Mudita Rana : You've been my sunshine on all rainy days, the calm to my chaos. 4 years with you passed by so quick!! I miss the hogging sessions with you more than anything right now :(you owe me for eyeing and eating everything in my room :p Gonna see you soon. Don't ever lose that innocence and passion of yours ♥

Pranav Sankhe : Thanks for helping me see the wonderful things around. You look at someone long enough and you discover their humanity and what I saw in you was a glittering ray of sunshine, the existence of which I was unaware of. The time spent with you was like strolling through an overgrown forest with the wind in my hair and flowers in yours. Thanks for sharing your hopes and dreams, joys and sorrows, recurring habits and pet-peeves. Have an amazing year ahead in insti. Best wishes!

Swarali Ghodkhande : Joviii♥ You are one of the strongest women I have ever come across in my life. The amount of positivity you radiate is incredible. You are an epitome of goodness and kindness. I am really looking forward to our US trip and future. Please stay the same cute little princess 🥰

Risha Agarwal : Dear domi partner, I fall short of words to describe the amount of respect, love, and more respect I have for you, and it only keeps increasing. I have never before in my life met someone who's as hardworking, innocent, honest, compassionate, and considerate as you are. You've brilliantly conquered any fear you had in you, you've moved forward and run forward and be the best version of you, and have grown so graciously along these 4 years, that it inspires everyone around you. Life could throw literally any test at you and I know you'll come out of it stronger than ever before. I love that along with all this, along with yourself, you've also taken ahead everyone around w you. You taught me so much about life, that I can't imagine being me without you in it. I'm really really proud of you Jojo, and I'm always going to keep you vvv close to my heart. Please keep writing, loving, and being who you are 💖💖💖💖

Ashi Gupta : Hi Jovina, these 700 words will be short for writing for you♥. Your optimism, ambitions, figuring out solution for any problem, helpful nature, are some of many things I admire. Gradually, we became good friends, and you are the only person in insti who know all my secrets😊. Thank you for listening me so patiently! Lots of love♥, Have a bright future! Hope to stay in touch with you!

Kesha Tamakuwala : Jovinaaaaaa <3 tujhe jaanti bhi nahi thi tab tera likha hua kuch padha tha and I remember thinking how amazing this person would be and teko jitna jaana usse pata chala tu aur bhi amazing hai <3 Tu likhti hai vo sab padhke bht zyada inspire hoti hu aur shayad vaapis likhne lagu, jab likha tab pakka bhejungi! tere jaisa combination of shy and fearless maine kabhi nahi dekha and bht zyada zyada khushi hoti hai jab bhi teri life me kuch accha hota hai! I hope you get to touch all your horizons ;* Stay in touch

Adarsh Rathi : Jo, my cute friend <3. How can I forget how we started talking(studying :p), and how can anyone forget "the girl on the first bench" your presence was so warm and I always felt so good around you, because you never questioned my straightforward(rude) attitude and I didn't had to explain things to you. your texts and self-nicknames were very cute and friendly. You have praised me so many times and honestly, I like that because its so sincere, LCH sessions were awesome and yes, the wedding gate crash. You motivated me many times, I think I never said that. One thing, I want to tell you is that don't worry so much about small things, for you always will be the best Keep in touch Your kiddo <3

Aayushi Baheti : I remember you standing outside the corridor with your hands folded praying for me, asking Parwal if my interviews are going fine and if I am okay. I remember you waiting for me in my room after my interviews, only to tell me that you believe in me, and this isn't the end. I remember you sleeping beside me everytime I was upset, comforting me like my mom. You cried with me during break-ups and celebrated my patch-ups. You have been there throughout, and I will never be able to thank you enough for staying there. Waiting for the day you achieve your dreams and fly high. I love you freedom♥ You my ☀️

Rushabh Vora : Hey kiddo😄! Aajkal Netflix kids section me kya naya chal rha hai waise😭😭. You are very sweet, innocent, hard working, and "maybe" the most important person to me from the team😄. Thanks for pushing me again and again to go for OC♥ and age se koi bhi baat ho sidha bata dena, no point in keeping it with you for so long. We have many memories from AZeo but the captions wouldn't have been the same if it wasn't for you😄. Your writing skills are outstanding 🧐. You are the only person jiske saath mene mail pe chat kiya hai 🤔. Hoping you all the best for your future (firse accident mat karvake ana🙏) and hopefully you will stay in touch, the only bandi who gave me bhaav on Valentine's Day😄😄

Harshita Verma : Hi Jovina!!!! The best part about you girl is the way you wave a hi from distance and with that best smile of yours 😄. Also you're a very polite person n it was always a treat to have a conversation with you 😄. I remember we having lunch in the mess and you so casually mentioned about your accident 🙏...you better not end up in such situations again😄... I wish we would have interacted more. Wish you all the luck for all your future endeavours and a healthy-accident-free life 😄, do stay in touch 😄

Pranil Jain : Jovina, yaar I really envy you for the kind of person you are. The most selfless, kind, empathetic, generous person that I have ever come across. Coaching main toh tu maggad thi toh baat nahi hui lekin ab dekh, kya smart bana diya hai teko maine :P. 4 saal main meri life ke har turning point main tune meri help ki hai and you always wished for my good more than I did. Thankyou bolunga toh chota lagega par jab teri first book publish hogi toh pehli signed copy pakka main lunga and kabhi bhi kuch bhi ho, I am right there for you and all your cheese bursts on me as well :p See you soon Till then keep crying because you are best at it :p

Devyani Verma : Hi Jovina! The day you texted me for that lil dilemma you had, since then I have always felt so protective about you! We didn't interact much in the course of insti life but I was always watching you from a distance. I knew you had the best set of people in life and one of my fav (my own bestie) one was Dhruv so I knew you were in good hands! I hope you conquer each lil fear you have with that unshattering persistence of yours and all the best for everything in your life! I am so proud of you :) Lots of love and power to you!

R Sucheta : Ek saal ruk tu.. :*

Akshay Bhamare : Hey Joe!! I'll always cherish our long walks in winters ending with maggi and ice cream at Amul having some of the best conversations of my insti life. Thanks for always being there through thick and thin. You are so innocent, kind, hardworking, lively, cute kid with a big heart that always chooses to see beauty over scars in everyone. You are incredibly good with words, keep sending poems, I love them. You'll always be an important person in my life♥ I am sure you'll scale great heights in research; have fun in the US & return safely this time :p

Rishika Gupta : JoJo! I get the credit of this nickname ♥ It's been a long journey since freshie year and so much has changed since then. We were poles apart in terms of interests and choices and yet we managed to bear each other. We have become much more mature now. Thanks for being the most supportive and adjusting roommate I could have ever asked for. You have a heart of gold and soul of an angel. 😊 You can laugh and giggle with almost everyone but it needs a special someone to cry in front of. Thanks for being my pillar throughout. 😭 Prof banne ke baad bhulna mat and stay the same always and also stop sacrificing for others. You deserve the best. 🙏

Bhadri Narayanan R : Jovina! I like how you are always ready to learn things even in final year of college :P I'm sure this would take you to greater heights in your life. Oh and don't let Mudita bully you hence forth.. Lemme know if you need any help in defense XD I have admired your beautiful words and wish you write more in the future. Stay kind and spread love like you always do :)

Ritesh Goenka : Jovina, I too am glad that we became friends. You are one of the sweetest and bravest people that I have met during my years at IITB. I have read some of your writings and at the very least, I would say that it takes a lot of courage and creativity to be able to write as you do. And doing the NSS stuff was quite fun with you. Netflix kids section se kuch achhi movies bata dena :P. Never stop doing what you believe in and stay in touch :D

Thanks for trusting me to let down your guard and always being there for me for support. Literally, you need to get an award for that. You are emotionally one of the strongest persons I've ever met. Your dedication to research and your ideas about teaching are prodigious and I wish I had those; you really care about research, and I really love it when you tell me about it. I love all of our conversations; I know I've been in my head for the last couple of weeks - but I do not want to lose touch with you at all, and all I want to do is learn about your ideas and your research (if you're willing to tell :P).
