

ADHIRATH KABRA

Electrical Engineering

Yearbook
2020

Anmol Gupta : Kabraaaaa! I still remember how you used to sleep with your eyes half-open in first year, and hum sab aaspaas aakar last rites karte the infi baar :P Aur kitne saare 'tatti' jokes maarta tha tu! XD But poore sem gaming karke last moment pe Robert Downey Jr. pull karne ka epitome tha tu _/_ Whenever I needed to feel like my existence had no meaning, I simply had to enter your room while you were gaming - kuch fark hi nahi padhta tha, no response, nothing, as if I didn't exist! :P But damn yaar, kabhi bore nahi hua tere saath - so glad that 5th year mein 2-3 hangouts (*ahem ahem*) bhi ho gaye :P Oh, right - Carrom Lord _/_ :P Chal, all the best for Europe <3

Mookund Sureka : The less said the better :p. If public nahi hota toh kafi kuch likh sakte the :). Hopefully A***** se jaldi mil pae tu. Koi kuch bhi bole teri driving mast hai :p. Jaldi wapas kahi ghumne chalte hai !.Ok bye

Sarthak Nijhawan : K-bruh! The one man responsible for getting half the batch into gaming. Can't deny, it's been one of best things I've ever done in my insti life. All thanks to you. Here's to all those late-night Elec rants, my occasional participation in late-night carrom games (& ur obsession with it), Kala & Bata's in-depth lifestyle analysis & comparison followed by the "AWE" moment of their sheer exsistence, "why Europe>India?" wale discussions, Kala's vivid lifelike imaginations of my guitar-strings and finally, to all those memorable moments we shared when we killed Kala in CSGO (Orgasmic). In short, here's to Kala/Elec & everything else. Hope you have a great time in Europe. Bhool mat jaana hume :) !

Electrical Engineering

Yearbook
2020

Satyam Mohla : You for the most part of my iit life have been the cartoon assassin avatar i see in games , like aapke freshie year me itne charche sun liye about CS GO and what not... I mean... its only been last year jab se we have shifted to same hostel and have been interacting... this is too late to have regrets to not having known H2 peeps, but I am glad that last year h18 was a chance to undo it, and I am glad we met. From crypto ka enthu to god level paintings banana to AoE, lage rehna! Tang ham aapko karte hi rahenge :D . I am very certain we're gonna see each other very soon.

Devyani Verma : Henlo fren. We first started our friendship with probably the pettiest little fight and then went on to become such good friends (!!!) I think you're a smartassssss and your antics are so adorable. We both are so depressed, it's funny at times 😂 Meri painting kab bana raha hai gaandu? Also milte rehna saale, mujhe bhi tere sath trip par jaana hai 😊 Thodi budget vali but hehehe saale ameer aulad 😊 I hope jeevan me jaldi khushi mile (and koi bahut special bhi *wink wink*) and till then keep slaying (those insects in DOTA) and entertaining me with your bakchodis. With lots of love, apki Deviyani 😊

Meeta Hassani : Saari problems ka ek solution "J1" Kbye. Miss me.

Ritesh Kumar : Bhai, thanks for introducing me to Jagerbomb, life changing hi ho gaya xD. And carrom game me kya mahaul banta tha <3.

ADHIRATH KABRA

Electrical Engineering

Yearbook
2020

Rohan Pathak : Bhai Kabra, I think tere jaise machau log bahut kam hi aate. Bina kuch kare hi fod deta tha sab mein. Respect _/_ I regret ki last year mein mai tere saath jyada time spend nhi kar paaya, but kuch bhi ho, tere paas aake dil khush ho jaata tha yaar. Aisa mai jyada logo ke liye nhi bol sakta. Aise hi mast rehna broo and aise hi hugte rehna :) Hope ki thoda aur time spend kar paaye saath mein :)

Soham De : Surprise Surprise , look who is posting in your yearbook xD Matlab tera naam toh hazaar baar suna tha freshie year mein courtesy Daddy 'Ek banda mast hain. apna room mein assembled desktop. next sem ayega exchange se. khelenge sab maza ayega' Finally kab mila yaad nehi but prob was January 4,2019, 1 am midnight in a cafe at Mahim. i had come straight from Airport with my luggage lol.I know kaafi bar pester kiya hain to play together and kaafi oddities bhi aya hain, but I am happy that its all clear :p That surprising but heart warming ping asking about guild and then now we both guild leaders on the way to make Meme Janta Party the best guild in the 7 Worlds :p Promise mssnger spamstop :

Raghav Khandelwal : Ek aur shot? Aap logo ke bina exchange pe kya hi fun hota. Still remember jab pehli baar mile the and apne vo 90dkk ka sandwich khilaya tha. Kaafi judge kiya tha us din to😂. But haan eu, spg/Malaysia ghar valo se jayada to apke sath hi ghuma hun me😁 Wish vo 'islands' vali trip bhi ho pati but no worries aage bhi aur plans banane he abhi to♥♥

Unmesh Raskar : DIM3N\$ION! Kitna Dota aur csgo khela bhai gg. Remember I met you first at my dept orientation, it was pouring rain and we took auto and talked about tb. You are very smart and kind and always soft spoken whenever I asked for help. Sorry for whatever scenes I made XD window mei lock hua tha tab video call bhi Kiya tha. Lucky to have such smart and machau wingies in my last year. Elec needs more pro gamers like you. You guys always maintained the wing ki chill level after some people brought it down (lol). All the best for future and stay in touch! Convo pe milenge jarur. Ggwp
