Swati Meena : Thank you for teaching me Malayalam during TA duty (First person to take that risk, I will miss freaking out everyone) and saving me throughout the semester. I will write everything in Hindi, so that you can practice. Bahut bahut shukriya H-11 ki zindagi ko and placement mausam ko berang aur beras nahi banane ke liye, har parcel ko kam se kam irritation se receive karne ke liye (Even I can't use pure Hindi), Boring TA duty mein saath dene ke liye, har important updates dene ke liye and so many things. And the important thing is to call me when you finish entire food that you take on your plate. P.S Ellavida ashamsakalum and Idakoke vilikane :)

Irina Merin Baby : Sona... you are so sweet, simple and innocent...and I love your radiant smile... You were that cute senior of nitc... who I met in IEEE and church activities... And now in IITB H11... my constant mess companion... miss those endless chats at table, diwali, b'day parties... And of course plans for trips and MCA performance (corona effect)... All the best in your future endeavors dear... Will meet in B'lore...

P T Cherishma : You are my 'H11 Mess Buddy' 😄 we meet during breakfast, snacks and dinner almost every day.. 😊 I will miss all those chats that we had in the mess every single day.. Also, our discussion in the mess with the mallu girl gang about the MCA trips and programmes 😄 Wish you all the best for your future 😊 Keep in touch! 😊

Sancho Simmy Louis : Honestly the most delightful lightbulb that I have ever met !!!! You are one of the few juniors that I missed when I left NIT Calicut. I was really happy when I heard that we were going to be batchmates here at IITB. But, The little genius is graduating an year earlier :(#Patti . Will definitely miss you ! I hate coron for taking away your last semester. I couldnt even get a proper treat (Will compenate when you come for convo). Do not grow up and do not kill that sweet child in your head. Best of luck kiddo! Loads of love and chori , Sancho
