Chainika Chauhan : Hey dost!! In do saalo me, ek saal tak to mujhe ye bhi nhi pta tha kon hai ye mahashya!! Since we never interacted. NO doubt, you're too shy with the girls :p But kuch hi months me tu itna achcha dost ban gaya, unbelievable. ..As I interacted with you , I came to know that you're too emotional, soft-hearted , caring and a true friend of mine.... I have seen very few people like you who are always standing with their friends, their loved ones in every situation. Hope you get what you deserve!! Miss me!! Always stay in touch!!

Anurag Dwivedi : Yo bro.... the pet lover...You always take care of those cats (Chutki and her children) as you are their parent. You are such a pure and soft hearted person...Surely ,you will succeed in your life...stay connected.

Harishankkar GK : I have a confession..when we returned after our first semester, we saw each other in H8.but unfortunately I forgot your name..it happens with me often and I get very embarrassed when it happens.I tried to avoid so that u won't realise I forgot your name..at that moment Amrit called me for picking up a courier and he asked who are all there in the hostel..I tried my best to circumvent that question :D(since I forgot the name) sorry for that. I am not a fan of pet animals but I was impressed with the way you took care of the cat and the kittens..that was self-less..I wished we talked more..I like the way you silently go about your things..and u r such a passionate sports person..all the best!

Vishal Vishal : Mere Dost 😊😊.... Hmari dosti ki shuvaat kha se hui.. I don't know about that. But at the end.. I found a sweet heart , very dedicated and backchod friend. Missing tere room main call me duty khelna...

Rohit Kumar : Nehal bro, the goalkeeper, the father of chutki (remember?) 😊. You look kinda shy type guy (an old rohit 😊). I tried many times to have some beautiful conversations with you but I couldn't, but sometimes we talked. Bro hasta khelta rha kar, ak hi jindgi mil h 🤔.... But I can surely say bro you are a real guy in this fake world. I wish I could have more conversations with you...duao me yad rkhna bhai... I wish you all the best my bro for your future endeavor. Keep smiling and rocking 🙌💙🙌

Marnya Lomi : Dear sadmake bro!! You a gentleman. A caretaker. Your love for cat is immense. And dog? I saw you chase one of them one. Back in H8 to protect the kitten I guess. Hahaha. Whenever I approached you with anything I found you giving my words a genuine thought ,consideration and responding it like a wise man. The way you view the world is unique. (Though , I haven't talked to you about it, but I can see) . You are a warrior and I know you shall keep on fighting whatever arm the future carries as an opponent. Be strong. Keep in touch. Will miss you always.
