Akansha Keshariya : We met in hostel15.I think on mess table.You were so talkative😊that day I found a friend like me who can comfortably talk with anyone. Then I noticed your enthusiasm for every activity. You inspired me for that rangoli competition. And believe me, I really enjoyed. I hadn't participated in any activities till then. You are my one and only friend from other department. My friends (girls) always wanted to have a boy friend from SOM. I was lucky that I already had you, unintentionally. And that's why my roommate used to tease me by your name. You are always smiling, and I like it very much.Tumhare sath coffee or pina tha wo rh gya.I hope hm jaldi mile then we will definitely go for coffee. Gd
