Aryan Aryan : Yo Charith!! Just like other H2 ppl, most of the time we met in mess only. Well, I won't do much sentiyapa with you, considering that we are gonna go together to Vancouver! Cheers bro!! 😊

Goru Meher Ritesh Kumar : Hey Charith, You are the best badminton partner, and I think we made one hell of a team. I can't thank you enough for introducing me to Squash. Although it's a shame that COVID-19 spoiled our daily game plans, I'm glad that I joined you guys. I wish I had spent more weekends playing Squash with you. Good luck with your future ventures!

Praneeth Edubilli : Hey Charith ! Last semester wouldn't be the same without you. You, me, Mayank, Rahul and Suraj. Oh! we had a lot of fun playing Baddy together. I really wish we had few more weeks to spend and play, but unfortunately we couldn't. Best of luck on your new job and have a good day!

Rahul chunduru : Always admired your simplicity n consistency.. and later on, your athletic skills too. You are the one person I can always rely on in any course project (lol, if you had not been already taken (^_^)'). I thank you for all the good times we shared. I will remember the late-night hackathons (from yahoo to hash code, oofph), beach walk, projects and ofc the epic badminton matches (atleast they were to me).. I was almost reaching your level yrr... Wish you all the best in future and let's keep in touch.
