committment and hard work. Your notes have saved the life of many people. One thing I want to say this all the time I see you, the way you walk is like you are saving time, always so speed, makes me feel like, "Oh God why am I wasting time :p". It was great working with you, attending the same boring yet memorable lectures, and the mess time talks. Be the same humble person and the eager soul which I have seen everytime I have interacted with you. I wish you all the best for your future. I know you will do great. Keep in touch!
