**Syamantak Kumar :** Arey sir \_/\_ Ab to ig 6-7 years ho gaye apan ko mile huey. Pehli baar mile they yaad hai? Koi to trigonometry ka question discuss karte huey 😂. Bahut kuch seekha hai yaar tujhse, and abhi bhi seekh hi rha. Tera dedication and hard-work unparalleled hai, and your achievements are a testament to that. Bahut help kari hai yaar tune meri ye last 4 years mein. Itni ki mujhe lagta graduation ke baad kya hoga 😂😂. Cheers to the squash games, late night TT and foosball matches and random discussions. Needless to say, apan touch mein rahenge. All the best yaar, jab tu billionaire ban jaye tab sabko treat de dena 😊.

**Nilesh Sonune :** Yo Bansal !!! You are truly one of those ideal people in the insti which I look up to \_/\_ Kai baar sachme lagta he ki koi acads, sports, social life ye sab itne acchese kaise manage kar sakta he ! It was thanks to you that I learned touch typing and got into reading books in freshie year. I have always admired your curiosity to learn new things and your dedication towards the work. Tereko dekhke lagta he tu success ke piche nahi lekin success tere piche bhagta he...lol. Too bad we didn't get to have that paid poker round which you suggested but the other card game nights surely made up for it :D Life mein to tu bahut aage jayega bas hume bhul mat jana. Stay in touch bhai !

**N Jagadeep Sai :** // Debugging debug=1; if(debug){ printf("Many things to do pending, the wingee trip, and many more, of course we will do it later. "); } // Thanks from squashing the bugs and making me follow the format :P . I don't know what to write there are so many memories to cherish. Just don't forget like your room number lock :)

**Naman Jain :** Bansal!!! Thanks for the countless times you were ready to help, especially thanks coz teri wajah se meri atleast ek HS course mein dassi aayi (it was ES though :\ but whatever), and thanks AML endsem ke phle giveup na krwane ke liye. You literally are a person to look upto -- without your dedications, industriousness, work ethics and time management skills. You cast a strong presence in any kind of discussion and as everyone knows aage bhi bahut machayega tu. Bas rona kam krde (especially marks ke liye -\_- -- not that ab opporntities aayegi ;( ). Ofcourse touch mein toh rhege hi

**Sushil Khyalia :** thanks for treating mera room as apna room I guess. ngl massive respect to your work ethic tho and how if you take up anything give your all to it

**Aman Mishra :** Bansal sirrr \_/\\_ You are one of the oldest friends of mine. Still remember the first time we met :) Bhai I have great respect for you. I can't help admire your hardwork and excellence in the things you do. I have been greatly inspired by you \_/\\_. You are such an overachiever, yet you have always been so humble and down to earth. Let's catch up soon, abhi to kaafi time Jaipur me hi hai :).

**Abhiraj Sunil Kanse :** Bansaalll! NGL I was pretty shocked to be the wingie of air1 in first year. Puri insti life mein tujhe se jyda humble and down to earth person nahi mila. I still remember the freshiza video making competition, total backch\*di thi but bahut maza aaya tha! Poker, badminton, late night cricket aur bhi bahut sari game nights yad rahenge. I can't thank you enough for saving my grade in blockchain! MI concerts were fun last year, hope we get to go again sometime. Stay in touch!
