Yash Samriya : Bro! From ChEA lab to Design Project, level insanely badh hi raha hai difficulty ka! It was really fun working with you, all those Wednesdays this semester when we used to start design project work at 8pm and somehow manage to submit at 10:59am the next day was surprising! Fir all the design project presentations we have nailed together will be remembered! TL me baithke MATLAB codes likhne ka try karte rahte the ki atleast ek code chal jaye! Design project ke endsem ke baad wali party is pending yaar! Stay connected dude! :)

Abhay Tomar : Har friend circle me ek Marathi Banda ho to kaafi cheezein chill ho jati Hain. Hamare wing group Ka Marathi was sagare. Koi bhi problem ho, sagare ko bulao vo Marathi me Kuch to baat karta hai aur problem solved 😄. People must have noticed Tu bhot calmly situations handle karta hai aur kaafi logical bhi, but shayad hi Kisi me sagare ko itna Dara hua Dekha hoga jitna Maine Dekha tha jab ham dono ki overtaking ke liye police ne side me le Liya tha 😊. Bhai ke haath kaanp rahe the licence dete hue kyuki vo bhi Sahil Ka tha 😂. Us din bande me ek shabd Marathi me Nahi Bola hoga dar ke maarne. Jo bhi hai Banda to chill hi hai :p Maza aata hai Saath me.

Aniket Ranade : Are bhau namaskar namaskar. har baar help chahiye ho call kare to tu aa jaata tha. tere itna tough insaan maine kabhi dekha nahi yaar. Tune uss time bhi sab manage kiya aur tu har baar karega yaar. Placement ke time tujhepe gussa aaya tha thoda par maaf karde yaar. Kala ko thanks bolna chahiye mujhe apni mulakat hui unki vajah se :)
